JOURNALS

OF THE

LEGISLATIVE ASSEMBLY

Province of Saskatchewan

SECOND SESSION

NINETEENTH LEGISLATURE

Regina, Thursday, November 29, 1979

3:07 o'clock p.m.

The Clerk advised the Assembly that Mr. Speaker would not be present to open the sitting. Thereupon the Deputy Speaker took the Chair.

Mr. Speaker informed the Assembly that he had received a communication from the Private Secretary to His Honour the Lieutenant Governor stating that His Honour would open the Session at 3:00 o'clock p.m. today, Thursday, the Twenty-ninth day of November, 1979.

3:09 o'clock p.m.

His Honour the Lieutenant Governor entered the Chamber and, having taken his seat upon the Throne, was pleased to open the Session with the following Speech:—

MR. SPEAKER,

MEMBERS OF THE LEGISLATIVE ASSEMBLY:

It is my privilege to welcome you to the Second Session of the Nineteenth Legislature of Saskatchewan.

This Session will bring my Government into a new decade, a decade we anticipate with confidence and enthusiasm. The past decade was one of continual growth and prosperity for Saskatchewan. We are confident that the 1980s will see that growth sustained.

CELEBRATE SASKATCHEWAN

The year 1980 is our 75th anniversary as a Province. Two years ago my Government established the Saskatchewan Diamond Jubilee Corporation to make plans for celebrating the event.

The Jubilee Corporation and the Celebrate Saskatchewan Committee of Citizens will assist local communities in initiating projects and will provide staff to co-ordinate activities.

Celebrate Saskatchewan will have some formal activities, but its main emphasis will be on communities, where people of all walks of life will honour the past, celebrate the present and plan for the future.

CANADA

As we enter a new year and a new decade, we are conscious of the great challenges facing our nation.

For Canada, the 1980s will be a decade of decision.

Next spring the people of Quebec will vote on their government's referendum. Whatever the outcome, my Government will remain committed to a strong and united Canada. My Ministers have consistently stated that in a united Canada there is no place for sovereignty association. They have also maintained that the status quo must be changed in favour of a new Confederation bargain that will better meet the needs of all Canadians.

We will continue to play an active and constructive part in the building of a renewed Confederation.

Federal-provincial relations continue to be an increasingly important part of governmental activity in Canada. My Ministers have had a number of meetings with their counterparts in the new federal government to discuss economic development, agriculture, transportation, communications, oil pricing, and other matters.

My Government looks forward to working with the new federal government, and will continue to promote Saskatchewan's interests, and the interests of Canada, in a constructive and vigorous manner.

CANADIAN ECONOMY

In the immediate future, the prospects for the Canadian economy are not encouraging.

Although unemployment has moderated recently, improvement is likely to be temporary.

Inflation still plagues Canadian families. The impact of soaring interest rates has been especially severe on farmers, small businesses and homeowners.

SASKATCHEWAN ECONOMY

In contrast to the national scene, Saskatchewan's economic prospects are bright

In 1979, grain crop yields fell some 25 per cent below the record levels of last year. But because of the good quality of the crop and strong world prices, farm cash receipts increased. Personal income in the province increased faster than in the nation as a whole. In addition, strong investment activity helped to keep Saskatchewan's unemployment rate among the lowest in Canada.

The provincial economy is not immune to the effects of high prices and high interest rates. However, prices for farm products are expected to hold firm. The mining expansions now in progress will add to export earnings. Accordingly, while it will take some time for the effects to work through the economy, prospects for income growth in the early 1980s are promising.

The provincial population is expected to grow as more workers and their families are attracted to the province.

AGRICULTURE

Saskatchewan has some of the world's most productive farmers. The inability of our transportation system to deliver, however, has forced the Canadian Wheat Board repeatedly to turn away international customers.

My Government will introduce legislation to continue the Saskatchewan Grain Car Corporation which will purchase 1000 hopper cars, at a cost of \$50 million, to be placed under the jurisdiction of the Canadian Wheat Board. These cars will move an additional 60 million bushels of prairie grain per year.

The cars will be manufactured at Canadian plants. The purchase will be financed from resource revenues, a direct return to the farmers and people of Saskatchewan of my Government's resource policies.

With renewed determination, my Ministers will act to protect the basic rights of farmers: equal opportunity through orderly marketing, and equal rate for equal distance through the Crow Rate. These are the bases, not only of our economic prosperity, but also of our healthy rural communities — a social structure unique to Saskatchewan.

We are increasingly concerned about the federal government's indecision on the Crow rate. We are pledged to support the Crow rate and will oppose schemes which transfer additional costs to farmers.

The Canadian Wheat Board predicts that sales will increase by 50 per cent by 1985. A corresponding increase in production will require research into soil salinity, crop rotation and weed control. We must seek to increase production without an over-reliance on pesticides and chemical fertilizers.

We will press the federal government for income stabilization programs for the cattle producer and the hog producer as well as for the grain farmer.

ENERGY AND MINERAL RESOURCES

My Government will follow its present policy of managing the development of energy and mineral resources for the economic and social benefit of Saskatchewan.

The production and sales records set by the potash industry in 1978 will be surpassed in 1979. World demand for potash is expected to increase steadily in the next decade.

The Potash Corporation of Saskatchewan's expansion program will assure that this province maintains its share of the world market.

Petroleum development in Saskatchewan is increasing dramatically. More than a thousand wells have been drilled in 1979.

We are pleased by the very high level of exploration for heavy oil and by the efforts made to develop and improve existing recovery technology. We will continue our current incentives to encourage further development in heavy oil.

My Ministers are giving high priority to maintaining an assured supply of petroleum products for Saskatchewan farmers and consumers.

As oil exploration intensifies, my Government remains firmly opposed to the federal government's proposed dismantling of the one publicly owned national oil company in Canada. We believe that the role of Petro-Canada is too important to be lost, and will press this view on the federal government.

Exploration for uranium in Saskatchewan remains very active. Mines at Uranium City and Rabbit Lake shipped uranium valued at \$260 million in 1978. The value of shipments will be similar this year, and should increase when the Cluff Lake mine begins operation in 1981.

Through the Saskatchewan Mining Development Corporation, my Government has the option of public participation in new mines in Northern Saskatchewan. As of July 1, it was involved in 245 exploration and development projects. Thus we are assured a public presence to monitor and control events at each stage of mining development.

My Government recognizes that some of our future ability to provide energy depends on our present ability to conserve. During the upcoming Session you will be advised of new initiatives to assist Saskatchewan citizens to save energy.

NORTHERN SASKATCHEWAN

In Northern Saskatchewan, my Government will continue to implement the major recommendations of the Bayda Commission.

We will maximize the benefits to northern people, and to the people of Saskatchewan, while minimizing the costs of such development as much as possible.

Very recently my Government entered into an agreement with the federal government which will provide funding for the development of industrial parks like the one recently announced in Creighton. *The Northern Economic Development Act* will be made more responsive to the needs of northern people.

My Government will place an increased emphasis on support to northern schools. Greater attention will be paid to the training of northern people in resource development skills so that more people will be able to take advantage of employment opportunities in the North. The Department of Northern Saskatchewan, through its newly created Manpower Secretariat, will closely monitor mineral developments to make sure the developers meet their northern hiring commitments.

Capital construction in the North will continue at a strong pace.

ENVIRONMENT

During this Session my Government will propose an *Environmental Assessment Act*. This Act will require that full consideration be given to the environmental impact of any project and that necessary mitigation measures be established.

Our province will thus continue to have Canada's most comprehensive and open assessment procedure — a procedure that is applied to both public and private developments.

This Assembly will be asked to consider amendments to *The Department of the Environment Act*. These amendments will provide statutory requirements for reporting spills of hazardous materials and taking prompt clean-up action.

HEALTH AND RECREATION

Improvement of health care facilities remains a major commitment of my Government. With this is coupled a growing emphasis on maintaining health, in part through more opportunities for healthful outdoor recreation.

In the current year, a Health Protection Division has been created within the Department of Health to investigate environmental health hazards.

One of our main interests in the coming year will be to improve services for injured workers and the handicapped. In this regard, we await with considerable interest the report of the Task Force on Rehabilitation.

Hospitals in Saskatoon, The Battlefords and Regina will be improved further, and renovations will also be made to medical facilities in smaller communities. Community Hospitals at Carrot River and La Loche are expected to be completed in 1980-81.

In recent years, the number of Saskatchewan people seeking recreational opportunities in provincial parks has increased dramatically. Over the same period, participation in a variety of winter recreation activities has flourished.

My Government believes this growing interest in the outdoors is a positive move toward a healthier society. We are giving special attention to our parks and to the adequacy of their recreational facilities.

SOCIAL SERVICES

In the coming year, my Government will continue to improve and expand social programs.

We will place particular emphasis on improving employment opportunities for low-income individuals and families.

Over the next few months, my Minister will undertake a major evaluation of our day care program. This evaluation will give direction to Saskatchewan day care by suggesting better methods of community and parent participation.

My Government will expand and develop the new Home Care program. This program provides services which enable the elderly and the handicapped to remain in their own homes. It will be one of the most extensive and comprehensive programs of its kind in North America.

My Government has taken steps to provide special facilities for handicapped citizens in its newer public buildings. The Department of Government Services is currently surveying all provincial government buildings to assess the need for additional provisions for the handicapped. The specifications set by the Department will apply to all provincial government buildings, and it is our hope that they will be adhered to voluntarily outside Government.

EDUCATION AND CO-OPERATION

Saskatchewan has long been recognized for the high standard of education provided to our province's young people. To maintain and improve that standard, new initiatives will be taken in 1980.

The social studies curriculum will be revised, and other aspects of the school curriculum will be evaluated.

The special needs of Native students will be further recognized through new initiatives to be developed in co-operation with school boards and native organizations.

The problems arising from the declining size of the school population will be examined co-operatively with school boards and teachers. This examination will give particular attention to the special needs of smaller rural schools.

