Legislative Assembly of Saskatchewan

Third Session

Twenty-fourth Legislative Assembly

THURSDAY, MARCH 14, 2002
(1ST DAY)

2:30 p.m.

The Speaker informed the Assembly that he had received a communication from the Private Secretary to Her Honour the Lieutenant Governor stating that Her Honour would open the Session at 2:30 p.m. today, Thursday, the 14th day of March, 2002.

2:32 p.m.

SPEECH FROM THE THRONE

Her Honour the Lieutenant Governor entered the Chamber, and having taken her seat upon the throne, was then pleased to open the Session with the following speech:

Speaker and Members of the Legislative Assembly,

Welcome to the Third Session of the Twenty-fourth Legislature of Saskatchewan.

This year marks the Golden Jubilee of Queen Elizabeth's accession to the throne of the United Kingdom and Canada. During her 50-year reign, Her Majesty has won our admiration for the stability, integrity and vision she has brought to the Commonwealth. The Queen has encouraged us to use the Jubilee as an opportunity to reflect on the ways in which our lives have changed over the past half century, to take stock of where we stand today, and to look to the future, particularly at how youth may contribute to our society.

Dedication

With this encouragement in mind, I would like to dedicate my remarks, and the plan of my government, to the students of Sacred Heart Catholic Elementary School in Regina - students who ably represent our future hopes and aspirations.

Sacred Heart School is one of Saskatchewan's vibrant community schools.

The students, staff and parents of Sacred Heart School are successfully tackling the challenges that face their school and their inner city community. The school is a model of how innovation and determination can create opportunities and confidence. In fact, an international panel has recognized the school's achievements. Sacred Heart School will be showcased at a Model Schools Conference in Washington, D.C. this June. Their positive spirit and enthusiasm are an inspiration to all of our citizens.

I would like this Assembly to recognize the students of Sacred Heart School and their Principal, Loretta Tetreault. These are the young people whose lives you will influence by your deliberations and decisions.

I would also like to acknowledge and celebrate the successful participation of the Saskatchewan members of the 2002 Canadian Winter Olympics Team. The team gave all of us a feeling of great pride and helped to strengthen the bonds of our country. Members of this Assembly will be invited to join in a special event of tribute to our Saskatchewan Olympic athletes.

Listening and learning

Last summer, the Premier and his caucus travelled by bus throughout the province to hear the ideas, concerns and enthusiasm of Saskatchewan people – a process that will continue in 2002.

The doors of the Legislature were opened to hear the views of Saskatchewan people with respect to renewing and improving our health care services.

The Action Committee on the Rural Economy is currently completing the most in-depth consideration ever undertaken to explore opportunities to revitalize rural Saskatchewan.

These are but three examples of how my government has been listening to, and learning from, the people of Saskatchewan during the past year.

My government engaged with the people of Saskatchewan in discussing their ideas and aspirations. My government has developed a comprehensive plan and is ready to proceed with its implementation.

Province of Opportunity

Saskatchewan is able to look to the future with confidence, knowing the wealth of human and natural resources that we possess. My government's plan will ensure these resources create opportunities for Saskatchewan citizens, communities and industry.

Opportunity abounds in many sectors of our economy:

- Diversification and value-added processing in agriculture;
- Increased development of energy resources – including green energy;
- Expansion of sustainable forestry production and manufacturing;
- Growth in our cultural industries;
- New tourism destinations and services; and
- Mining including base metals, diamonds and other mineral deposits.

Indeed, Saskatchewan recently surpassed British Columbia to become our nation's third largest mineral producer. We are also Canada's second largest producer of oil and gas.

Our citizens demonstrate their determination to take advantage of these opportunities in many ways.

Saskatchewan has led all provinces in increasing its gross domestic product per capita. And we continue to lead the country in many ways. Our manufacturing productivity is among the highest in Canada. We lead the way in small business – with more per capita than any other western province. We lead the way in high school graduation rates. We lead the way in university enrollment rates for 18 to 24 year olds – the highest in the western provinces and well above the national average.

Confidence and optimism in Saskatchewan's economic future is increasing on all fronts. The bond rating houses and financial institutions have repeatedly upgraded the province's credit rating – nine times since 1995.

The TD Bank Financial Group recently expressed confidence in the growth of Saskatchewan's economy. While the Bank projects that real personal disposable income will fall for most Canadians this year, it forecasts that Saskatchewan residents will enjoy the nation's largest average increase in personal income during 2002.

Since 1999, KPMG's international surveys have consistently shown that Saskatchewan's cities are among the most competitive in the world. Saskatchewan's four largest centres have ranked higher than the Canadian average, and are equal to, or better than, cities such as Winnipeg, Calgary and Vancouver.

Investors and companies, from here in Saskatchewan and from beyond our borders, are participating in the economic renewal of our province. Tolko Industries is developing an Oriented Strand Board Plant in Meadow Lake in partnership with northern communities. Premium Brands has led the expansion of Harvest Foods' specialty meat products factory in the Yorkton area. Centennial Foods has developed an ultra-modern food processing plant in Saskatoon. These are recent examples of how Saskatchewan is steadily diversifying its economy. These three projects alone are providing more than 500 direct jobs for Saskatchewan people.

The potential of our economy, combined with our central geographic location, the entrepreneurial spirit of our people and the quality of our public services, means that Saskatchewan is quickly becoming Canada's province of opportunity.

A commitment in a time of uncertainty

However, the world, Canada, and Saskatchewan have faced uncertainty in recent months. Indeed, since this Assembly adjourned last year, the world has changed dramatically.

Here at home, 2001 was one of the driest years in our history, with drought affecting 60 per cent of our farmland and pastures. International subsidies continue to impact prices for many agricultural commodities. Oil and natural gas prices have severely affected our energy sector and our province as a whole. Softwood lumber duties levied by the United States have affected our forest industry. We have felt the economic slowdown in the United States – the destination for about two-thirds of Saskatchewan's exports.

It is reasonable, therefore, to ask how the government's optimism and commitment to continued social and economic development can be maintained at a time when revenues are declining for governments across Canada and beyond.

My government has spent a decade restoring the fiscal stability and credibility of the province. During the past eight years, the people of Saskatchewan have paid down \$3.7 billion in public debt. Tax-supported debt has fallen from 49 per cent to 23 per cent of our gross domestic product.

Creation of the Fiscal Stabilization Fund has given my government a degree of flexibility in managing fluctuating revenues. However, as with other provinces, Saskatchewan must now face difficult choices in matching future revenues and expenditures.

Nevertheless, my government will maintain its commitment to meet Saskatchewan's immediate priorities *and* to expand our economy.

This commitment will not permit unsustainable tax reductions, a return to massive deficits, or the sale of major Crown corporation assets that could jeopardize the long-term strength of the provincial economy.

This commitment will instead require the co-operation of Saskatchewan people to live within our means while we seize our opportunities.

This commitment also demands that my government remain dynamic and focused to implement its plan of action for Saskatchewan. To that end, a major reorganization of government will soon be undertaken. A restructured government will focus on the means to enhance public services, improve performance, apply new technologies and achieve savings.

A plan of action for Saskatchewan

My government's plan to expand our economy and to create new opportunities for our young people is based on four pillars:

- Investment in the economy and the environment;
- Investment in infrastructure;
- Provision of quality education; and
- Healthy and self-reliant families.

Investment in the Economy and the Environment

Economic growth in Saskatchewan will continue to be led by the private sector and private investment. However, public policy and government initiatives can serve as a catalyst to investment. For that purpose, my government continues to reduce taxes. In 2002, an average Saskatchewan family will pay almost a third less provincial income tax than in 1993. The provincial income tax rate for small business is now 40 per cent lower than in 1991.

