FOURTH SESSION—THIRD LEGISLATURE

REGINA, MONDAY, MAY 10, 1915.

3 O'CLOCK P.M.

This being the first day of the Fourth Session of the Third Legislative Assembly of the Province of Saskatchewan, for the dispatch of business, pursuant to a Proclamation of His Honour George William Brown, Lieutenant Governor of the Province, dated the fourteenth day of April, 1915, and the House having met, His Honour entered the House and having taken his seat upon the Throne was pleased to open the Session with the following speech:

MR. SPEAKER AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

When you were called to meet unexpectedly in the month of September, 1914, I said that no one could predict with any certainty whether a subsequent Session within the legislative year might not be necessary. That it has been found expedient to convene you again at this time, notwithstanding that you then voted Supplies for the current fiscal period will not be a matter of surprise. The holding of the Session in last September was wholly due to conditions arising out of the War in which our people are involved. One important reason for convening the Legislature now is to deal with a condition which militates against our economic strength in the prosecution of the War. I refer to the sale of intoxicating liquors in bars and clubs.

A measure will be presented for your consideration to provide against the renewal of any bar or club licenses for the sale of intoxicating liquors when these expire on 30th June next, the period of such non-renewal to continue during the period of the War, and to continue thereafter unless a majority of the qualified electors of the Province decide in favour of reviving the licensing system in a referendum which will be taken at the time of municipal elections following the declaration of peace but not earlier than December, 1916.

The proposal thus briefly described goes the full distance in the direction of temperance reform during the war period which has been

urged by the recognised advanced temperance sentiment of Saskatchewan as voiced by the Temperance and Moral Reform Association. The demand for the reform has been supported by many other organisations, including the Grain Growers' Association and the Rural Municipal Union, as well as by persons in all walks of life. The reform stops short of attempted total prohibition of the traffic, for which indeed provincial authority is not competent. The action which was urged upon my Government by the persons and bodies alluded to contemplated the leaving in operation of the traffic at present carried on under so-called wholesale licenses.

My Government believes that the cause of temperance will be better served by taking such residue of the traffic wholly out of private hands. The measure to be submitted to you, therefore, will provide for the taking over by the Government of all the existing wholesale businesses, such places to be conducted by the Government through an independent Commissioner, and to be called Saskatchewan Dispensaries. Inasmuch as under existing law wholesale licenses are granted only in cities and in towns having at least 2,000 population, there are large areas of the Province where, if you adopt the measure, bars will disappear on 1st July next, and where there are no wholesale places to be converted into Dispensaries. It will be proposed for such areas to provide for a local referendum of municipal electors to decide whether or not a Dispensary shall be opened.

The measure will provide in addition for a Provincial referendum to be held not earlier than the year 1919 to determine the continuance or abolition of the Dispensaries system, and further that cities and towns in which wholesale licenses have been granted may hold a local referendum at the time of municipal elections to determine whether the Dispensary or Dispensaries therein shall continue or cease to exist.

A number of other important Bills will be presented to you. The report is expected at an early date from the Commission appointed to inquire into matters concerning the transactions in farm implements, and a Bill on the subject will be submitted, as well as Bills to provide for the taking of security by the Dominion Government for Seed Grain Advances to settlers; to provide for the creation of a Court of Appeal; recasting and amending The City Act; to provide a different method of Tax Enforcement; and to consolidate The School Act and amendments thereto.

To these subjects together with other Bills of minor importance I ask your careful consideration, in which I pray that Divine guidance may be granted you.

While the shadow of the dreadful War continues to rest over our people and owing to the arrival of Canada's First Expeditionary Force at the battle front where they have taken part in noteworthy battles and suffered exceedingly heavy losses, the fearful gravity of the conflict is being borne more closely home to us, yet, on the other hand the inevitable sadness and grief is relieved, and our confidence in a satisfactory outcome of the War is strengthened, by the testimony which comes of the magnificent fortitude and bravery displayed by the Canadian soldiers in action, who are declared by the British Commander-in-Chief to have 'saved the day' at the second battle of Ypres. With mingled sentiments of pride and sorrow, the people of Saskatchewan in common with those

throughout His Majesty's Dominions, remain united in purpose and firm in determination to carry on, together with His Majesty's valorous Allies, the fight for liberty to live and enjoy the principles of freedom, to a definite and successful conclusion.