The strength of Saskatchewan's system of provincial teacher bargaining was confirmed again this year, with the conclusion of a new contract. In particular, the contract provides for secure and equitable pensions and other benefits into the 1980s.

You will be asked to consider amendments to *The Teachers' Superannuation Act* and *The Teachers' Life Insurance (Government Contributory) Act* arising from the successful conclusion of these negotiations.

Saskatchewan's community colleges and technical institutes are facing sharply expanded demands, arising from rapid economic development.

My Minister of Continuing Education is concluding a review of technical and vocational training in order to identify new training needs and new training approaches.

Post-secondary education and training programs will continue to recognize economic, social, and environmental needs, as is illustrated by the creation of an environmental monitoring course at Kelsey Institute, and a radiation protection course at Saskatchewan Technical Institute.

In our Jubilee year, my Government will promote student tours and youth seminars to educate young people on the role of co-operatives in our society. We will also observe a Co-operative Week in recognition of the importance of co-operatives in our history and in our economy.

My Minister will continue to offer co-operative resource materials to the educational system.

JUSTICE AND CONSUMER RIGHTS

Steps will be taken in the coming months to improve the court system in Saskatchewan. Five objectives will guide the changes to be introduced:

- Uniformity of Service
- Expansion of Service
- Simplification
- Accessibility
- Efficiency

You will be asked to consider legislation consolidating all security-related statutes in the form of *The Personal Property Security Act*. Legislation will also be presented to revise *The Jury Act* and *The Libel and Slander Act*.

My Government will place before you measures to strengthen consumer rights and consumer protection. These will be proposed in amendments to *The Department of Consumer Affairs Act* and *The Consumer Products Warranties Act*.

INDUSTRY AND COMMERCE

Saskatchewan's businesses and industries have expanded and diversified at an unprecedented pace during the decade of the 70s.

To maintain this momentum, my Government is helping Saskatchewan businesses, industries and communities to take full advantage of the many opportunities created by the development of the Province's natural resources.

The Industrial Benefits from the Resource Development Program is assisting local businesses and industries to supply products and services required by resource development companies.

The Small Industry Development and Product Development Programs are encouraging manufacturing companies to expand and develop new products

The Main Street Development Program is assisting smaller Saskatchewan centres to revitalize their business districts.

Marketing support is being provided to Saskatchewan industries whose wide range of products — modern electronic equipment to farm machinery — are now sold around the world.

Saskatchewan business people and their entrepreneurial skills have been a moving force behind the expansion and diversification of the province's economy in the 70s. My Government shares the business community's confidence in our future, and will continue to support business and industrial development in the 80s.

MUNICIPAL AFFAIRS

My Government will introduce legislation to formalize the division of the Department of Municipal Affairs into two separate departments — Urban Affairs and Rural Affairs. This division reflects the growing need to respond more precisely to the interests of each. At the same time, there will remain areas of inter-municipal concern which will require the closest co-operation between the two departments.

My Government believes in strong local governments. Revenue sharing has provided municipalities with greater autonomy. In 1979-80 grants to urban municipalities reached \$73 million, of which almost \$50 million was unconditional. These grants will continue to grow as the economy grows.

My Government will introduce a new capital grants program similar to the Community Capital Fund. This new capital program, along with operational Revenue Sharing will provide local governments with unprecedented levels of unconditional financial assistance.

Legislation to provide for a Wakamow Valley Authority in Moose Jaw will be placed before you.

LABOUR

The healthy state of the Saskatchewan economy is reflected by the average employed labour force, which over the first nine months of 1979 was 14,000 higher than the average for the corresponding period of 1978. The 1979 average of 413,000 represents the highest nine-month average number of employed persons on record in Saskatchewan.

At the same time, Saskatchewan continued to experience low levels of unemployment. Throughout 1979, the Saskatchewan rate has been consistently the lowest or second lowest in the country.

To permit minimum wage earners to keep pace with rising living costs, the Saskatchewan minimum wage was increased to \$3.50 an hour on October 1 of this year, and will be raised to \$3.65 an hour on May 1, 1980.

In the coming year, The Workers' Compensation Board will take new steps to encourage safer working conditions. A system of merit rebates will be introduced, rewarding those employers with excellent accident-free experience.

Amendments to *The Workers' Compensation Act* will be placed before you

PENSIONS

During this Session, you will be asked to consider amendments to *The Pension Benefits Act* which will strengthen the rights of those who contribute to employer pension plans.

Also to be placed before you are amendments to *The Public Service Superannuation Act*, *The Superannuation (Supplementary Provisions) Act* and *The Municipal Employees Superannuation Act*.

HIGHWAYS

Saskatchewan has demonstrated its commitment to improved highway transportation by a number of major projects. Highways serving the north have been completed or upgraded, and a number of bridges are under construction.

A third major provincial airport is nearing completion at Buffalo Narrows. It will assist commercial and private air traffic as well as provide fire protection in the commercial forest area of Saskatchewan.

My Government will continue its financial and technical assistance for improved urban transportation services.

The greatest challenge facing highway transportation is that of safety. During the past five years on Saskatchewan highways there have been substantial decreases in the number of serious injuries and, most importantly, in the fatality rate.

We will persist in efforts to expand highway safety.

In this International Year of the Child, my Government is pleased to announce that regulations will be introduced requiring all children under five to be secured properly in child restraint devices and seat belts while riding in vehicles.

The Public Accounts for the last fiscal year, together with Estimates for the year beginning April 1, 1980, will be submitted to you.

I leave you now to the business of the Session with the full confidence that you will favourably discharge your duties and responsibilities.

May Divine Providence continue to bless our Province and guide this Legislature in all its deliberations.

His Honour the Lieutenant Governor then retired from the Chamber.

On motion of Mr. Dyck, seconded by Mr. Birkbeck:

Ordered, That the First Report of the Select Special Committee appointed to prepare lists of Members to compose the Select Standing Committees of the Assembly, be now concurred in.

Moved by the Hon. Mr. Blakeney, seconded by Mr. Berntson:

That this Assembly records with sorrow and regret the passing of two former Members of this Assembly, and expresses its grateful appreciation of the contributions they made to their community, their constituency and to this Province:

JAMES ANDREW DARLING, who died on October 18, 1979, was a Member of this Legislature for the constituency of Watrous from 1944 to 1960. He was born in Scotland in 1891 and emigrated to Canada in 1908. He worked on a farm in Manitoba for three years prior to establishing a farm near Colonsay, Saskatchewan, where he farmed for many years. During his years as a Member, he was a Cabinet Minister from 1948 to 1956, serving as Minister of Reconstruction and Rehabilitation, Minister of Public Works and Minister of Telephones and Telegraphs. He served as Speaker of the Legislative Assembly from 1957 to 1960. In his community, he was elected to the council of the Rural Municipality of Colonsay for six years and served on the local school board for fifteen years. He was also active in the Wheat Pool and belonged to the Elstow Agricultural Society.

CLIFFORD BENJAMIN PETERSON, who died on July 5, 1979, was a Member of this Legislature for the constituency of Kelvington from 1960 to 1964. He was born in 1905 at Sault Ste. Marie, Ontario and moved to Robsart, Saskatchewan with his family in 1910. He began farming in the Kuroki district in 1932 and later also worked as an insurance agent. He was active in the formation and operation of the Kuroki Co-operative and also worked with the Wadena Co-operative Association and Federated Co-operatives Limited. For many years he belonged to the Wheat Pool, served on the local school board, and was on the regional board of health. He participated musically and in numerous other ways in the work of the Baptist Church and was a member of the Christian Businessmen's Association. In 1978 he became an honorary life member of Gideon International.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved families.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Blakeney, seconded by Mr. Berntson:

Ordered, That the Resolution just passed, together with the transcripts of oral tributes to the memory of the deceased Members, be communicated to the bereaved families on behalf of this Assembly by Mr. Speaker.

Moved by the Hon. Mr. Blakeney, seconded by Mr. Berntson:

That this Assembly unites in paying tribute to the memory of the **Right Honourable John George Diefenbaker, P.C., Q.C., C.H.**, who died on August 16, 1979 after a long career of tireless service to the people of Canada. He was born in 1895 in Ontario and moved to Saskatchewan with his family at the age of eight years. His father taught school near Fort Carlton and then homesteaded in the Borden area until the family moved to Saskatoon in 1909. He attended Saskatoon Collegiate Institute and the University of Saskatchewan where he received Master of Arts and Bachelor of Law degrees. During the First World War he served with the 196th Western University Battalion in France. Beginning in 1919, he practised law in Wakaw and later in Prince Albert and became an accomplished criminal lawyer. He was a candidate in two federal elections and two provincial elections and was leader of the Progressive Conservative Party in Saskatchewan for four years prior to winning his first seat in the House of Commons in 1940. Subsequently, he was successfully re-elected in twelve general elections representing the riding of Lake Centre from 1940 to 1953 and the riding of Prince Albert from 1953 to 1979. He served as Prime Minister of Canada from 1957 to 1963 and was Leader of the Opposition from 1963 to 1967. During his lifetime he received many honours and awards in Canada and abroad including thirty-six honorary degrees. He was created King's Counsel in 1929 and Queen's Counsel in 1958. He was appointed Companion of Honour by the Queen in 1976, one of a select group of 65 distinguished Commonwealth citizens. He served as Chancellor of the University of Saskatchewan from 1969 until his death. Recently a library, museum and lecture centre (called the Diefenbaker Centre) has been established on the University of Saskatchewan Campus in his honour. He will be remembered by the people of Saskatchewan and all Canadians for his belief in the worth of the ordinary man, for his contribution to individual freedoms in the Bill of Rights, his vision of the North and his love for Parliament, his country and his Queen.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Romanow, seconded by the Hon. Mr. Blakeney, by leave of the Assembly:

Ordered, That leave of absence be granted to the Honourable Member for Saskatoon Westmount, on and from Thursday, the 29th day of November, 1979, to Monday, the 3rd day of December, 1979, to attend on behalf of this Assembly the 25th Commonwealth Parliamentary Conference in New Zealand.