My government has created an Investment Attraction Council to work with our business community to increase investment in our province and simplify the regulatory process. Armed with an analysis of our competitive business and taxation advantages, the Council will heighten awareness of Saskatchewan's development potential throughout the investment community.

In recent years, traditional farm employment has fallen dramatically across Canada, affected by commodity prices and mechanization. However, Saskatchewan is blessed with 46 per cent of all the arable land in Canada. While my government shares concerns should the drought continue, it also believes this land base provides the means to stimulate new growth in the rural regions of our province.

Two key initiatives have been taken to support this objective.

The Action Committee on the Rural Economy (ACRE) was created to identify and recommend options to further diversify the rural economy and create jobs. This Assembly will soon receive the final ACRE report and proposals. Those proposals will form the basis of my government's action plan for rural revitalization.

The ACRE recommendation regarding farmland ownership restrictions, pertaining to *The Saskatchewan Farm Security Act*, will be referred to the Standing Committee on Agriculture for full debate during this session of the Legislature.

My government is also advocating a comprehensive National Farm Safety Net Program. The Saskatchewan proposal, developed with advice from our farm leaders, calls for the federal government to support the following measures:

- a meaningful insurance program, including both crops and forages;
- a crop sector revenue deficiency program that offsets the impact of international subsidies; and
- an enhanced margin-based program – targeted at our trade sensitive livestock sector.

Saskatchewan's known oil resources are estimated at 35 billion barrels, much of this in the form of heavy oil. My government will present a comprehensive energy development and conservation strategy that will build on increased heavy oil production and expansion in our natural gas sector. The strategy will also address energy efficiency and expand our ability to generate electricity from co-generation facilities and renewable energy sources including wind power.

Saskatchewan is also well positioned to become a national leader in the production of renewable fuels such as ethanol. Ethanol has the potential to further diversify our agricultural economy and help reduce carbon dioxide emissions into the atmosphere. My government will introduce a Greenprint for Ethanol Production that will foster growth in this industry.

As the federal government considers ratifying the proposed Kyoto protocol, my government will continue to work jointly with Canada to evaluate implications of the protocol for Saskatchewan's environment and economy.

Saskatchewan people recognize the importance of climate change as an environmental and economic issue. Initiatives will be continued to reduce greenhouse gas emissions in our province. A new Office of Energy Conservation will be established.

My government's action plan also addresses other environmental measures necessary to ensure sustainable economic growth. A number of amendments to *The Forest Resources Management Act* will be proposed to ensure that province-wide standards are applied to all forest operations in Saskatchewan.

Safe drinking water is an essential element of a healthy environment and strong economy. This year, my government will introduce direct actions and legislative changes to ensure that the citizens of Saskatchewan have a sustainable, safe and clean supply of drinking water.

Research and development is necessary to promote a strong economy in a modern industrial society. Saskatchewan is an active participant in health, agricultural and industrial research and development. Our two universities, the Petroleum Technology Research Centre in Regina, Innovation Place in Saskatoon, a new Forestry Development Centre based in Prince Albert, and the Saskatchewan Research Council provide a significant research capacity within the province.

Plans will be presented to the Assembly to significantly increase health research undertaken in our province.

Our province's role in research and development will soon be magnified by the Canadian Light Source synchrotron at the University of Saskatchewan in Saskatoon. It is the largest scientific project undertaken in Canada during the last 30 years. The synchrotron will provide researchers with leading edge technology to serve a *national* research and development mandate. It will be vital to academic and industrial scientists in many disciplines.

My government will announce plans to establish a synchrotron institute to ensure we fully achieve the economic potential of related research activity within Saskatchewan.

The province's cultural community is also an important contributor to our economic growth. Saskatchewan writers, artists, performers, producers and technicians give form and voice to the values that define us as a people. Increasingly, they attract worldwide audiences and acclaim.

To acknowledge the growing importance of Saskatchewan's artistic community to our economy and society, *The Saskatchewan Status of the Artist Act* will be introduced.

During this session, my government, together with the SaskFilm and Video Development Corporation, will open the new, \$11.5 million state-of-the-art film and video sound stage in Regina. The sound stage will enable our province to fully participate in international film and video production.

Drawing investment from around the world, the sound stage, as with the synchrotron, adds to the diverse and exciting range of career opportunities available within the province. They provide opportunities for our own young people and for those who choose to relocate to Saskatchewan to pursue careers made possible by these investments in our economy.

Our Crown utility corporations represent another competitive advantage in support of economic growth in Saskatchewan. They provide quality services and offer consumer and commercial rates that are among the lowest in Canada. They also keep head offices, good jobs and profits here at home, supporting local suppliers and providing dividends that help fund essential public services.

Crown corporations also provide the opportunity to partner with private companies in attracting investment for new and expanded enterprises.

A modern economy, such as ours, must ensure that its workers and consumers are protected.

My government will respond to the review of *The Workers' Compensation Act*, undertaken during 2001. A number of recommended changes in the operations of the Workers' Compensation Board will be implemented this year. Further changes, including those requiring legislation, will be determined following consultation with the Board's stakeholders.

Pay equity is an important principle in our contemporary workplace. My government has implemented that principle for more than 25,000 workers employed by provincial departments and agencies, Crown corporations, and several training institutions. My government will continue to encourage the application of pay equity in the health sector.

Saskatchewan legislation must also keep pace with changing technology and practices in the marketplace. Amendments to various Acts will be proposed to address internet purchases; credit card information use; debt collection agency practices; fund-raising company licensing; and cost-of-credit disclosure requirements.

My government will present the Assembly with a series of amendments to *The Automobile Accident Insurance Act*. These will allow for three major improvements to services provided by Saskatchewan Government Insurance.

A Safe Driver Rewards Program will provide insurance premium discounts to safe drivers. Improvements will be made to the Personal Injury Protection Plan. As well, Saskatchewan drivers will be given the choice of alternative insurance coverage that allows for judicial resolution of accident claims.

Investment in Infrastructure

Investment in infrastructure is important to both the economy and quality of life in Saskatchewan.

My government is in the midst of the single largest public infrastructure project in our history – a \$900 million, three-year plan to improve our highways. Members of this Assembly will be asked to approve plans for more than 700 kilometers of highway reconstruction and paving.

New highway construction technologies will be used to assist in constructing high quality transportation corridors that will facilitate economic growth in the province.

In partnership with many municipalities, the government is building better roads.

Saskatchewan leads the nation in extending state-of-the-art telecommunication services to rural and northern citizens.

The CommunityNet program will extend high-speed internet service to a further 460 health, education, community and government centres across the province – ensuring that Saskatchewan residents, organizations and businesses have access to modern internet services. As well, SaskTel will extend high-speed internet to homes and businesses in 191 more communities by 2003.

High-speed internet service and the expansion of digital cellular telephone coverage are examples of how my government invests in provincial infrastructure and supports rural revitalization.

SaskPower and SaskEnergy will also contribute to infrastructure renewal in the province. These corporations will invest \$350 million in 2002 to meet the energy needs of consumers and industry.

The renewal of municipal infrastructure will continue, assisted by the Canada-Saskatchewan Infrastructure Program and Saskatchewan's Centenary Fund.

Provision of Quality Education

Quality education is the third pillar in my government's action plan to expand Saskatchewan's economy.

During the past four years, provincial funding for kindergarten to Grade 12 education increased by 24 per cent. My government is proud to have responded to the innovation and dedication of our educators and the long-term needs of our youth.

Saskatchewan's community schools program is a leader in progressive education. In 83 community schools, parent, community and professional resources come together to help students learn and grow.