His Honour was then pleased to retire.

- (2) If so, what is the nature of such change and the reason for same?

Mr. Turgeon answered as follows:

- (1) Yes. By an Order in Council dated the sixth of February, 1915;
- (2) The license fee of \$15 in a city and \$10 in a town for restaurants has been abolished. Village restaurants were never charged any fee;

The license fee for pool rooms and billiard rooms has been changed as follows:

From \$15 for the first table and \$5 for each additional table in city and town, and \$5 for each table in village to \$3 for each table in city and town, and no fee for village tables.

For bowling alleys.—From \$15 for the first alley and \$10 for each additional alley to \$5 for each alley in cities and towns and no license fee for bowling alleys in villages.

All pool rooms, billard rooms, bowling alleys and restaurants are still subject to inspection and other provisions of the Act.

The reason is, that owing to the great financial stress and hard times at present experienced in Saskatchewan, owing to the war and other causes, people making their living by carrying on restaurants, pool rooms, bowling alleys and other places of public entertainment find it a great hardship at the present time to pay the license fees imposed under the several Acts dealing therewith.

Tenders were not called in the ordinary way. Artists were invited to submit sketch models, and two models were submitted, one by Mr. George W. Hill of Montreal, and one by the Bromsgrove Guild, Ltd., of England, through their Montreal Agency. After these models had been viewed by members of the Government and the Legislative

Assembly, Messrs. E. & W. S. Maxwell, the Architects, were authorised to accept that of the Bromsgrove Guild, Ltd., and to commission them to execute the work. The total cost was \$15,000. The working models, prepared in England, cost in making and transportation to Regina \$5,000, leaving \$10,000 as the cost of scaffolding, carving, protecting existing work, resetting of stone, etc., the carvers being of course highly skilled workmen. The price of \$15,000 was that tendered in 1911 when the sketch models were submitted, although the firm represented that in the two and a half years intervening between date of tender and order for execution the cost of such work had advanced very materially. In the tender was given an assurance that the firm should give "a work of art which shall add value to the building and be considered amongst the finest work on the American Continent."

Therefore be it resolved, that joint action should be taken by the Federal Government and the several Provincial Governments towards the end that these unemployed workmen who have had agricultural experience may become producers of Canadian agricultural produce, and further that the fields from which Canada may expect to obtain increases to the agricultural population should be again examined without loss of time and a definite, energetic and comprehensive policy set on foot to effect the solution of the gravely urgent problem.

Moved by Mr. Latta, seconded by Mr. Gardiner,

Whereas contracts were made between the Dominion Government and the Qu'Appelle, Long Lake and Saskatchewan Railway and Steamboat Company in the years 1884, 1887 and 1889, providing among other things: (1) That a land grant of 64,000 acres per mile of railway should be made to the company; (2) That for services rendered, the company should receive \$80,000 annually for a period of twenty years from the said year 1889; (3) That until such time as final settlement should be made between the Government and the company the Government should retain one-third of the said land grant earned by the company as security for the aforesaid yearly advance of \$80,000; and

Whereas the land grant earned by the company amounts to 1,625,244 acres, one-third of which is retained as security as aforesaid; and

Whereas said lands so retained as security, are exempt from taxation so long as title remains in the Crown; and

Whereas the Government of Canada in 1907 agreed with The Saskatoon and Western Land Company, successors to the Qu'Appelle, Long Lake and Saskatchewan Railway and Steamboat Company that the said lands might be sold on condition that for each acre sold the sum of \$5 should be paid to the Government on account of the amount to be repaid on advances as aforementioned, by which arrangement each parcel of said lands became taxable as soon as sold; and

Whereas the Legislative Assembly on February 13, 1911, expressed its unanimous opinion that because of the large portions of the said lands then remaining unsold because of the injustice arising therefrom and because the term of the contract had then expired the Government of Canada should forthwith bring about the winding up of the contract; and

Whereas on March 6, 1911, the Legislative Assembly expressed its unanimous desire that an humble address be presented to His Honour the Lieutenant Governor praying that the Resolution giving expression to such desire be forwarded to the Secretary of State for Canada for transmission to his Excellency the Governor General in Council; and

Whereas a large portion of the said lands still remains unsold and therefore untaxable; and

Whereas the condition resulting from such exemption from taxation is a very serious impediment to the progress of and a gross injustice to the people of the municipalities and school districts in which such lands are situate:

Therefore be it resolved that in the opinion of this House a serious drawback to municipal progress and a gross injustice to the people of the province would be removed were the Government of Canada to at once take the necessary steps towards the winding up of the contract with the company and the releasing of the lands in question so that the said lands may be liable for a just portion of taxation.