On motion of the Hon. Mr. Romanow, seconded by the Hon. Mr. Smishek, by leave of the Assembly:

Ordered, That the matter of division of radio time arranged for the current Session be referred to the Select Standing Committee on Radio Broadcasting of Selected Proceedings, the said Committee to report its recommendations thereon with all convenient speed.

On motion of the Hon. Mr. Romanow, seconded by the Hon. Mr. Robbins, by leave of the Assembly:

Ordered, That the Public Accounts of the Province of Saskatchewan for the fiscal year ended March 31, 1979, be referred, as tabled, to the Select Standing Committee on Public Accounts and Printing.

On motion of the Hon. Mr. Romanow, seconded by the Hon. Mr. Gross, by leave of the Assembly:

Ordered, That the Annual Reports and Financial Statements of the various Crown Corporations and related Agencies, be referred, as tabled, to the Select Standing Committee on Crown Corporations.

On motion of the Hon. Mr. Romanow, seconded by the Hon. Mr. MacMurchy, by leave of the Assembly:

Ordered, That the Report of the Provincial Auditor for the fiscal year ended March 31, 1979, be referred, as tabled, to the Select Standing Committee on Public Accounts and Printing.

On motion of the Hon. Mr. Romanow, seconded by the Hon. Mr. Kaeding, by leave of the Assembly:

Ordered, That the Retention and Disposal Schedules approved by the Public Documents Committee be referred, as tabled, to the Select Standing Committee on Library.

Mr. Speaker laid before the Assembly, pursuant to Rule 105 the report of the Legislative Librarian dated November 29, 1979, which is as follows:—

REPORT OF THE LEGISLATIVE LIBRARIAN

REGINA, NOVEMBER 29, 1979

To the Honourable

The Speaker of the Legislative Assembly of Saskatchewan

Sir:

I have the honour to submit to you the Report of the Legislative Library for the period November, 1978 to October, 1979.

Reference

During the year the staff dealt with 6634 reference inquiries, a very substantial increase (2267) over the previous year and over the counts for all previous years in the Library's history. A large part of the increase was the result of greatly augmented use of the United States government documents collection. A recital of the subjects of inquiry

for which answers, information, and research materials were provided would necessarily include all of those mentioned in previous reports which in themselves were representative only. They reflect every aspect of Saskatchewan's unique political and economic history, its social background and conditions, its geographical location, its environmental problems, the predominance of agriculture in its economic life, and the growth in recent years of industries such as oil, potash, and uranium; all the topics of current national concern and many of world importance.

As always, there were inquiries of more immediate personal concern from members of the public as well as civil servants on such matters as the law, and sometimes court cases, concerning divorce, child custody, bankruptcy, traffic violations, and aspects of the Criminal Code, which must be satisfied to the extent that it is possible and permissible to do so.

Searches for and through legislation, regulations, and Hansards were daily occurrences and the Statistics Canada collection was in continuous use.

Circulation

Following is a three-year statistical comparison of the number of items borrowed from the library.

	1976-77	1977-78	1978-79
Books from general collection	3302	3059	2946
Law reports & texts, statutes & debates	597	490	458
Government publications, pamphlets & maps	1398	1625	1701
Periodicals	799	1086	1359
Newspapers	610	547	654
Statistics Canada Materials	508	599	733

The continued drop in circulation of books from the high point of 1975-76 is an ongoing reflection of the removal from the Legislative Building of almost all departmental and government agency staffs, with the consequent loss of former and possible new borrowers who, among other lost opportunities, have no chance to browse, and the increased services being provided by departmental libraries.

It is encouraging to note an increase in the statistics for all other categories.

These figures do not include a record of renewals often made several times for a publication, transfers from one borrower to others made without notifying the library, the many items borrowed each day for immediate xeroxing, or the mass of materials used within the library.

The drawbacks resulting from the dispersal of patrons to distant locations is counteracted in some degree by the circulation of accession lists of recently acquired books, government documents, and pamphlets.

Acquisitions

The following number of individual titles were processed: books 1233, Statistics Canada publications 2039, government documents (now U.S.) and pamphlets 2503. The latter total is in reality somewhat meaningless because it does not include serial publications such as Bills, daily federal and provincial Hansards, and House of Commons and Senate Committee proceedings which for the year would total in the thousands.

The library's United States government documents collection continues to grow at an alarming rate in view of space and storage difficulties. In the ten-month period, January to October, during which records were kept 1119 cartons containing 13,799 documents were received (no doubt at least 16,000 for the full year). This is an extremely valuable part of the library's holdings - its currently estimated worth well over \$1 million - which the library has received completely free of charge. That it is one of only 5 recipients of full sets of U.S. documents in Canada is a cause for pride but it is at present also a cause of some dismay because of the volume of materials being received and requiring processing by what is now too small a staff complement. The research value of these documents is being recognized more and more as is indicated by the already mentioned increase in reference inquiries serviced. Interlibrary loan requests for them have come, and continue to come, from surprisingly distant libraries.

A hope for the future is that more, if not all, of these publications may be received in microfiche which under present regulations are mostly available only to depository libraries within the United States. This change would entail the more widespread accessibility of microfiche readers (and expenditure for a reader-printer for the library) but the relief of the space problem would be tremendous.

A substantial portion of the library's budget is assigned to periodical subscriptions. By latest count 729 magazines, journals and newspapers are being received including those sent on a complimentary basis but excluding those forming part of the U.S. government documents collection. They cover a wide spectrum of fields of interest but aside from those issued by the Canadian and U.S. governments, include few technical or scientific journals because they do not fall within the library's function and in most instances the articles required are available through interlibrary loan services.

The library is now receiving the Public Affairs Collection of Microlog, replacing MicroMedia's ProFile service to which the library has subscribed since its inception in 1973. This new service provides on microfiche important Canadian documents issued by federal, provincial and local governments, and some other research bodies, whereas the previous subscription to ProFile covered provincial government publications only. It furnishes access to reports and publications otherwise not available to the library because of budget and space restrictions. While to some extent it duplicates hard copy publications in the library's collection, such as annual departmental reports, the relative ease of use justifies the retention of the actual publications, the microfiche copies providing backup and replacement in case of non-receipt and loss.

Newspaper Indexes

The seventh cumulation of the library's *Saskatchewan Newspaper Index*, covering the four dailies and *The Western Producer*, for the years 1974-77, was distributed to 21 Canadian libraries from British Columbia to Quebec province. For the first time a nominal charge (\$15.00) was made to all but Saskatchewan government libraries and the Parliamentary and National Libraries in order to recoup a portion of the cost of production. Coverage necessarily selective overall, is most comprehensive for the *Leader Post* and to a lesser degree for the *Star Phoenix*. Items and articles noted in the *Moose Jaw Times-Herald* and the *Prince Albert Daily Herald* are chiefly confined to significant local affairs and news not included in the Regina and Saskatoon papers. This index continues to be a very useful reference tool and source of information for Members, and government and allied researchers, and to university students pursuing material for essays and theses for whom sometimes it is almost the only source of reference for the subject of their study.

Indexing of *The Commonwealth* is kept up to date. No further retrospective indexing of this periodical was possible during the year because of budget and staff restrictions.

Interlibrary Loans

There was an increase in the number of interlibrary loans, 225 requests having been processed on behalf of Members and researchers stationed in the Legislative Building to whom such service is now confined. Loans of Legislative Library materials to other Saskatchewan and out-of-province libraries are included in the general circulation figures. It might be of interest to note that a significant number of requests from other libraries are for books of older vintage now available in very few locations in the country and for titles from the library's excellent collection of Western Canadiana. To these the library responds as generously as possible, perhaps more than is wise, but regretfully must refuse to lend those too rare and valuable to risk to the danger of loss.

Stack and Storage Areas

The welcome move of the lower floor stack area to new quarters occurred at the end of October, 1978. Because of very hard work, co-operation from Government Services, a sharp eye for useful discards from other departments, and ingenuity on the part of the two employees concerned, that part of the library has improved very greatly in appearance, facilities for researchers and staff, and accessibility of materials. In spite of this change very much for the better, storage remains a big problem. The location of all but the most recently received United States government documents in space provided by the Saskatchewan Archives Office at the University of Regina (which can be expected to be available for a limited time only) and other materials in the Gemini Building, requires an inordinant amount of travel time for retrieval which the library, with its small staff, cannot afford. Requests for publications from these collections are increasing. While there no doubt is little hope for more space in the Legislative Building, its provision in a closer location, preferably the legislative area, is urgently needed.

Miscellaneous

A *Checklist of Saskatchewan Government Publications for 1978* was distributed to 98 libraries, the majority situated in Canada, but several in the United States, and a few in the United Kingdom. Requests for it and for the two previous issues are still being received.

The library continued to order books on behalf of departments and agencies which have no staff member qualified as a librarian or library technician to perform that function, and to catalogue books for the Publications Division of the Department of Mineral Resources.

As in the past, a large amount of xeroxing of library materials was done for individuals and government offices and libraries, and to fill interlibrary loan requests. This activity accounts, to some extent at least, for the drop already mentioned in the circulation statistics for debates and statutes and similar publications which the library hesitates or refuses to lend because of the danger of loss and the need for immediate reference availability.

The library's contribution to the collection on microfilm of Saskatchewan's weekly newspapers in the Regina Office of the Saskatchewan Archives also continues. Under an arrangement, begun in 1948, the library transfers to the Archives after a holding period of one to two years the provincial weeklies to which it subscribes. The library tries to ensure that all of these weeklies are included in the subscription list.