The government's new Prince of Wales Scholarships will be targeted to encourage Grade 11 students in community schools to complete high school.

Building on the experience of community schools and the innovation of Saskatchewan educators, the Role of the School Task Force developed the concept of *SchoolPLUS*. *SchoolPLUS* will integrate education and human services to ensure that our schools are able to respond to the particular needs of *each* community and *all* of our students. My government has endorsed the concept of *SchoolPLUS* and will work with our province's educators and human service agencies to ensure its implementation.

Saskatchewan's commitment to post-secondary education will also be maintained. Well over 50,000 Saskatchewan students will participate in classes and training programs this year through the province's universities, SIAST, regional colleges and private vocational schools. As well, on-the-job training programs and the work of Saskatchewan's Apprenticeship and Trade Certification Commission will continue to be key instruments in meeting our training needs.

Of particular significance is the growing number of First Nations and Métis students who participate in provincial education and training opportunities. Saskatchewan is a national leader in providing training geared to Aboriginal students, often delivered through Aboriginal and northern training institutions.

The Northern Health Sciences Access Program and the Northern Nursing Education Program are initiatives that will be valuable to increase the number of northerners trained as health professionals in our province.

Through the development of Campus Saskatchewan, our post-secondary institutions will increase on-line and distance learning opportunities for Saskatchewan people. The government will also support increased delivery of high school programs via the internet. Students in rural, northern and urban locations will have new opportunities to access a greater range of programs through on-line learning.

In addition to its direct investment in education, my government's plan includes other initiatives to tap the vitality and ideas of our youth.

During the next year, the Centennial Student Employment Program will generate unique career development opportunities and provide employment experience for 1,300 Saskatchewan young people.

Young people have said to government – "give us a voice at the table". In response, young people will be given opportunities for mentorship, training and decision-making as members of the Boards of our Crown Corporations and a variety of other agencies and commissions of the government.

Healthy and Self-Reliant Families

My government's action plan for Saskatchewan recognizes that good health and good housing are fundamental to the quality of our lives. My government is also determined that the opportunity to participate in our economy will be extended to all of our citizens.

Therefore, the fourth pillar of my government's core strategy is to support the development of healthy and self-reliant families.

One way we can do this is to ensure early childhood development for vulnerable children. *Kids First* has been designed and developed as a joint program that involves community members and professionals working together. Its expanded implementation will proceed this year.

Building Independence is a support program that has reduced social assistance caseloads to the lowest level in ten years by increasing participation in the labour force. *Building Independence* will be expanded during the next year to give more families the opportunity for greater participation in our economy.

Through the Saskatchewan Housing Corporation, my government provides affordable, quality housing to more than 67,000 lower income residents of the province. With the renewed support of the Government of Canada, a new five-year housing initiative to construct 1,000 additional housing units in urban and northern areas will begin this year.

One of my government's highest priorities in its action plan for Saskatchewan is the provision and renewal of sustainable, publicly administered health care that is accessible to all.

Last December, my government released *The Action Plan for Saskatchewan Health Care*, a long-term plan to improve and secure health care for all Saskatchewan people.

This Assembly will be presented with a budget and legislative amendments to help implement that Plan, facilitating a practical approach to change, at a manageable pace.

My government will implement measures to better manage waiting times for elective surgery, create primary health care teams throughout the province, increase recruitment and training activities, and establish a 24-hour phone line that offers immediate advice from a registered nurse. A program to train 240 Emergency Medical Technicians will also begin this year.

The Paramedics Act will be introduced to recognize the growing levels of training among emergency service professionals and create a self-regulatory body for their members.

My government will introduce legislation to establish 12 new Regional Health Authorities and Canada's first Health Quality Council – an independent advisory board that will encourage excellence throughout the health care system and report to the public on health care quality issues.

As Saskatchewan begins to implement its long-term plan for health care, the issue of funding must be addressed. It is my government's view that Canadians value their health care system and support the need to reinstate additional federal funding for health services. While administrative efficiencies and illness prevention programs can assist in managing costs, the federal government is a necessary partner in addressing this national priority.

Healthy and self-reliant families, the provision of quality education, investment in infrastructure and investment in the economy - these are the four pillars of my government's action plan for Saskatchewan.

Communities of Opportunity

To achieve our goal of building the province of opportunity, we must also assist in building communities of opportunity by working with municipalities, First Nations and Métis communities.

Municipal governments have expressed interest in increasing their autonomy and authority to deliver quality public services to their communities.

The cities of the province have suggested a *City Act* that would more fully recognize their evolution and independence as larger municipal governments. Introduction of a *City Act* will therefore be considered as the basis for discussion and consultation about the concept being proposed.

As well, amendments to *The Urban Municipality Act*, *The Rural Municipality Act*, and *The Northern Municipalities Act*, to enhance the authority and accountability of local governments, will be introduced during this session.

With the support of both the municipal sector and the business community, my government will introduce amendments to *The Assessment Management Agency Act*. This will enable the introduction of the income approach to evaluation of commercial property as an alternative to current assessment tools.

First Nations and Métis citizens are rapidly increasing their participation in the social, political and economic life of our province. That is the purpose of my government's Métis and Off Reserve First Nations Strategy, an interdepartmental initiative to respond to the aspirations of Aboriginal peoples.

My government is strengthening its relationship and co-operation with Métis people, supported by the recognition contained within *The Métis Act*, proclaimed earlier this year. The government will continue to promote the participation of Métis entrepreneurs and companies in our economy through initiatives such as the Clarence Campeau Fund and the Northern Development Fund.

My government also appreciates its growing business partnerships with Saskatchewan First Nations. Of particular note is the First Nations Gaming Agreement, under which many business and employment opportunities have been created for Aboriginal residents.

My government will continue to fulfill the terms of the Treaty Land Entitlements signed with individual First Nations and the Government of Canada. Self-government negotiations will also proceed with the Meadow Lake Tribal Council, the Federation of Saskatchewan Indian Nations and Canada.

Strong Aboriginal communities will enhance Saskatchewan's prospects as the province of opportunity.

Justice and Security

My government is committed to ensuring the safety and security of Saskatchewan families and communities.

Last year, the *Special Committee to Prevent the Abuse and Exploitation of Children Through the Sex Trade* tabled its final report and recommendations. The government's legislative response to that report will emphasize the accountability of perpetrators and timely intervention on behalf of victims.

Saskatchewan will participate in implementation of the *National Sex Offender Registry*. The Registry will provide for the mandatory registration of former sex offenders who have been released from incarceration in Saskatchewan or who enter the province.

Saskatchewan will also join with other provinces and territories in introducing legislation to make it easier for families living in different regions of the country to obtain court orders for child maintenance. The legislation will help ensure that children receive the financial support to which they are entitled, regardless of where they live in Canada.

My government has formed the *Commission on First Nations and Métis Peoples and Justice Reform*, which will soon begin its community-based hearings and consideration of possible reforms to the justice system that will benefit all citizens of the province.

During this session of the Legislature, the resources of our police services will be strengthened. The government will also monitor and report on measures taken to reduce crimes committed by repeat offenders.

Volunteers

Saskatchewan communities are enriched and strengthened by volunteers. We continue to enjoy the highest rate of voluntarism in Canada. Volunteers contribute to the growth and prosperity of our communities. My government will soon announce the Premier's Volunteer Sector Initiative. Its purpose will be to recognize, support and build an even stronger volunteer sector in Saskatchewan.

Conclusion – Wisdom for our Children's Children

I have spoken about the sense of uncertainty that has faced our economy and our world in recent months.

