

# OUTDOOR SELF GUIDED TOUR

Print this or use on your phone!

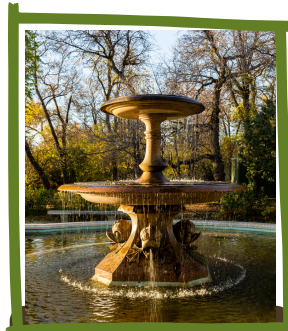

We hope you enjoy sight-seeing on our outdoor tour! There is no particular order to this tour, and all sights, statues, and memorials are located close to the Legislative Building and around beautiful Wascana Park.

While walking around Wascana Park, please be respectful of the wildlife.

Stay safe, and enjoy the sights!

Parliamentary Education & Heritage  
Legislative Assembly of Saskatchewan

TRAFALGAR FOUNTAIN

Gifted to Canada by the National Art Collection Fund of Britain, this fountain is one of two in Canada that once decorated Trafalgar Square in London from 1835-1939!

THE CORNERSTONE

The cornerstone of the Legislative Building was placed in 1909 by Lord Earl Grey, Governor General of Canada. Placed inside the cornerstone was a time capsule, which contained a newspaper, bank notes, a bible, and public accounts of the province.

WALTER SCOTT STATUE AND LANTERN

Walter Scott was Saskatchewan's first Premier, and the visionary for the Legislative Building. On top of the dome of the building is a lantern that still shines when the assembly sits at night.

AROUND THE LEG

HERITAGE STATUS AND TYNDALLSTONE

The Legislative Building of Saskatchewan received National Heritage status in 2005! This plaque is on the front of the building. Take a close look at the Manitoban Tyndall stone: there's fossils all over!

QUEEN ELIZABETH II GARDENS AND BURMESE

The Queen Elizabeth II Garden was dedicated to her Majesty during her last visit to Regina in 2005. The pattern and flowers change each year. At the front of the garden is a statue of Her Majesty on her favourite horse (a gift from Saskatchewan!), Burmese.

ALBERT STREET MEMORIAL BRIDGE

This 256 metre-long bridge was a relief project during the Great Depression, and was dedicated by Premier J.T. Anderson in 1930 as a memorial to fallen soldiers of the First World War. It's been touted as the longest bridge over the shortest channel of water.

SASKATCHEWAN WAR MEMORIAL

This memorial displays the names of Saskatchewan people who gave their lives in service to Canada. It pays homage to over 2200 people from WW I & II, the Korean War, military training and peacetime operations. Names continue to be added as necessary.

SPEAKER'S CORNER

This monument is dedicated to Saskatchewan's heritage of free speech and assembly, and people who have upheld it. The birch trees around the cairn are from Runnymede Meadow in England - where the Magna Carta was signed by King John in 1215!

AROUND WASCANA CENTRE

TOTEM POLE

This totem pole, of Kwakiutl First Nation design, was carved by Lloyd Wadhams and commemorates the 100th anniversary of British Columbia joining Confederation (1871.). B.C. gave a totem pole to each Canadian province and territory to celebrate the occasion.

HOLODOMOR STATUE

This is a replica of the statue at the National Holodomor Museum in Kyiv, Ukraine. It is a memorial to the millions of Ukrainian people who died in the man-made Holodomor famine between 1932 and 1933. Approximately 1 in 5 Saskatchewan people have Ukrainian heritage; many Saskatchewan families were affected by the Holodomor famine.

This statue of nurse and teacher nuns commemorates the courage and commitment of religious women in Saskatchewan who helped in the establishment of these essential services in their communities.

SISTERS LEGACY STATUE