Respectfully submitted
CHRISTINE MACDONALD
Legislative Librarian

STATEMENT BY MR. SPEAKER

Standing on the Order Paper for Second Reading is Bill No. 47—An Act respecting the Right of the Public to Government Information, in the name of the Member for Kindersley. I wish to draw the attention of the Assembly to Section 14 of the Bill which provides for an information commissioner to be appointed by the Lieutenant Governor in Council and to be paid a salary out of the Consolidated Revenue Fund.

Provision for the payment of salaries imposes a charge upon the public revenue and therefore a Bill containing such provisions must be accompanied by a Crown Recommendation (*Beauchesne's Parliamentary Rules and Forms*, 4th ed., cit. 243; *Sir Erskine May's Parliamentary Practice*, 19th ed., p. 754).

I find that this Bill would impose a charge on the public revenue and is therefore out of order under Rule 30.

Thereupon Mr. Allen reported as follows:

Mr. White asked leave to to introduce the following Motion:

That the matter of the video and audio taping of the proceedings of the Crown Corporations Committee be referred to the Special Committee on Rules and Procedures for a report thereon with all convenient speed.

Unanimous consent having been requested, it was not granted.

STATEMENT BY MR. SPEAKER

On April 2, 1980 the Member for Qu'Appelle raised a matter he referred to as 'privilege'.

Parliamentary privilege...is the sum of the peculiar rights enjoyed by each House collectively as a constituent part of the High Court of Parliament, and by Members of each House individually, without which they could not discharge their functions and which exceed those possessed by other bodies or individuals'... *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, paragraph 16.

I have examined pages 1345 and 1346 of the *Debates and Proceedings* of April 1, 1980.

On page 1345 the Member for Thunder Creek made the following comment:

'It's wonderful how you choose to inject yourself into the question period, Mr. Speaker'.

Beauchesne's Parliamentary Rules and Forms, Fourth Edition, citation 68 states, in part, reflections upon the character or actions of the Speaker may be punished as breaches of privilege. His actions cannot be criticized incidentally in debate or upon any form of proceeding except a substantive motion.

While I judged the comment of the Member for Thunder Creek to be a damaging impression against the Chair I did not judge it to be evidence of 'privilege'.

Members will note the record on pages 1345 and 1346 shows that I was unable to obtain a retraction and apology for the Chair which was free from argument or qualifications.

Having requested retraction four times, which I considered to be generous opportunity for the Member for Thunder Creek, I proceeded to 'name' him. At this point I cited rule 25(2) of the *Rules and Procedures of the Legislative Assembly of Saskatchewan, 1976*.

Citation 134(1) of *Beauchesne's Parliamentary Rules and Forms*, Fourth Edition, outlines the practice of naming in some further detail.

I can find no *prima facie* evidence of privilege.

I regret having to review this matter since I said previously I assumed the matter was closed and should not be resurrected.

The Orders of the Day having been called, Mr. Berntson, from his place in the Assembly, asked leave under Rule 17 to move a motion asking for 'Priority of Debate' for the purpose of discussing a definite matter of urgent public importance and stated the subject to be:

1. Many farmers in Saskatchewan, as a result of poor markets for beef, hogs and other livestock, and as a result of poor crops last year, and as a result of the current high interest rates, find themselves in a financially untenable position.
2. Many homeowners in Saskatchewan, as a result of the current high interest rates, now suffer an unbearable financial burden.
3. Many small businesses in Saskatchewan are unable to carry on a viable business operation because of the effect of current high interest rates on overhead costs.
4. As a result, there is an urgent and compelling need for this Assembly to debate methods of providing economic relief for the farmer, homeowner and small businessmen of Saskatchewan.'

STATEMENT BY MR. SPEAKER

A notice regarding this matter proposed for Priority of Debate was received in the Clerk's office at 11:40 a.m. today for which I thank the Hon. Member. I refer all Hon. Members to a ruling of the Chair on February 23, 1971, and I quote a section of that ruling as follows:

'The fundamental principle underlying Rule 17 was to provide an opportunity within a proper framework of parliamentary procedure, where none otherwise existed, for the immediate discussion of any matter deemed to be of such urgency and importance that all of the normal or special business of the Assembly should be put to one side in order to provide complete right of way to a discussion of one specific particular subject.'

The subject matter of a debate under Rule 17 must not be of a continuing nature and must be 'so pressing that public interest will suffer if it is not given immediate attention'. I refer all Hon. Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, paragraph 286, page 92.

'The fact that a grievance is continuing is not sufficient if it is not of recent occurrence.' *Erskine May's Parliamentary Practice*, 17th Edition, p. 365.

Although the matter raised is of great public importance, it is not of sufficient urgency that all of the normal business of the Assembly should be put to one side.

Moved by the Hon. Mr. Romanow seconded by Mr. Berntson :

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly, and expresses its grateful appreciation of the contributions he made to his community, his constituency and to this Province.

ALEXANDER HAMILTON MCDONALD, who died on March 31, 1980, was a Member of this Assembly for the constituency of Moosomin from 1948 to 1965. He was born at Fleming, Saskatchewan in 1919, attended school in Moosomin and later farmed in that area. During World War II he served overseas as a Flight Lieutenant in the R.C.A.F. From 1955 to 1960 he served as Leader of the Opposition and in the years 1964 to 1965 he was the Minister of Agriculture and Deputy Premier. He resigned from his seat in this Assembly in 1965 and later that year was appointed to the Senate where he alternately served as Assistant Leader of the Government and Chief Whip. Throughout his parliamentary career he was active in the affairs of the Commonwealth Parliamentary Association, the International Parliamentary Union and the NATO Parliamentary Association. He took part in community activities as a member of the Royal Canadian Legion, the United Services Institute and the Elks Lodge.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Romanow, seconded by Mr. Taylor:

Ordered, That the Resolution just passed, together with the transcripts of oral tributes to the memory of the deceased Member, be communicated to the bereaved family on behalf of this Assembly by Mr. Speaker.

The Order of the Day being called for Return (No. 273), it was dropped.

Moved by Mrs. Duncan: That an Order of the Assembly do issue for a Return (No. 284) showing:

Since March 1, 1979 the total amount of money the Department of Rural Affairs spent on printing with printing and publishing firms, and in each instance the name and address of the firm, amount of money spent with each firm, and the purpose.

A debate arising, it was moved by the Hon. Mr. Romanow, seconded by the Hon. Mr. Snyder, in amendment thereto:

That all the words after the word 'showing' be deleted and the following substituted therefor:

'For the period March 1, 1979 to March 31, 1980, the name and address of each private printing or publishing firm to whom the Department of Rural Affairs made payments for printing: (a) The number of payments to each firm (b) The reason for each payment; and (c) The amount of each payment.'

Mr. Speaker ruled both the motion and the amendment out of order on the grounds that the Department of Rural Affairs does not yet exist therefore the order could not be complied with.

The Order of the Day being called for Return (No. 288), it was dropped.

Moved by Mrs. Duncan: That an Order of the Assembly do issue for a Return (No. 293) showing:

Since March 1, 1979 the total amount of money the Department of Saskatchewan Minerals spent on printing with printing and publishing firms, and in each instance the name and address of the firm, amount of money spent with each firm, and the purpose.

Mr. Speaker ruled the motion out of order on the grounds that the Department of Saskatchewan Minerals does not exist therefore the order could not be complied with.

The Order of the Day being called for Return (Nos. 305 and 310), they were dropped.

Moved by Mr. McLeod: That an Order of the Assembly do issue for a Return (No. 462) showing:

The Assembly, according to Order, resolved itself into the Committee of Finance.

(In the Committee)

During consideration of the Estimates for the Department of Northern Saskatchewan a Point of Order was raised to the effect that when a letter is read by a Member, he must either take responsibility for the contents of the letter or Table the letter.

Mr. Chairman referred all Hon. Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, Paragraph 329(4) as follows:

'When quoting a letter in the House, a Member must be willing either to give the name of the author or to take full responsibility for the contents himself.'

The Chairman ruled that since the Member had given the name and address of the sender of the letter, the Point of Order was not well taken.

Progress was reported and the Committee given leave to sit again.

PRAYERS:

STATEMENT BY MR. SPEAKER

Yesterday a Point of Privilege was raised by the Hon. Member for Saskatoon-Riversdale to the effect that certain remarks of the Member for Qu'Appelle which were made outside the House were a serious reflection on the Chairman of the Committee of Finance and constituted a breach of the privileges of this House. In a second point, the Member claimed that a reflection on the Speaker had also been made. The radio transcript and press clippings of the remarks in question were tabled. I deferred my ruling.

I have carefully considered the questions raised. With regard to the second point of a reflection on the Speaker, I want to inform the House that I consider this matter closed. The question of the reflections on the Chairman and Deputy Speaker is another matter.

I want to outline to the Assembly what the role of the Chair is in a matter of privilege. I refer all Hon. Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, Paragraph 84, as follows:

(1) Once the claim of a breach of privilege has been made, it is the duty of the Speaker to decide if a prima facie case can be established. The Speaker requires to be satisfied, both that privilege appears to be sufficiently involved to justify him in giving such precedence (or as it is sometimes put, that there is a prima facie case that a breach of privilege has been committed); and also that the matter is being raised at the earliest opportunity; (2) It has often been laid down that the Speaker's function in ruling on a claim of breach of privilege is limited to deciding the formal question, whether the case conforms with the conditions which alone entitle it to take precedence over the Notices of Motions and Orders of the Day standing on the Order Paper; and does not extend to deciding the question of substance, whether a breach of privilege has in fact been committed—a question which can only be decided by the House itself. May, pp. 346-347.

It is my opinion that in this case privilege appears to be sufficiently involved to justify giving this matter precedence over the Orders of the Day. I refer all Members to a precedent of this Assembly, *Journals of the Legislative Assembly of Saskatchewan*, December 19, 1977. I therefore leave the matter in the hands of the Assembly to deal with as it sees fit.