More than one hundred years ago, great uncertainty also faced the First Nations of the Canadian prairies as they made Treaties with the Queen and the Government of Canada. The wisdom of those First Nation Chiefs, recorded at the time of the Treaty negotiations and signings, still rings true today as we consider the opportunities and choices that face the people of Saskatchewan.

One such Chief was Ahtahkakoop – Starblanket – whose life and people were recently documented by Saskatchewan writer Deanna Christensen. In 1876, Chief Ahtahkakoop counselled his First Nation to consider how the decisions they make today would impact on the generations of the future. He said to them, and I quote:

“Let us not think of ourselves but of our children's children. We hold our place among the tribes as chiefs and councillors because our people think we have wisdom above others amongst us. Then let us show our wisdom. Let us show our wisdom by choosing the right path now while we yet have a choice.”

I am pleased to bring the words of Chief Ahtahkakoop to this House as you begin your deliberations to meet the needs of Saskatchewan's future generations.

Let us also think about the children who are here today from Sacred Heart Catholic Community School and from other schools in our fair province. These young people represent both an inspiration and purpose for your work. I leave you now to the business of the Session, with full confidence that the government will favourably discharge its duties and responsibilities.

May Divine Providence continue to bless our province and guide this Legislature in all its deliberations.
God Save the Queen.

Her Honour the Lieutenant Governor then retired from the Chamber.

INTRODUCTION OF BILLS

The following Bills were received, read the first time, and ordered to be read a second time at the next sitting:

Bill No. 17 – The Public Employees Pension Plan Amendment Act, 2002

(Hon. Mr. Cline)

Bill No. 18 – The Saskatchewan Pension Plan Amendment Act, 2002

(Hon. Mr. Cline)

Bill No. 19 – The Superannuation (Supplementary Provisions) Amendment Act, 2002

(Hon. Mr. Cline)

STATEMENT BY THE SPEAKER

Yesterday, the Opposition House Leader (Mr. D'Autremont) raised a point of order concerning the procedure for addressing points of order with respect to the proceedings of Question Period. In this regard, I have reviewed the practice of this Assembly, as well as the applicable parliamentary authorities.

When Question Period was instituted as part of the daily routine in 1976, it was done so on the recommendations of the Special Committee on Rules and Procedures. The third recommendation of that report reads as follows:

Mr. Speaker will not entertain points of order during oral question period. Points of Order may be raised on Orders of the Day.

A review of the record shows this recommendation has been adhered to without deviation since 1976. Speakers have not permitted points of order to be raised by Members during oral question period. This is to prevent Members from disrupting questions on substantive issues by raising procedural issues. Nevertheless, while not addressed in that report it is a matter of common practice for the Speaker to intervene during Question Period when there is a breach of order. Although the role of the Speaker in this regard is noted in two rulings of the Chair (dated May 27, 1985 and December 22, 1986), more noteworthy are the many interventions the Speaker has made during Question Period over the years. I will end this ruling with another quote, this time from page 424 of *House of Commons Procedure and Practice*. In noting the procedure for points of order, it is stated:

... if a situation arises during Question Period that the Speaker believes to be sufficiently serious to require immediate consideration, for example, unparliamentary language, then the matter is addressed at that time.

I hope this ruling clarifies the practice of this Assembly with respect to points of order and Speaker's interventions during Question Period. I would like to close by reminding all honourable members that the appropriate time for Members to raise a point of order concerning question period is on Orders of the Day.

WRITTEN QUESTIONS

The Order of the Day being called for Question Nos. 34 and 35, they were answered. (See Appendix)

INTRODUCTION OF BILLS

The following Bill was received, read the first time, and ordered to be read a second time at the next sitting:

Bill No. 20 – The Consumer Protection Amendment Act, 2002

(Hon. Mr. Axworthy)

MOTION PURSUANT TO RULE 46

Leave of the Assembly having been granted, pursuant to Rule 46, it was moved by Mr. Kwiatkowski, seconded by Mr. Hillson:

That this Assembly calls on the provincial government to accept its responsibility in the North Battleford water crisis and to put forward a clear plan for provincial action to manage and regulate safe water that does not offload a majority of the responsibilities and costs onto communities and ratepayers.

A debate arising, it was moved by the Hon. Mr. Osika, seconded by the Hon. Ms. Lorjé, in amendment thereto:

That all the words after the word “Assembly” be deleted and the following substituted therefor:

Endorse the provincial government’s acceptance of the recommendations of Justice Laing and respond with a clear plan of action that improves the regulatory system and works cooperatively with municipalities and First Nations to secure a reliable source of safe drinking water in the future.

The debate continuing and the question being put on the amendment, it was agreed to on the following Recorded Division:

WRITTEN QUESTIONS

The Order of the Day being called for Question No. 69, pursuant to Rule 42(5), it was transferred to Motions for Returns (Debatable) No. 42.

INTERIM SUPPLY

The Assembly, according to Order, resolved itself into the Committee of Finance to consider resolutions for Interim Supply.

The Committee recessed from 5:07 p.m. until 7:00 p.m.

The Committee being resumed, it was moved by the Hon. Mr. Cline:

That a sum not exceeding nine hundred twenty-four million, four hundred sixteen thousand dollars be granted to Her Majesty, on account, for the twelve months ending March 31, 2003.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Cline:

Resolved, That towards making good the supply granted to Her Majesty on account of certain charges and expenses of the public service for the fiscal year ending March 31, 2003, the sum of nine hundred twenty-four million, four hundred sixteen thousand dollars be granted out of the General Revenue Fund.

The said resolutions were reported, read twice and agreed to, and the Committee given leave to sit again.

THE APPROPRIATION ACT, 2002 (NO. 1)

Moved by the Hon. Mr. Cline, by leave of the Assembly: That Bill No. 22 – The Appropriation Act, 2002 (No. 1) – be introduced and read the first time.

The question being put, it was agreed to and the said Bill was, accordingly, read the first time.

By leave of the Assembly and pursuant to Rule 55(2), the said Bill was then read a second and third time and passed under its title.

ROYAL ASSENT

8:42 p.m.

His Honour the Administrator, having entered the Chamber, took his seat upon the Throne.

The Speaker addressed His Honour:

MAY IT PLEASE YOUR HONOUR:

This Legislative Assembly has voted the supplies required to enable the Government to defray the expenses of the Public Service. In the name of the Assembly I present to Your Honour the following Bill, to which Bill I respectfully request Your Honour's Assent:

Bill No. 22 – The Appropriation Act, 2002 (No. 1)

His Honour the Administrator then replied: "In Her Majesty's name, I thank the Legislative Assembly, accept their benevolence, and assent to this Bill."

His Honour then retired from the Chamber.

INTRODUCTION OF BILLS / DÉPÔT DE PROJETS DE LOI

The following Bill was received, read the first time, and ordered to be read a second time at the next sitting:

Le projet de loi suivant est reçu, lu une première fois, et la deuxième lecture en est fixée à la prochaine séance:

Bill No. 23 – The Registered Plan (Retirement Income) Exemption Act

Projet de loi n° 23 – Loi portant insaisissabilité des régimes enregistrés (revenu de retraite)

(Hon. Mr. / L'hon. M. Axworthy)

STATEMENT BY THE SPEAKER

Yesterday the Government Deputy House Leader (Hon. Mr. Hagel) raised a point of order concerning a phrase used by the Member for Swift Current (Mr. Wall) during Oral Question Period. I also wish to thank the Opposition House Leader (Mr. D'Autremont) for his comments.

I have reviewed the record and found that the Member for Swift Current used the phrase “hurricane Maynard” in his question. While the word “hurricane” is not unparliamentary by itself, the use of it in conjunction with the Christian name of a sitting MLA is not appropriate. I do not interpret that the phrase was derogatory to the Minister. However, when referring to other Members in debate, it has been a long standing practice that Members be referred to in the third person, by their constituency or by their title. I therefore ask the Member for Swift Current to refrain from incorporating the names of Members into his remarks.