Moved by Mr. Latta, seconded by Mr. Gardiner,

Ordered, That an Humble Address be presented to His Honour the Lieutenant Governor praying that a Resolution respecting various contracts made between the Dominion Government and the Qu'Appelle, Long Lake and Saskatchewan Railway and Steamboat Company passed by this House of June 24, 1915, be forwarded to the Secretary of State for Canada for transmission to his Excellency the Governor General in Council.

Mr. Speaker then said:

MAY IT PLEASE YOUR HONOUR:

The Legislative Assembly of the Province of Saskatchewan in session assembled approach Your Honour at the close of their labours with sentiments of unfeigned loyalty and humbly beg to present for Your Honour's acceptance a Bill intituled "An Act for granting to his Majesty certain sums of Money for the Public Service of the Fiscal Year ending the thirtieth day of April, 1916," thus placing at the disposal of his Majesty the means by which the Government can be made efficient for the service and welfare of the Province.

The assent of this Bill was announced by the Clerk of the Legislative Assembly in the following words:

"In his Majesty's name His Honour the Lieutenant Governor doth thank the Legislative Assembly, accepts their benevolence and assents to this Bill."

His Honour then delivered the following speech:

MR. SPEAKER AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

I am pleased to relieve you from your attendance upon the present Session of the Legislative Assembly which has been fruitful of a large amount of what I am sure will prove to be useful and beneficial legislation.

The action you have taken in the direction of temperance reform and the provision which you have made regarding the problem of public accommodation will undoubtedly meet with the appreciation and approval of the great majority of the people of the province.

I am also confident that the various steps you have taken by legislative enactment to correct many of the evils which in the past attached to the sale of farm machinery will in their practical working out prove of material benefit to our farmers.

I have much pleasure in noting particularly that the Legislature

has recognised that the time has arrived to protect the married woman's interest in certain properties of her husband and that the necessary modifications in the law have been made with this object in view.

Your labours in connection with the consolidation of various Acts, including The School Act, The School Assessment Act, The Insurance Act and The City Act, I feel confident will be much appreciated by all who have charge of the administration of the laws.

The prospects of the present crop season in our province are bright and I sincerely join in the hope that these bright prospects may be fully realised by all.

The issue of the war remains exceedingly grave and there is unfortunately no lessening within the British Isles and his Majesty's Dominions or the countries of his Majesty's allies of the necessity for the utmost effort and sacrifice towards supplying the men and munitions to win triumph for the principles of justice and freedom for which we fight, and towards procuring the proper care of the wounded, the procuring of comforts for our own brave soldiers at the front, and attention to the needs of the families at home of these soldiers. On the other hand, since the date when you convened for this session, our position in the terrible struggle has been greatly strengthened by the addition of Italy to the list of his Majesty's allies, and we may derive pronounced encouragement from the fact that there continues to prevail in every part of the British Empire and as well amongst all the peoples who have united with us to enforce good faith in international relations and the right of existence of small nations, that same complete unanimity of purpose which has been remarkably evident from the time the conflict began. Our Saskatchewan people fervently join in the purpose, and if greater and still greater sacrifices are called for will be found steadfastly ready to meet them. Your own work in the session towards ending the serious economic drain upon individual and collective resources involved in the liquor traffic, approved as that work is by our people generally, eloquently testifies that Saskatchewan possesses a lively sense of the duty thrust upon all by the war.

I thank you for the additional provision which you have made for the public service.

In taking leave of you on this occasion I desire particularly in my own behalf to thank you for the earnestness which you have devoted to the unusually important legislation with which you have dealt during the session, and to wish for each of you the full blessing of Providence as you separate to return to your respective homes.

The Hon. Mr. Turgeon then said:

MR. SPEAKER AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

It is His Honour the Lieutenant Governor's will and pleasure that this Legislative Assembly be prorogued until it pleases His Honour to summon the same for the despatch of business, and the Legislative Assembly is accordingly prorogued.