Moved by the Hon. Mr. Romanow, seconded by the Hon. Mr. Messer:

That this Assembly requests: (1) that the statements by the Member for Qu'Appelle reflecting on the impartiality of the Chairman of the Committee of Finance and accusing him of partisanship in the conduct of his office be withdrawn forthwith; and (2) that the said Member tender apologies to this Assembly in respect of the said statements.

Mr. Speaker ruled the motion out of order on the grounds that the House had not acknowledged a breach of privilege.

Moved by the Hon. Mr. Romanow, seconded by the Hon. Mr. Messer:

That this Assembly requests: (1) that the statements by the Member for Qu'Appelle reflecting on the impartiality of the Chairman of the Committee of Finance and accusing him of partisanship in the conduct of his office be deemed to be a breach of privilege and requests the remarks be withdrawn forthwith; and (2) that the said Member tender apologies to this Assembly in respect of the said statements.

PRAYERS:

STATEMENT BY MR. SPEAKER

On Friday, April 11, 1980, the Member for Regina South raised a Question of Privilege concerning certain remarks made on Thursday in the Committee of Finance. I want to remind all Members that all breaches of privilege arising in a committee must be raised in the committee and then can be reported to the House. I refer all Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, Paragraph 76: 'Breaches of privilege in committee may be dealt with only by the House itself on report from the committee'.

I also want to point out that questions of order arising in a committee must be dealt with in the committee. I refer Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, Paragraph 569(3): 'The Speaker has ruled on many occasions that it is not competent for him to exercise procedural control over the committees. Committees are and must remain masters of their own procedure.' Also Paragraph 608: 'Procedural difficulties which arise in committees ought to be settled in the Committee and not in the House.'

I therefore wish to inform the Member for Regina South that it is not competent for me to deal with the matter of privilege raised and I suggest that the matter be raised in the proper forum.

STATEMENT BY MR. SPEAKER

On Friday, April 11, 1980, the Member for Souris-Cannington raised a Point of Privilege concerning a Minister's reply in the oral question period of April 10. As I stated on Friday when this point was made, a question of privilege is a very serious matter and ought only to be raised when a privilege or right of Parliament which is absolutely necessary for the due execution of its powers has been infringed.

I refer Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, Paragraph 19(1) which states: 'A dispute arising between two Members as to allegations of facts, does not fulfill the conditions of parliamentary privilege.'

It has been consistently ruled in this Assembly that disputes between Members as to questions of fact and, further, the accurateness of replies to oral questions cannot be determined by the Chair and do not constitute a question of privilege. I refer Members to rulings of the Chair, *Journals of the Legislative Assembly of Saskatchewan*, April 20, 1978, November 30, 1976, March 25, 1976 and November 18, 1975.

I therefore rule that the matter raised does not constitute a breach of privilege.

Moved by Mr. Pepper, seconded by Mr. Allen, by leave of the Assembly:

(In the Committee)

During consideration of the Main Estimates for the Department of Tourism and Renewable Resources a Point of Privilege was raised by the Member for Regina South requesting that the Chairman ask the Minister of the Department of Northern Saskatchewan and the Member for Regina Wascana to withdraw certain remarks made in Committee of Finance on April 10 and also requesting that the Chairman ask the Member for Regina North-West to withdraw certain remarks made in the Committee of Finance on April 9.

STATEMENT BY MR. CHAIRMAN

The Member for Regina South has raised a Point of Privilege concerning remarks made in Committee of Finance on April 10, 1980 by the Member for Regina Wascana. The content of the Member's claim, however, indicates that this matter would more properly have been raised as a question of order involving unparliamentary language. It does not constitute a question of privilege. I have considered the matter to determine whether the remarks in question are in fact unparliamentary. I refer all Hon. Members to *Beauchesne's Parliamentary Rules and Forms*, Fourth Edition, page 132, citation 157(3) which reads in part: 'It is out of order to read extracts in debate if they ...contain unparliamentary expressions, as no language can be heard in quotation if it would be disorderly if spoken.' I have reviewed the record and note that the Member for Regina Wascana was referring to and quoting from telegrams which included the following words: 'The racist and personal attacks which Conservative MLA's have made against you in the House' and 'the obviously racist tirade of the Opposition'.

I find these remarks to be improper expressions in a parliamentary forum and further that the remarks impute improper motives to Members of this House. *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, Paragraph 319, page 104. It is unparliamentary for a Member to 'impute to any Member or Members unworthy motives for their actions in a particular case...'

I would therefore ask the Member for Regina Wascana to withdraw the above remarks and imputations.

Before I call on the Member for Regina Wascana, I also request the Minister for the Department of Northern Saskatchewan to withdraw his remarks as reported on Page 1646 of *Hansard*, April 10, as follows:

'Well, I listened with interest as my colleague, the Member for Regina Wascana, accused the Conservative Party opposite of tending occasionally toward racism.'

I find these remarks repeat the implications of the Member for Regina Wascana and I therefore ask that they also be withdrawn.

The Member for Regina Wascana and the Minister for the Department of Northern Saskatchewan thereupon withdrew the said remarks.

The Chairman deferred his ruling on the remarks of the Member for Regina North-West.

Progress was reported and the Committee given leave to sit again.

STATEMENT BY MR. CHAIRMAN

A Point of Privilege was raised in the Committee of Finance on Monday, April 14, 1980 by the Member for Regina South requesting that the Member for Regina North-West withdraw certain remarks made in the Committee on Wednesday, April 9. I have reviewed the Member's point and find that this case ought to be considered as a matter of unparliamentary language and not a matter of privilege.

I refer all Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, paragraph 323, page 114.

(1) Unparliamentary words may be brought to the attention of the House either by the Speaker or by any Member. When the question is raised by a Member it must be as a point of order and not as a question of privilege. (2) The proper time to raise such a point of order is when the words are used and not afterwards.

Members will note that points of order of this kind should be raised immediately. It has been the practice of this House to allow a Member sufficient time to check the official record before raising his point of order at the earliest opportunity thereafter. I believe this Assembly should adhere as closely to this practice as possible. The Member for Regina South did not raise his complaint against the Member for Regina North-West until Monday, April 14 while the official record of the remarks was available to all Members by 10:00 o'clock on the morning of Thursday, April 10.

Because of the delay in raising this point, I am unable to rule on this case.

Progress was reported and the Committee given leave to sit again.

At 4:54 o'clock p.m. Mr. Speaker adjourned the Assembly without question put, pursuant to Rule 3(3), until Thursday at 2:00 o'clock p.m.

STATEMENT BY MR. SPEAKER

I have reviewed a transcript of a CKCK-TV 6:00 o'clock p.m. newscast of April 22, 1980 which contains the following remarks made by the Member for Thunder Creek in part:

'And frankly, as one Member, I'm getting sick and tired of the way we are forced to go along with the illusion of impartiality on the part of the Speaker when that's all it is, is an illusion,' and further,

'The Government has become, ah, the use of force, the naked use of power against the Opposition is just coming to the point where any example of impartiality coming from the Chair is simply an illusion.'

I refer all Members to *Erskine May's Parliamentary Practice*, Nineteenth Edition, page 161 which states as follows:

Alleged breaches of privileges or contempts committed out of the House or in the precincts of the House but not in its actual view may be brought to the notice of the House (1) by a complaint from a Member, (2) by a communication from the Speaker...(3) by a petition, or (4) by a report from a Committee.

I have reviewed the above transcript and have examined recent precedents of this House dated November 17, 1977, December 19, 1977 and April 11, 1980, *Journals of the Legislative Assembly of Saskatchewan*.

I hereby communicate to this Assembly that in my opinion this matter constitutes a *prima facie* case of a breach of privilege and justifies giving this matter precedence over the Orders of the Day. It is not my function to decide the Question of substance whether a breach of privilege has in fact been committed and I therefore leave the matter in the hands of the Assembly to deal with as it sees fit.

Moved by the Hon. Mr. MacMurchy, seconded by the Hon. Mr. Messer:

That this Assembly (1) deems the statements by the Member for Thunder Creek on CKCK-TV on April 22, 1980, reflecting upon the impartiality of Mr. Speaker to be breach of privilege, and (2) requests the said Member to withdraw the remarks forthwith and tender apologies to Mr. Speaker and the Assembly in respect of the said statements.

Mr. Chairman ruled the amendment was in order and referred all Members to a ruling of the Chair dated May 26, 1978, *Journals of the Legislative Assembly of Saskatchewan*, p.206 which he quoted as follows:

'The Point of Order raised by the Hon. Attorney General quite accurately pointed out that the releasing or compounding of any sum of money owing to the Crown creates a charge on the public revenue (see Rule 30). This phrase however has always been interpreted in the strict sense that money owing to the Crown refers to money owing to the Crown through actual debts, loans, contracts and guarantees and has never been interpreted to mean in a general way any money which may be owed to the Crown through charges for services or even taxes.'

While a private Member may not introduce a resolution or bill to increase a charge or impose additional burdens on the public purse or impose increased taxes, any Member may move to reduce a charge, expenditure or a tax. I refer all Members to *Sir Erskine May's Parliamentary Practice*, Eighteenth Edition, p.744 which states that 'no special form of procedure applies to proposals to reduce existing charges, and they may be moved in the House or in Committee without the royal recommendation.'

The Order of the Day being called for Resolution (No. 5), it was moved by Mr. Engel, seconded by Mr. Long:

That this Assembly condemns the Federal Government for pushing Canadian interest rates to unprecedented levels, thereby reversing its pre-election commitment to lower interest rates, and causing severe economic hardship for homeowners, farmers, small business people and generally the vast majority of Canadian families living on modest incomes, resulting in higher costs, less investment, more unemployment and thus raising the spectre of a deep national recession, and illustrating the abdication of economic leadership by the new Federal Government.

A debate arising, it was moved by Mr. Rousseau, seconded by Mr. Swan, in amendment thereto:

That the following words be added to the Motion:

'and that this Assembly also condemns the Government of Saskatchewan for failing to offer economic relief to the homeowner, farmer and small businessman of Saskatchewan during this time of economic hardship.'