This incident underscores a growing concern of mine. On occasion, the amount of noise in this Chamber has reached unacceptable levels and renders it difficult, if not impossible, for Members on both sides of the House and the Speaker to hear the words spoken in debate. The fact I had to consult with the written record before we could address this matter illustrates the difficulty caused by excessive noise. It also prevents the Assembly from dealing promptly with questionable language or possible Rule infractions.

I therefore remind all Members of the need to measure their exuberance so that they are not drowning out the recognized member.

I also wish to make a comment on another matter. Last night at 10:25 p.m. the Member for Moose Jaw North raised a point of order that a quorum was not present. At that time I stated that it was not a point of order but that I was obliged to proceed with a quorum count. To maintain consistency and clarity, I want to correct my statement and indicate to all Members that it is indeed our practice to call for a quorum count on a point of order. The rule of order that is being breached by lack of a quorum is Rule 5 in the *Rules and Procedures* of this Assembly.

WRITTEN QUESTIONS

The Order of the Day being called for Question Nos. 78, 80, 81, 82, 83, 85, 86 and 87, they were answered. (See Appendix)

INTRODUCTION OF BILLS

The following Bills were received, read the first time, and ordered to be read a second time at the next sitting:

Bill No. 202 – The Government Accountability Act

(Mr. Krawetz)

Bill No. 25 – The Cost of Credit Disclosure Act, 2002

(Hon. Mr. Axworthy)

STATEMENT BY THE SPEAKER

Yesterday, the Opposition House Leader (Mr. D'Autremont) raised a point of order concerning the use of unparliamentary language by the Minister of Agriculture, Food and Rural Revitalization (Hon. Mr. Serby) during Question Period. In particular, the Minister was accused of using the word "misuse" in reference to the Member for Saltcoats (Mr. Bjornerud).

Having reviewed the verbatim of yesterday's Question Period, I can find no instance of the word "misuse" being used in any context. Therefore, I find the point of order not well taken.

Before closing on this point of order, I would like to clarify the issue of what does and what doesn't constitute unparliamentary language. In making his point of order the Opposition House Leader made reference to a list of words at paragraph 489 of *Beauchesne's Parliamentary Rules and Forms*, 6th Edition, which have been ruled as unparliamentary when used in reference to a Member. I would like to direct all Members to paragraph 491 of the same authority which states: "... No language is, by virtue of any list, acceptable or unacceptable. A word which is parliamentary in one context may cause disorder in another context, and therefore be unparliamentary." By way of illustration, if Members wish to make reference to the lists published in *Beauchesne's*, they will find some words on both the lists of parliamentary and unparliamentary expressions. I hope this clarifies practice in this regard.

ORDER OF REFERENCE FOR THE STANDING COMMITTEE ON AGRICULTURE

On motion of the Hon. Mr. Serby, seconded by Ms. Harpauer, by leave of the Assembly:

Ordered, That the Standing Committee on Agriculture be authorized as follows:

1. To receive a representation, on behalf of the Legislative Assembly, from the Action Committee on the Rural Economy regarding its Final Report, and further, to this purpose; that the said Standing Committee be authorised to conduct its proceedings in the Legislative Chamber, except when the Assembly is sitting, and that the Committee proceedings be televised by the Legislative Assembly on the Saskatchewan Legislative Network, and further that the Legislative Assembly do also broadcast the audio of the proceedings on the Internet via the Legislative Assembly of Saskatchewan web site; and

That upon receiving the Final Report of the ACRE Committee, the Standing Committee shall both make a report to the Assembly to that effect and table a copy of the ACRE Committee's Final Report as soon as is practicable; and

2. To examine and make recommendations to the Assembly with respect to the agricultural land holding provisions as set out in *The Saskatchewan Farm Security Act*; and

That, for the purposes of this examination, the said Standing Committee shall have the authority to engage such advisors and assistants as are required and, in accordance with the provisions set out in Rule 94(4), permit membership on the Committee to be transferable.

SEVENTY-FIVE MINUTE DEBATE

The Order of the Day being called for the following Motion for a Seventy-five Minute Debate, it was moved by Ms. Harpauer, seconded by Mr. Bjornerud:

That this Assembly urges the provincial government to reverse its decision to pay off its own debt to the federal government at the cost of farmers through significantly higher crop insurance premiums and cancellation of spot-loss hail coverage.

A debate arising, it was moved by Mr. Harper, seconded by Mr. Forbes, in amendment thereto:

That all the words after the word "Assembly" be deleted and the following substituted therefor:

support the provincial government's efforts of protecting Saskatchewan farmers and farm families by increasing provincial funding to the crop insurance program despite the federal government's decision to cut back their cost share.

The debate continuing and the period of seventy-five minutes having expired, pursuant to Rule 17(5), the Deputy Speaker interrupted proceedings.

PRIVATE MEMBERS' MOTIONS

The Order of the Day being called for **Motion No. 3**, it was moved by Mr. Gantefoer, seconded by Ms. Bakken:

REPORT OF THE STANDING COMMITTEE ON AGRICULTURE

Mr. Harper, Chair of the Standing Committee on Agriculture, presents the Committee's Second Report of the Twenty-fourth Legislature, which is as follows:

On April 12, 2002, by Order of the Legislative Assembly, the Standing Committee on Agriculture was instructed:

To receive a representation, on behalf of the Legislative Assembly, from the Action Committee on the Rural Economy regarding its Final Report, and further, to this purpose; that the said Standing Committee be authorized to conduct its proceedings in the Legislative Chamber, except when the Assembly is sitting, and that the Committee proceedings be televised by the Legislative Assembly on the Saskatchewan Legislative Network, and further that the Legislative Assembly do also broadcast the audio of the proceedings on the Internet via the Legislative Assembly of Saskatchewan web site, and;

That upon receiving the Final Report of the ACRE Committee, the Standing Committee shall both make a report to the Assembly to that effect and table a copy of the ACRE Committee's Final Report as soon as is practicable.

On April 29, 2002 your committee complied with this order and is pleased to report that it received a detailed and informative deputation from the Action Committee on the Rural Economy regarding its Final Report.

Your Committee wishes to express its gratitude to the Co-Chair of the Action Committee on the Rural Economy, Audrey Horkoff, and to the other members of the Committee for their comprehensive and thought-provoking presentation. Your Committee also wishes to recognize the tremendous effort of all the members of the ACRE Committee in compiling its report, and, accordingly, a copy of the ACRE Committee's Final Report is tabled forthwith.

INTRODUCTION OF BILLS

The following Bill was received, read the first time, and ordered to be read a second time at the next sitting:

Bill No. 39 – The Prescription Drugs Amendment Act, 2002

(Hon. Mr. Nilson)

PRIORITY OF DEBATE

Before Orders of the Day, Hon. Mr. Serby, from his place in the Assembly, made a request pursuant to Rule 19 to move a priority of debate motion.

STATEMENT BY THE SPEAKER

This morning the Minister of Agriculture, Food and Rural Revitalization (Hon. Mr. Serby) provided notice for “Priority of Debate” to the Office of the Clerk, as is required under Rule 19(2). The notice was distributed pursuant to the provisions of the Rule. Having reviewed the case made by the Minister, I am now prepared to rule on the matter.

The object of the priority of debate request is expressed by the Minister’s proposed motion, which is to call various Federal Ministers to appear before the Assembly by May 24, 2002, to hear and respond to concerns of Saskatchewan producers.