PRAYERS:

The Orders of the Day having been called, Mr. Lane, from his place in the Assembly, asked leave under Rule 17 to move a motion asking for 'Priority of Debate' for the purpose of discussing a definite matter of urgent public importance and stated the subject to be:

'(1) There is a deep concern that duly elected Members of Parliament, in the Province of Saskatchewan representing the New Democratic Party have refused to take sides in the Referendum Debate and in particular have refused to endorse a 'no vote', thus giving the people of Quebec a mistaken impression about the true feelings of the people of Saskatchewan.

(2) For this reason there is an urgent and compelling need for this Legislature to debate the matter of an endorsement of the 'no vote', as an expression to the people of Quebec, of our desire for a renewed federalism.'

Thereupon Mr. White reported as follows:

Thereupon, under Rule 82, Mr. Speaker put the question: 'Shall the Recommendation of the Committee be concurred in?—which was agreed to.

The following Bill was reported without amendment, read the third time and passed:

Bill No. 110—An Act respecting the Funding of the Pension Plan for the City of Saskatoon Police.

The Order of the Day being called for Bill No. 50, it was dropped.

STATEMENT BY MR. SPEAKER

On Tuesday, May 13, 1980 a Point of Order was raised that Bill No. 63—An Act respecting the Provincial Auditor—was out of order on the grounds that it was a money bill.

The question to be determined here is whether the provisions for expenditures in Bill 63 are already covered by general powers conferred by an existing statute, thus not

requiring a new recommendation, (see *Erskine May's Parliamentary Practice*, 19th Edition, p. 752), or whether the expenses arising out of the Bill are the result of new duties imposed on an existing authority which require authorization by a Crown Recommendation, (see *Erskine May's Parliamentary Practice*, 19th Edition, p. 754).

A careful review of the Bill shows that there are three sections which I believe impose new duties on the Office of the Provincial Auditor that are not covered by the existing legislation. (1) Section 12(2) requires the Provincial Auditor to report on the results of a more comprehensive audit than is now the case; (2) Section 9(2) requires the Provincial Auditor to direct all audits including those of crown corporations which is not required under the old Act; and (3) Section 17 requires the Provincial Auditor to carry out special assignments on behalf of the Public Accounts Committee or the Assembly, a duty not previously required in the old Act.

The other grounds raised in the Point of Order, I believe, do not constitute 'money provisions' according to Rule 30 because those sections are already authorized by general provisions in the old Act.

The existence of the three sections outlined earlier which impose new duties on the Office of the Provincial Auditor make this a money bill and I therefore rule it out of order.

The Assembly, according to Order, resolved itself into the Committee of Finance.

PRAYERS:

Mr. Lane, from the Special Committee on Regulations presented the First Report of the said Committee, which is as follows:

Your Committee met for organization and appointed Mr. Lane as its Chairman and Mr. White as Vice Chairman, and Mr. T.C. Wakeling, Q.C. of the Law Firm of McDougall, Ready, Wakeling, as Counsel to the Committee.

Your Committee has examined Saskatchewan Regulations 36/78, 41/78, 223/78, 24/78 and 1/79 to 347/79, a total of 351 Regulations, thus completing its scrutiny up to December 31, 1979. Of this total, your Committee considered thirty Regulations drawn specifically to its attention by Counsel, and it sent to the authorities who made the Regulations comments on twenty-two of these Regulations, inviting them to submit explanatory memoranda should they see fit. Twenty replies have been received and considered by the Committee. Your Committee does not wish at this time to draw the special attention of the Assembly to any Regulation on the grounds set out in its terms of reference

Your Committee has also had under consideration the Order of Reference dated May 3, 1979, namely the bylaws, rules and regulations and amendments thereto of various professional societies tabled as addenda to Sessional Paper No. 3 of 1979 and Sessional Paper No. 7 of 1979/80 plus addenda tabled to March 18, 1980. Your Committee reviewed the said bylaws, rules, regulations and amendments to ensure that each had proper legislative authority and was in the public interest, with further information being sought with respect to five of the bylaws. Your Committee recommends that the bylaws, regulations and amendments of the following professional societies be ratified and confirmed:

- 1979 Institute of Chartered Accountants of Saskatchewan
Saskatchewan Land Surveyor's Association
Law Society of Saskatchewan
Institute of Accredited Public Accountants of Saskatchewan
Institute of Chartered Accountants of Saskatchewan
Society of Management Accountants of Saskatchewan
Saskatchewan Association of Architects
College of Dental Surgeons of Saskatchewan
Saskatchewan Dietetic Association
Saskatchewan Embalmers Association
Law Society of Saskatchewan
Saskatchewan Registered Nurses' Association

Saskatchewan Teachers' Federation
- 1980 Institute of Chartered Accountants of Saskatchewan
Saskatchewan Association of Architects
Law Society of Saskatchewan
Saskatchewan Ophthalmic Dispensers Association
Saskatchewan Pharmaceutical Association
Saskatchewan Society of Occupational Therapists
College of Dental Surgeons of Saskatchewan

Your Committee recommends that during the present Session of the Assembly, a Committee on Regulations comprised of nine Members should be appointed to continue the work of scrutiny and to consider outstanding memoranda submitted by authorities who have made Regulations and Bylaws.

On motion of Mr. Lane, seconded by the Hon. Mr. McArthur:

Ordered, That the First Report of the Special Committee on Regulations be now concurred in.

Mr. White from the Select Standing Committee on Crown Corporations presented the Second Report of the said Committee which is as follows:

Having duly examined the Annual Reports and Financial Statements for the last completed fiscal year of the various Crown Corporations and related Agencies, as referred to it from time to time by the Assembly, your Committee has satisfied itself that they reflect the state of the Corporations and Agencies to which they severally relate, as operated in accordance with Government policy. The following Corporations were called before the Committee:

- (2) Crown Investments Corporation of Saskatchewan
- (3) Municipal Financing Corporation

- (11) Saskatchewan Government Insurance
- (12) Saskatchewan Government Printing

- (15) Saskatchewan Mining Development Corporation
- (16) Saskatchewan Oil and Gas Corporation
- (17) Saskatchewan Power Corporation
- (18) Saskatchewan Telecommunications
- (19) Saskatchewan Transportation Company
- (20) Saskatchewan Water Supply Board

In conducting its examination, your Committee questioned the responsible Ministers, who attended with the Chief Officers of the respective Corporation and Agencies, no restrictions being placed upon questions asked within the Order of Reference, save and except questions, the answers to which, in the opinion of the responsible Ministers, might disclose information not in the public interest or prejudicial to the commercial positions of the Corporation or agency concerned.

Your Committee considered and agreed to the following resolutions:

That the Agricultural Development Corporation be called before this Crown Corporations Committee.

That proper supervision and training be provided to non-profit organizations whenever public funds are being expended by Saskatchewan Housing Corporation.

This Committee recommends to the Assembly that the matter of the transferal of membership in the Crown Corporations Committee be referred to the Special Committee on Rules and Procedures for recommendation together with the transcript of the debate on this matter held in the Crown Corporations Committee of May 15, 1980.

The Committee during its twenty-five meetings worked diligently in dealing with many important matters relating to Crown Corporations of the Province of Saskatchewan.

Moved by Mr. Banda, seconded by Mr. Allen:

That the Second Report of the Select Standing Committee on Crown Corporations be now concurred in.

A debate arising, it was moved by Mr. Lane, seconded by Mr. Katzman, in amendment thereto:

That the following words be added to the motion.

That this minority report be attached to the report of the Crown Corporations Committee and become a part thereof.

Mr. Speaker referred all Hon. Members to *Beauchesne's Parliamentary Rules and Forms*, Fifth Edition, page 205, paragraph 658(2) and quoted as follows:

'A report from a committee may not be amended in a substantive manner by the House; it must be referred back to the committee.'

Mr. Speaker ruled the amendment out of order.

During Routine Proceedings, the Member for Nipawin rose on a Point of Order and stated that the Assembly could not have an Oral Question period since the time limit for beginning the Oral Question period as specified in the Rules and Procedures of the Legislative Assembly had passed. Mr. Speaker noted that Rule 35(2) did state that the Oral Question period was to start five minutes after the opening of the Assembly each day. But Mr. Speaker referred all Hon. Members to the Interim Report of the Special Committee on Rules and Procedures dated March 12, 1976: 'All Members must appreciate that in the end Mr. Speaker must interpret the rules and guidelines under which the question period operates.' Mr. Speaker reminded the Assembly that there was a long standing practice in the Assembly that notwithstanding Rule 35(2), the Assembly sometimes starts a little earlier or a little later than five minutes after the opening of the Assembly depending upon progress of the Assembly through Routine Proceedings.

Mr. Speaker ruled that in line with the practices of the Assembly, the Oral Question period could proceed.

Mr. Collver asked leave to introduce the following Motion:

That this Assembly instructs Mr. Speaker that he has no right to contravene a rule of this Assembly as set forth in the Rules and Procedures of the Legislative Assembly of Saskatchewan 1976, and requests that he apologize to the Assembly for contravening Rule 35(2) on Thursday, May 22, 1980.

Unanimous consent having been requested, it was not granted.

On motion of the Hon. Mr. MacMurchy, seconded by the Hon. Mr. Shillington:

Ordered, That Members Lane, Andrew, Duncan, Lingenfelter, Prebble, Romanow, Skoberg, Swan, and White be constituted a Special Committee to consider every Regulation filed with the Clerk of the Legislative Assembly pursuant to the provisions of The Regulations Act, with a view to determining whether the special attention of the Assembly should be drawn to any of the said Regulations on any of the following grounds:

- (a) That it imposes a charge on the public revenues or prescribes a payment to be made to any public authority not specifically provided for by statute;
- (b) That it is excluded from challenge in the courts;
- (c) That it makes unusual or unexpected use of powers conferred by statute;
- (d) That it purports to have retrospective effect where the parent statute confers no express authority so to provide;

(e) That it has been insufficiently promulgated;

(f) That it is not clear in meaning;

and if they so determine, to report to that effect.

That the Committee have the assistance of legal counsel in reviewing the said Regulations; that it be given the power to sit after prorogation of the Assembly; and that it be required prior to reporting that the special attention of the Assembly be drawn to any Regulation, to inform the Government department or authority concerned of its intention so to report; and

That the Committee be empowered to invite any regulation-making authority to submit a memorandum explaining any Regulation which may be under consideration by the Committee or to invite any regulation-making authority to appear before the Committee as a witness for the purpose of explaining any such Regulation; and

That the Committee be empowered to review the bylaws of the professional societies and amendments thereto as referred to the Committee, to determine whether or not they, or any of them, are in any way prejudicial to the public interest.

On motion of the Hon. Mr. MacMurchy, seconded by the Hon. Mr. Shillington:

Ordered, That the Bylaws of the professional societies and amendments thereto tabled after March 18, 1980 as addenda to Sessional Paper No. 7 of 1979/80 be referred to the Special Committee on Regulations.

Bill No. 129—An Act to amend The Warehousemen's Lien Act.
(*Hon. Mr. Romanow*)

STATEMENT BY MR. SPEAKER

On May 26, 1980 the Member for Nipawin rose 'on a matter of personal privilege with reference to an answer given in this Chamber today in Question Period to a question posed by the Member for Thunder-Creek'.

Initially, the Member for Thunder Creek asked his question regarding a weekly press conference about two weeks ago if the Premier was 'speaking on behalf of the other western Premiers or were you speaking on behalf of yourself, your government, or the people of Saskatchewan when you indicated that the people of Western Canada were prepared to accept a lower standard of living in order to keep Quebec part of Canada'. The Member for Nipawin then read a partial quotation from a Question Period about five and one-half weeks ago in this Chamber. At this point it will be clear to Members that there is a dispute as to what are the facts.

Beauchesne's Parliamentary Rules and Forms, Fifth Edition, paragraph 19(1) states:

A dispute arising between two Members, as to allegations of facts, does not fulfill the conditions of parliamentary privilege.

I therefore rule the Member doesn't have a *prima facie* case of privilege. Essentially I came to the same conclusion about a similar question of breach of privilege raised by the Member for Thunder Creek later the same day.

STATEMENT BY MR. SPEAKER

Since there seems to be some confusion on this matter I hope this statement will serve to clarify the situation.

On February 26, 1980 I received a request from the Chairman of the Public Service Commission for permission to photograph proceedings in the Chamber for the sole

purpose of building a slide-tape presentation for internal instruction of government employees on the legislative process.

On March 3, 1980, by letter, I gave my permission to the Chairman of the Commission with carbon copies to the Premier, House Leader and Leader of the Opposition. Further, on March 27, 1980 I informed the Chairman of the Public Service Commission that I wished to view the final selection of photos which would be used.

Regarding the same issue of photography, but in a different context, prior to the visit of the championship curlers to the Chamber on May 1, 1980 I sought and obtained agreement from each side of the House to allow photographs during the time the curlers were in the Chamber. Pictures which were taken by the Leader-Post photographer have subsequently appeared in the Leader-Post not in connection with news reports about the championship curlers and without my permission. I have by letter of May 23, 1980 referred this situation to the Special Committee on the Review of Rules and Procedures of the Legislative Assembly for their discussion. Each Member of the Committee received copies of that referred item.

In conclusion there is no connection whatsoever between pictures being taken for internal Public Service Commission use and photos which appeared in the Leader-Post on May 14, 16 and 23, 1980.

By unanimous consent the Assembly proceeded with 'Private Bills—Committee of the Whole'.

The Assembly, according to Order, resolved itself into a Committee of the Whole on the undermentioned Bills.

The debate continuing, it was moved by Mr. Collver: 'That this Assembly do now adjourn.'

The question being put, it was negatived.

The debate continuing, a Point of Order was raised by the Member for Biggar to the effect that, according to *Erskine May's Parliamentary Practice*, Nineteenth Edition, p. 377, a Member who has moved a dilatory motion cannot later speak to the main question if his motion is negatived and therefore the Member for Nipawin had lost his right to speak on the main motion.

STATEMENT BY MR. DEPUTY SPEAKER

In response to the comments of the Member for Nipawin on the point of order, I want to point out that the motion to adjourn the House was in order. Also, the Member for Nipawin raised the point that the Speaker had allowed him to continue his remarks at five o'clock p.m. after the motion was negatived. I remind all Members that the Speaker or any Member may raise a Point of Order when a breach of order has occurred. I find that the Point of Order was raised at the first possible opportunity as the Member called it 5 o'clock p.m. immediately after the division. I will therefore rule on the Point of Order raised by the Member for Biggar. Some doubt has been expressed in this case whether the citations in May's *Parliamentary Practice* and *Beauchesne's Parliamentary Rules and Forms*, which prohibit a Member from continuing to speak when he has lost an adjournment motion apply in the case of an adjournment of the House.

The 1969 Rules Committee report lifts this prohibition for a Member moving the adjournment of the debate. However, the application of this to the adjournment of the House was not included.

I refer all Members to a ruling of the Chair of January 6, 1976, p. 108, *Journals of the Legislative Assembly of Saskatchewan*, which clarifies the practice in this House as follows:

'The debate continuing, a Point of Order was raised to the effect that the mover of the motion to adjourn the Assembly had the right to continue his remarks after the motion was negatived. Mr. Speaker ruled that the Member, in moving the motion, lost his right to continue his remarks. He referred all Hon. Members to *Beauchesne's Parliamentary Rules and Forms*, Fourth Edition, p. 138, cit. 165(8) as follows: 'A Member who has moved or seconded the adjournment of the debate which has been negatived cannot speak to the original motion.'

Mr. Speaker reminded the Members that this citation in Beauchesne before 1969 has applied to all adjournment motions. Upon the recommendation of the Select Standing Committee on Standing Orders and Procedures, 1969, the Assembly granted an exception to this general rule by allowing the Member who lost a motion for the adjournment of the debate, to continue in the debate provided the Member did so forthwith.

Mr. Speaker pointed out that this exception to the Rule did not encompass the motion to adjourn the Assembly and therefore ruled that the Hon. Member had lost his right to continue in the debate.'

Therefore I rule that the Member for Nipawin has lost his right to speak to the main motion. I also point out to all Members that the Member still has the right to speak to any amendment to this motion and, of course, in the Committee and Third Reading stages of the Bill.

The debate continuing, it was moved by Mr. Ham: 'That this debate be now adjourned.'

The question being put, it was negatived on the following Recorded Division:

PRAYERS.

Mr. Andrew, from the Select Standing Committee on Public Accounts and Printing, presented the First Report of the said Committee which is as follows:

1. Your Committee met for organization and appointed Mr. Andrew as its Chairman and Mr. Skoberg as its Vice-Chairman.
2. Your Committee held 14 meetings and examined both the Provincial Auditor's Report and the Public Accounts for the year ended March 31, 1979 with the Provincial Auditor (Mr. Lutz), two of his officers (Mr. Wendel and Mr. Hunt), the Comptroller (Mr. Schneider), and two of his officers (Mr. Kraus and Mr. Fogg) and other officials of the Department of Finance in attendance.
3. During the course of its deliberations, your Committee met with officials of the following Departments:

Department of Agriculture, Land Bank Commission, and FarmStart
Department of the Attorney General
Department of Finance
Department of Government Services
Department of Northern Saskatchewan
Department of Revenue, Supply and Services
Department of Social Services
4. Your Committee notes concerns expressed by the Provincial Auditor regarding funding of Legal Assistance, that during the year under review, the Saskatchewan Legal Community Services Commission provided \$2,006,843 to ten local community boards without proper legislative authority and contrary to the clearly stated legal position.

Your Committee recommends that the Legal Aid Commission should not have to pay out that sum of money contrary to the clearly stated law as set down in the legislation.

Your Committee further recommends that the Saskatchewan Legal Community Services Commission resolve this outstanding issue in order that the Provincial Auditor's Office can insure that public monies are accountable.

5. Your Committee notes that once again the Provincial Auditor has raised the concern that the Department of the Attorney General through the fee tariff on land title fees has raised some \$1,426,305 while only being required to pay out some \$6,062.96.

Your Committee recommends that a new tariff for land titles fees should be implemented so that the assurance fund charges should be such to cover only anticipated losses.

6. Your Committee notes the concern expressed by the Provincial Auditor regarding a weakness in the level of detailed field audits conducted by the Department of Revenue, Supply and Services was not sufficient to secure an effective check on the assessment and collection of Education and Health Tax Revenues.

Your Committee recommends that the Department review its procedures to ensure that there is a balance between the number of detailed field audits on the one hand and the cost of the audits on the other hand so that an effective check is in place.

7. Your Committee notes the concern expressed by the Provincial Auditors regarding the Department of Revenue, Supply and Services not charging the total costs to the users of Executive Aircraft.

Your Committee notes that the legislation dealing with Section 34 of the Department of Revenue, Supply and Services Act has been changed in this session of the Legislature and will remove this concern.

8. Your Committee notes the concern expressed by the Provincial Auditor regarding purchases by the Department of Revenue, Supply and Services of twelve pieces of heavy equipment, when the tenders called for bids on a lesser number of items.

Your Committee recommends that in the future every effort should be made for tenders to be called for the total pieces of equipment to be purchased so as to ensure that the best possible price can be obtained for the said equipment.

9. Your Committee notes the concern expressed by the Provincial Auditor regarding the Department of Social Services wherein cash shortages were detected because of criminal activities of an employee of the Department.

Your Committee recommends that although this type of illegal activity will probably always exist, the department should insist on more strict compliance with accounting procedures set out in regulations and orders. In that regard the responsibility should be placed to a greater degree on supervisory personnel to ensure adequate checks and balances are in place.