Under Rule 19, it is the Speaker’s responsibility to determine whether the matter should receive urgent consideration. The question is whether the matter is sufficiently urgent for the Assembly to set aside all other business to discuss this matter presently. Rule 19(5) states, in part, that the Speaker should pay “regard to the probability of the matter being brought before the House within reasonable time by other means.”

As a Minister of the Crown, the Minister of Agriculture, Food and Rural Revitalization does have opportunity to have this motion come before the Assembly within two sittings after providing notice. If notice was given today, as a Government Motion, it would appear on the Order Paper this Friday, May 3, ahead of Government Orders. As I have stated, under Rule 19(5), the Speaker is obliged to pay regard to an opportunity to bring the matter before the Assembly in a reasonable period of time by other means.

Although this request does meet the requirement of being a matter of urgent public importance, the ability of the Minister to bring this motion before the Assembly within the next two days is an over riding factor. Therefore, given that there is an alternative means for this matter to be raised by the Minister in a reasonable time, it is the Speaker's decision not to grant the request for a "Priority of Debate" under Rule 19.

MOTION PURSUANT TO RULE 46

Leave of the Assembly having been granted, pursuant to Rule 46, it was moved by the Hon. Mr. Serby, seconded by Ms. Harpauer:

That this Assembly call upon the Federal Minister of Agriculture, the Federal Minister responsible for the Canadian Wheat Board, and the Federal Minister of International Trade to appear before this Assembly, by May 24, 2002, to hear and respond to our concerns and the concerns of the Saskatchewan producers in regards to the devastating impact of the new U.S. Farm Bill.

A debate arising, it was moved by Mr. Hermanson, seconded by the Hon. Mr. Lautermilch, in amendment thereto:

That the following words be added after the words "Canadian Wheat Board":

the Federal Minister of Finance,

The debate continuing and the question being put on the amendment, it was agreed to.

The question being put on the motion, as amended, it was agreed to.

CONDOLENCES

Moved by the Hon. Mr. Serby, seconded by Mr. Hermanson, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency, and to the province.

Robert Andrew Heggie, who passed away on July 23, 2000, was a Member of this Legislative Assembly from 1967 until 1971 representing the constituency of Hanley for the Liberal Party.

Mr. Heggie was born on May 13, 1915 in Strasbourg. He spent his childhood in Kelliher and it was here that Mr. Heggie received his primary and high school education. He continued his studies at the Regina Normal School and graduated with his teaching certificate. On July 26, 1938, he married Evelyn Rutherford and they had two daughters and one son. Mr. Heggie is survived by his wife, their children, six grandchildren, and one great-grandchild.

Mr. Heggie began his first career as a teacher in the towns of Punnichy and Raymore. Then, like many men of his generation, he joined the Royal Canadian Air Force during World War Two. He spent four and a half years as a Radar Technician, mostly in Africa. Upon returning to Canada, Mr. Heggie attended the University of Saskatchewan and graduated in 1949 with degrees in Arts and Law. The following year, he was admitted to the Saskatchewan Bar and began practising law in Saskatoon. Mr. Heggie donated his time to his community in other capacities as well. He was an Alderman for the City of Saskatoon from 1954 to 1963. Later, he served as a Judge of the Magistrate Court. In 1969, Mr. Heggie was honoured with the distinction of Queen's Counsel for his service to the legal profession.

Mr. Heggie held a lifelong interest in politics that was evident in his efforts to seek election this Assembly on two occasions before being successful in the 1967 general election. Later, after he had retired to British Columbia in 1979, both he and his wife were active members of the Liberal Associations of Chilliwack and Abbotsford. It was also in British Columbia that Mr. Heggie resumed his judicial career. He became a Judge for the Disciplinary Court in the Federal Penitentiary System on a part-time basis.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. Hermanson, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency, and to the province.

Paul Emile Rousseau, who passed away on October 8, 2001, was a Member of this Legislative Assembly from 1978 to 1986, representing the constituency of Regina South for the Progressive Conservative Party.

Mr. Rousseau was born on December 20, 1929 in Fort Francis, Ontario. He spent the majority of his childhood in Fort Francis before the family moved to Winnipeg and then to Montreal. Mr. Rousseau married Janine Ducharme on April 5, 1952 and they had six daughters. Mr. Rousseau is survived by his wife, five daughters, and six grandchildren.

In 1958, Mr. Rousseau and his family moved to Saskatchewan, settling first in Melville and later Regina. It was here that he began a successful career in the automotive industry. He rose from the position of Sales Manager for Neil Motors in 1960 to later buying the company. He renamed it Crestview Chrysler and took on the roles of President and General Manager. Mr. Rousseau also participated in his community. He dedicated his time to organizations ranging from the French Knights of Columbus and the Kinsmen, to the United Way and the Globe Theatre.

Mr. Rousseau was first elected to this Assembly in 1978 and served as a member of the Official Opposition. After being re-elected in 1982, he began a new chapter in his political career as a Cabinet Minister. From 1983 to 1985, he held the portfolio of Economic Development and Trade as well as the portfolio of Revenue and Financial Services. During this time, Mr. Rousseau was also the Minister responsible for Crown Investment Corporation, Saskatchewan Development Fund and Saskatchewan Government Insurance. It was his work with SGI that resulted in what has been called his political legacy. The introduction of the "Lights On For Life" program was acknowledged as a forerunner to the inclusion of mandatory daytime running lights on cars in order to reduce accidents. Mr. Rousseau left this Assembly in 1986 to assume the position of Saskatchewan's Agent General to the United Kingdom.

In expressing its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. Hermanson, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency, and to the province.

William S. Howes, who passed away on July 12, 2000, was a Member of this Legislative Assembly from 1964 until 1971, representing the constituency of Kerrobert-Kindersley for the Liberal Party.

Mr. Howes was born to William and Hazel May Howes on June 23, 1926 in Kindersley. One of two children, Mr. Howes was educated at elementary and high schools in Kindersley. He married his wife, Carrie Lou Naffziger, during the summer of 1947. Mr. Howes was predeceased by his parents and is survived by his wife, their two sons and several grandchildren.

In his private life, Mr. Howes followed in his father's footsteps and undertook a career as a municipal secretary. He augmented this career by becoming a farmer as well. Mr. Howes also inherited his father's sense of duty toward the community. He was a member of his local Lions Club and the Royal Canadian Legion and a Mason. He entered into politics and was elected to this Assembly on April 22, 1964. The following year, he assumed the position of Deputy Speaker and served in that capacity for two years. Mr. Howes went on to serve a second term when he was re-elected in 1967.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. D'Autremont, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency, and to the province.

Eldon Arthur Johnson, who passed away on December 29, 2001, was a Member of this Legislative Assembly from 1956 until 1964, representing the constituency of Kerrobert-Kindersley for the Co-operative Commonwealth Federation.

Mr. Johnson was born on October 18, 1919 in Kindersley. He spent his childhood on the family farm and attended the Beadle elementary school. Mr. Johnson went on to attend McKenzie High School in Kindersley. Following his completion of Grade 12 in 1939, he attended the University of Saskatchewan, where he received a bachelor's degree in agricultural engineering in 1943. On July 11, 1950 he married Charlotte Heinrichs. Together they had a daughter and a son. Mr. Johnson is survived by his wife, their two children, and three grandchildren.

After graduating from the University of Saskatchewan, Mr. Johnson enlisted with Royal Canadian Electrical and Mechanical Engineers. During World War Two, he served as a Lieutenant in Britain, Holland, Belgium and Occupied Germany. In the post-war years, Mr. Johnson found his time divided between the farm at Beadle and the University of Saskatchewan where he taught agricultural engineering in the fall and winter. Mr. Johnson also devoted time to various groups in his community such as the Beadle Wheat Pool, Kindersley District Credit Union and Co-op as well as the Kindersley branch of the Saskatchewan Farmers Union. However, much of Mr. Johnson's life was defined by his passions for archaeology and playing the bagpipes. His love of archaeology would lead to his co-founding the Saskatchewan Archaeological Society and developing his skill as a flint-knapper.