10. Your Committee notes the concern expressed by the Provincial Auditor that a Crown Corporation has undertaken the construction of a major building in Prince Albert - to be rented to the Department of Government Services for a period of 30 years at the end of which time the title will revert back to the Department of Government Services.

Your Committee is concerned that by such a scheme the Legislative Assembly is being circumvented and denied the right to vote the appropriation of funds for the expenditure.

11. Your Committee notes the concern expressed by the Provincial Auditor that there are still problems associated with the accounting, organizational control and management in the Department of Northern Saskatchewan.

Your Committee recommends that the Comptroller fully investigate this department with a view to developing better control and management procedures.

12. Your Committee recommends that the next Public Accounts Committee review, during the 1980-81 Session, in detail, the concept of comprehensive auditing and present a report to the Legislature during the next Session.
13. Your Committee further requests that the Department of Finance be requested to submit a position paper on comprehensive auditing to the next Public Accounts Committee, for their study and consideration.
14. Your Committee further requests that the Public Accounts Committee of the next Session give consideration to the desirability of separate legislation governing the Office of the Provincial Auditor.

15. That this Committee authorizes, under Section 54 of the Legislative Assembly Act, that the attendance of the Chairman and Vice Chairman or their designates from the 1979-80 Public Accounts Committee, to attend the 8th Annual Conference of Legislative Auditors to be held in Winnipeg, Manitoba, August 11-13, 1980.
16. Your Committee extends its appreciation to the Clerk of the Legislative Assembly and his staff; the Provincial Auditor; and the Comptroller for their support services to the Committee.
17. Your Committee has considered the matter of sessional printing and recommends as follows:
 - (a) That 375 copies of the Journals be printed, including the Questions and Answers as an appendix;
 - (b) That 750 copies of the Debates and Proceedings be printed daily, two copies each to be supplied to Members of the Assembly;
 - (c) That 120 copies of the Minutes and Verbatim Report of Proceedings of the Public Accounts Committee be printed with all convenient speed, one copy each to be supplied to Members of the Assembly.
18. Your Committee advises that copies of the Minutes and Verbatim Report of Proceedings of the Public Accounts Committee will be Tabled as a Sessional Paper.

Moved by Mr. Andrew, seconded by Mr. Skoberg:

That the First Report of the Select Standing Committee on Public Accounts and Printing be now concurred in.

A debate arising and the question being put, it was agreed to.

The Assembly, according to Order, resolved itself into the Committee of Finance.

MR. SPEAKER, MEMBERS OF THE LEGISLATIVE ASSEMBLY:

It is my duty to relieve you of further attendance at the Legislative Assembly. In doing so, I wish to thank you and congratulate you on the work you have done.

You have taken steps to improve the working conditions for the people of the province, and to strengthen the measures already in place which protect them against the effects of injuries or disabilities sustained while at work.

In the interests of the recipients of both public and private pension plans, you have passed legislation which ensures them adequate retirement incomes and shelters them from the inflationary trend in our society.

You have approved amendments to the Senior Citizens School Tax Rebate Act, The Property Improvement Grant Act, and Renters Property Tax Rebate Act to extend their benefits to residents of the province not hitherto covered in order to recognize their contribution to the cost of municipal services.

By passing legislation to amend the Meewasin Valley Authority Act, you have refined the ability of the Authority to proceed with the protection and beautification of the river bank and surrounding area in Saskatoon.

You have strengthened the ability of the province's telecommunications system to provide the best quality service to the people of Saskatchewan by enshrining the system's basic principles in legislation.

In order to ensure the average citizen better access to the court system in Saskatchewan, you have passed legislation to simplify and consolidate the system.

To increase the protection of passengers in motor vehicles, legislation has been enacted to make the use of rear seat belts mandatory.

You have passed legislation to create separate departments of Rural Affairs and Urban Affairs, thereby recognizing the growing importance of local governments.

In recognition of our province's unique and valuable past, you have passed legislation to conserve and protect significant heritage resources.

By passing the Act to establish Ecological Reserves and the Act respecting the Assessment of the Impact on the Environment of New Development, you have strengthened the principle and procedures of environmental protection.

To help Saskatchewan farmers transport one of the province's most valuable resources you have established the Saskatchewan Grain Car Corporation.

To afford the agricultural industry in Saskatchewan continued vitality, you have taken measures to ensure that farmland in the province is primarily owned and controlled by Saskatchewan people.

In recognition of the economic promise of Saskatchewan, you have created the Department of Economic Development to co-ordinate major economic development prospects.

I thank you for the provision you have made to meet the further requirements of the Public Service and I assure you that this sum of money will be used economically, prudently, and in the public interest.

In taking leave of you, I thank you for the manner in which you have devoted your energies to the activities of the Session and wish you the full blessing of Providence.

Questions and Answers

DECEMBER 5, 1979

- 1— Mr. Ham asked the Government the following Question, which was answered by the Hon. Mr. Kramer:

Has the Highway Traffic Board investigated any instances of excessive charges as a result of mechanical work stemming from motor vehicle safety inspection since January 1, 1979, and if so, how many? As a result of these investigations what action, if any, has been taken by the Highway Traffic Board in each instance?

Answer:

No formal requests have been made for investigations.

- 2— Mr. Ham asked the Government the following Question, which was answered by the Hon. Mr. Kramer.

(a) Has the Minister of Highways reached an agreement yet with the Federal Government with regard to the road leading to Fort Walsh National Historic Park? (b) If so, what are the terms of that agreement, and will the Minister table the agreement?

Answer

(a) Yes, the Minister of Highways has reached an agreement with the Federal Government with regard to the road leading to Fort Walsh National Park.

(b) The terms of agreement are:

Location of work:

Angle Grid Road from junction with Highway No. 21 in Town of Maple Creek, Saskatchewan, to junction with Six-Mile Road - approximately 26.7 miles.

Park Access road known as Six-Mile Road from junction of Angle Grid Road to Parkgate - approximately 5.1 miles.

Trailer drop-off lot, adjacent to junction of Angle Grid Road and Six-Mile Road - approximately 1 acre in size, 200 feet by 200 feet.

Payment is to be made on the basis of the following formulae:

Six-Mile Road - and trailer drop-off: 80 per cent Federal - 20 per cent Provincial of all direct costs related to the construction.

Federal liability to be limited to the lesser of the total Federal share of above, or \$1,193,800. Funds available during 1979-80 may be limited to \$400,000.

Maintenance of the Road shall remain the responsibility of the Province.

The Minister will table the agreement at a later date, if the Federal Minister agrees.

DECEMBER 10, 1979

10—Mr. Birkbeck asked the Government the following Question, which was answered by the Hon. Mr. Hammersmith:

(1) How many communities have opted out of the jurisdiction of the Northern Municipal Council of the Department of Northern Saskatchewan since March 31, 1978? (2) What are the names of these communities, and what was their official reason for opting out of the Northern Municipal Council?

Answer:

The communities which have opted out are:

- Buffalo Narrows N.C.A. No. 1
- Ile a la Crosse N.C.A. No. 2
- Cumberland House N.C.A. No. 3
- Sandy Bay N.C.A. No. 4
- La Loche N.C.A. No. 5
- Beauval N.C.A. No. 6
- Green Lake N.C.A. No. 7
- Air Ronge N.C.A. No. 8
- Pinehouse N.C.A. No. 9

The main reasons for opting out are two fold:

(1) Increased local autonomy — The status as a Northern Community Area afforded the locally elected council complete independence of action and autonomy similar to that of a village or town council in the southern part of the province. This status eliminated any reason for remaining under the N.M.C. for purposes of legality in entering into contracts enacting of bylaws, etc.

(2) Financial independence — The change in the funding formula for per capita equalization grants in 1978 made substantially more funds available to the communities. In addition, they were given the option of remaining under the N.M.C. or of dis-associating from the N.M.C. If a community remained under the N.M.C., 30 percent of its per capita and equalization grants would be retained by the N.M.C. for administrative purposes. By dis-associating from the N.M.C., the communities were enabled to exercise control over and direct the expenditure of 100 percent of the grant monies made available to them.

11— Mr. Birkbeck asked the Government the following Question, which was answered by the Hon. Mr. Hammersmith:

(1) What is the total budget of the Extension Services Branch of the Department of Northern Saskatchewan for 1979? (2) Has the Extension Services Branch of the Department of Northern Saskatchewan budgeted any money for advertising, and what advertising agencies, and if so, how much, to whom, and for what?

Answer:

(1) The total budget of the Extension Services Branch of the Department of Northern Saskatchewan for 1979 is \$520,390.

(2) The Extension Services Branch of the Department of Northern Saskatchewan has budgeted \$21,000 for advertising of which \$20,000 is for informational advertising concerning department programs and activities, including forest fire prevention, and \$1,000 for advertising associated with the Northlands Agreement.

12— Mr. Birkbeck asked the Government the following Question, which was answered by the Hon. Mr. Hammersmith:

(1) Have tenders been called for the construction of a Department of Northern Saskatchewan building in Uranium City? (2) If so, to whom has the contract been awarded to, and at what cost? (3) Will there be any major changes from the original plan, and why? (4) What is the scheduled completion date of this building?

Answer:

(1) Yes

(2) On January 30, 1979, Penner and Co. Western Ltd. of Kola, Manitoba, was awarded a construction contract at a stipulated sum price of \$2,117,000.

(3) The only change with any significant dollar value relating to engineering details was that to foundations.

Upon excavating for the foundation design, pockets of wet silt were uncovered. These pockets were not discovered in the original geotechnical investigation. This discovery led to a redesign of the footings to compensate for the wet silt condition. The work involved increasing the footing sizes and resulted in increased excavation formwork concrete and reinforcing steel volumes. The total cost of this change is \$34,913.48 or 1.6 percent of the original contract value.

The Department does not anticipate any major future changes at this time.

(4) The scheduled completion date is March 1, 1980.