Mr. Johnson was first elected to this Legislative Assembly in 1956 and re-elected in 1960. He served as the Deputy Speaker from 1963 until 1964. Mr. Johnson also served as the Chair for the Public Accounts Enquiry Committee, and in that capacity helped to initiate substantial revisions to the structure and role of the Standing Committee on Public Accounts.

In addition to this, Mr. Johnson used the political arena to further the cause of preserving artefacts. He developed legislation to protect Saskatchewan heritage and established a department of Archaeology. In the wake of his political and farming careers, Mr. Johnson returned to the University of Saskatchewan to further pursue his love for learning and archaeology. In 1983, he received a Bachelor of Anthropology. This was followed, in 1986, by a Masters in Anthropology and Archaeology and the creation of his own archaeological consulting practice called "Lithic Laboratories". Mr. Johnson's tireless work in the field of preservation was recognized in 1988, when he was awarded the Parks Heritage Award by the Government of Canada.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. D'Autremont, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

Robert Kohaly, who passed away on October 24, 2001, was a Member of this Legislative Assembly from 1953 until 1956, representing the constituency of Souris-Estevan for the Progressive Conservative Party.

Mr. Kohaly was born on July 9, 1921 in Fredricton, New Brunswick. In the course of his 80 years, he married Dorothy and they had two sons and two daughters. Mr. Kohaly is survived by his wife, their children, several grandchildren, and two great-grandchildren.

With the start of World War Two, Mr. Kohaly joined the 2nd Division of the South Saskatchewan Regiment. He served overseas and was wounded during the raid on the French town of Dieppe, in August of 1942. Mr. Kohaly took advantage of the overseas educational service of the Royal Canadian Legion to pursue his education at the University of Saskatchewan. He completed his law degree in 1948 and settled in Estevan, where he would practice law for the next four decades. Recognizing all that the Royal Canadian Legion had done for him, Mr. Kohaly joined their ranks in 1947. He would remain with them for many years. During his tenure he would serve as the Head of the Royal Canadian Legion's Saskatchewan Command in 1961 and later become the national President in 1968.

Mr. Kohaly demonstrated the same sort of dedication to his political career. He was first elected to this Assembly in a by-election on October 28, 1953, becoming the first Conservative to be elected in the province since 1930. Mr. Kohaly firmly believed that his public and political service was a means for him to repay the people of Saskatchewan for the support he had received through veteran benefits.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. D'Autremont, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

Harry David Link, who passed away on February 4, 2002, was a Member of this Legislative Assembly from 1964 until 1967, representing the constituency of Saskatoon City for the Co-operative Commonwealth Federation.

Mr. Link was born on January 28, 1918 on a homestead in what is now Hodgeville. The youngest of eight children, Mr. Link was educated at Beechy. He met and married his wife Joan in the fall of 1944 in England. Mr. Link is predeceased by his wife Joan and survived by their four sons and eight grandchildren.

In his private life, Mr. Link began a career in commercial sales before becoming a Flight Lieutenant gunner for the Royal Canadian Air Force during World War Two. In this capacity, Mr. Link displayed a flare for leadership that would earn him the George Medal and a Mention in Despatches for rescuing his crew from burning wreckage. This sense of leadership would continue to show throughout the following years. After returning to Saskatchewan, he embarked once again on a career in commercial sales. This eventually led to the purchase of Capital Real Estate in Saskatoon in 1954. From here, Mr. Link became the President of the Saskatchewan Real Estate Association. Mr. Link devoted his time and energy to other organizations as well. He served on the executive of the Saskatoon Co-op, his local branch of the Canadian Legion, the Canadian Institute of International Affairs and the Canadian Travellers.

Mr. Link became involved with the Co-operative Commonwealth Federation during its early years. He served as the President of his local constituency association and as a member of the C.C.F. provincial council. He became President of the Saskatchewan C.C.F. – N.D.P. in 1961 during a transitory stage that was marked by the resignation of T.C. Douglas, the assumption of party leadership by Woodrow Lloyd, and a new affiliation with the N.D.P. Mr. Link completed his service to the province with his election to this Assembly in the 1964 general election.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. D'Autremont, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

Martin Pederson, who passed away on September 1, 2001, was a Member of this Legislative Assembly from 1964 until 1967 representing the constituency of Arm River for the Progressive Conservative Party.

Mr. Pederson was born on the family farm at Hawarden on December 5, 1921. He received his schooling in Sunrise, Avonlea and Hawarden schools. While serving overseas, he met and married Kathleen (Kay) Dawson of Lancaster, England on November 3, 1943. Together they had a daughter and a son. Mr. Pederson is survived by his wife, their children, six grandchildren, and three great-grandchildren.

Shortly after graduating from high school, Mr. Pederson joined the Royal Canadian Air Force in 1941. He received his pilot wings and the rank of Flying Officer, and was posted in Britain in 1942. Once there, he was assigned to the Royal Air Force 137th Typhoon Squadron with whom he would complete ninety-two operational missions from bases in France, Belgium and Holland. Mr. Pederson returned to Canada in 1945 and embarked on a variety of careers. He first took up farming near his birthplace in Hawarden. Later, he owned and operated a trucking business and worked for the Bank of Montreal. In 1968, he established his own insurance business, Pederson Insurance in Saskatoon, after selling real estate and insurance for Koyl Agencies. In 1969, he added the Manpower and Temporary Services franchise to his insurance business. Mr. Pederson rounded out his career by acting as the Chairman for the Saskatchewan Liquor Board from 1983 until 1987.

Throughout his life, Mr. Pederson maintained an interest in politics. He had a lengthy affiliation with the Progressive Conservative Party and served in a variety of capacities at the local, provincial and national levels. His involvement began with the position of President of the Saskatchewan Young Conservatives in 1950. Later, he served as the Vice President of the National Young Progressive Conservative Association and as the President of the Saskatoon Progressive Conservative Association. In October 1958, Mr. Pederson was elected Leader of the Saskatchewan Progressive Conservative Party. He remained in that role for ten years. A defining moment arose in April of 1964 when he was elected to this Assembly.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. D'Autremont, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

James Ripley, who passed away on February 1, 2002, was a Member of this Legislative Assembly from 1952 until 1956, representing the constituency of Athabasca for the Liberal Party.

Mr. Ripley was born on December 28, 1913 in Radcliffe, Alberta. He later moved with his family to Manitoba where the family settled first in Brandon and then in Winnipeg. Mr. Ripley attended elementary and secondary schools there and then continued his studies at the University of Manitoba. On October 16, 1948, he married Eve Kozier. Mr. Ripley was predeceased by his wife Eve and is survived by their two daughters.

When World War II broke out, Mr. Ripley contributed to the war effort by working as an aircraft engineer in an aircraft maintenance plant repairing and overhauling engines. Later in 1945, he joined the army but did not see service overseas. After the war, he returned to his studies but found that his interest had turned to the wilds of the north. He trained to become a commercial pilot and flew for Central Northern Airways out of Flin Flon. As time went on, he developed a reputation as one of the province's best bush pilots. He was a man who wore many hats: he worked as prospector, a contractor, a fur trader and as a general merchant. He also tried his hand at mink ranching and commercial fishing. In the 1950's, he purchased his own fur trading post in Sandy Bay and operated it until he retired to Flin Flon in 1975.

Faced with the isolation that is often faced living in the north, community became even more important to Mr. Ripley. He devoted his time to a variety of community organizations such as the Benevolent and Protective Order of Elks and the Canadian Legion. He was often called upon to fly the sick and injured to Flin Flon for medical treatment. As a member of the Sandy Bay council in 1968, he fought for a winter road to be constructed from Pelican Narrows to Sandy Bay.

Mr. Ripley's love for the north was translated into a political career in 1952. In 1951 the family had moved to Island Falls in northern Saskatchewan. The following year he was elected in the general election to represent the Athabasca region that had become his home. During his time in the Assembly, he advocated for development of the North's natural resources.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Hagel, seconded by Mr. D'Autremont, by leave of the Assembly:

Ordered, That the Resolutions just passed, together with a transcript of oral tributes to the memories of the deceased, be communicated to the bereaved families on behalf of this Assembly by Mr. Speaker.

On motion of the Hon. Mr. Hagel:

Ordered, That this Assembly do now adjourn.

The Assembly adjourned at 3:59 p.m. until Wednesday, May 22, at 1:30 p.m., pursuant to an Order of the Assembly dated Thursday, May 2, 2002.

QUESTION OF PRIVILEGE

Before Orders of the Day, the Member for Cannington (Mr. D'Autremont) raised a question of privilege stating that the Minister responsible for Crown Investments Corporation (Hon. Mr. Sonntag) had made deliberately misleading statements to the Assembly or had himself been misled by officials and that the matter should be referred to the Standing Committee on Privileges and Elections for investigation. The Speaker waived notice under rule 6(2), and thanked the Member for Cannington and the Deputy House Leader (Hon. Mr. Hagel) for their comments. The Speaker stated that the Crown Investments Corporation Minister had made a clear statement and apology earlier during Routine Proceedings for the inaccurate statements he had made to the Assembly. The Speaker further stated that the Member for Cannington had not established that the Minister had knowingly misled the Assembly and therefore a *prima facie* case of privilege had not been established.

(Mr. Hermanson)

MESSAGE FROM HER MAJESTY QUEEN ELIZABETH II

Before Orders of the Day the Speaker read a message from Her Majesty Queen Elizabeth II as follows:

Buckingham Palace

The Legislative Assembly of Saskatchewan

I was pleased to receive your kind message of loyal greetings sent on behalf of the Members of the Legislative Assembly of Saskatchewan for my Golden Jubilee. Prince Philip and I have been deeply touched by the many kind messages. We acknowledge with gratitude the loyalty and support which we have received since I came to the throne as Queen of Canada in 1952, and thank you for the work that you do to help others through public service.

I was glad that your Province had proclaimed a Golden Jubilee Week from 14th to 20th May, and pleased that the Golden Jubilee observance by the Legislature on 14th May and the Victoria Day celebrations on 20th May had both been so enjoyable. I hope that these celebrations were not simply an occasion to be nostalgic about the past. I believe that, young or old, we have as much to look forward to with confidence and hope as we have to look back on with pride.

I send my best wishes to all those assembled and my thanks to the People of Saskatchewan for their loyalty.

Elizabeth R.

30th May 2002

WRITTEN QUESTIONS

The Order of the Day being called for Question Nos. 414 to 435, pursuant to Rule 42(5), they were transferred to Motions for Returns (Debatable) Nos. 130 to 151.

COMMITTEE OF THE WHOLE / COMITÉ PLÉNIER

The Assembly, according to Order, resolved itself into a Committee of the Whole.

During consideration of Bill No. 61 – The Regional Health Services Act – it was moved by Mr. Gantefoer:

The following section is added before Clause 13 of the Printed Bill:

“Guidelines for establishing Health Regions and Regional Health Authorities

12.1(1) Notwithstanding sections 13 and 14, the following guidelines must be taken into account when establishing Health Regions and Regional Health Authorities:

(a) existing jurisdictional boundaries that include, but are not limited, to the boundaries of:

- (i) economic development authorities;
- (ii) school divisions and the conseil scolaire;
- (iii) urban, rural and northern municipalities, including the City of Lloydminster;
- (iv) ambulance districts;

(b) historic and current trading patterns in the region under consideration; and

(c) the number, type and location of hospitals, facilities and affiliates in the region under consideration.

(2) Where the guidelines in subsection (1) result in a boundary that is different from that set out in sections 13 and 14, the provisions of this section shall prevail.

(3) In the event that there is no agreement with respect to the application of the guidelines, the provisions of sections 13 and 14 apply with any necessary modification”.

The question being put, it was negated on division.

Moved by Mr. Gantefoer:

Clause 16 of the Printed Bill is amended by striking out subsections (3) to (8) and substituting the following:

“(3) A regional health authority consists of not more than 12 elected members.

“(4) Each member of a regional health authority holds office for a term of not more than three years.

“(5) The Lieutenant Governor in Council shall designate one of the members of a regional health authority as chairperson and another member as vice-chairperson.

“(6) A majority of the members of a regional health authority constitutes a quorum.

Elections

16.1 *The Local Government Election Act* and Regulations apply with any necessary modifications for elections pursuant to section 16.”

The Chair ruled that the amendment related to two clauses and should be divided so that the proposal, as it pertained to “Elections 16.1” be moved as a new clause.

The question being put on the amendment to Clause 16, it was negated on division.

Moved by Mr. Gantefoer:

That the following clause be added after Clause 16 of the Printed Bill:

Elections

16.1 *The Local Government Election Act* and Regulations apply with any necessary modifications for elections pursuant to section 16.”

The question being put, it was negated on division.

Moved by the Hon. Mr. Nilson:

Strike out Clause 124 of the printed Bill and substitute the following:

“PART XIV

Related and Consequential Amendments to *The Health Labour Relations Reorganization Act*

S.S. 1996, c.H-0.03 amended

124(1) *The Health Labour Relations Reorganization Act* is amended in the manner set forth in this section.

(2) The following heading is added before section 1:

“PART I
Preliminary Matters”.

(3) The following heading is added before section 4:

“PART II
Reorganization in Relation to District Health Boards”.

(4) Section 4 is amended by striking out “this Act” and substituting “this Part”.

(5) Subsection 6(2) is amended:

(a) in clause (a) by striking out “this Act” and substituting “this Part”; and

(b) in clause (i) by striking out “this Act” and substituting “this Part”.

(6) Clause 6(6)(b) is amended by striking out “subject to subsection (7),”.

(7) Subsection 6(7) is repealed.

(8) Subsection 7(1) is amended by striking out “this Act” and substituting “this Part”.

(9) Subsection 7(3) is amended by striking out “this Act” and substituting “this Part”.

(10) Subsection 7(4) is amended by striking out “this Act” and substituting “this Part”.

(11) Sections 8 to 11 are repealed.

(12) The following Part is added before section 12:

“PART III
Reorganization in Relation to Regional Health Authorities

“Interpretation of Part

11.1 In this Part:

(a) **‘bargaining agent’**, with respect to an appropriate unit, means the exclusive representative of all employees in that unit for the purpose of bargaining collectively;

(b) **‘certify’** means to make an order determining that the trade union designated in the order is the bargaining agent of the employees described in the order with respect to the appropriate unit mentioned in the order;

(c) **‘commissioner regulations’** means *The Health Labour Relations Reorganization (Commissioner) Regulations*;

(d) **‘health region’** means a health region as defined in *The Regional Health Services Act*;

- (e) **‘health sector employer’** includes a regional health authority;
- (f) **‘health services provider’** means a health services provider as defined in the commissioner regulations;
- (g) **‘jurisdiction’**, with respect to a trade union, means its rights to represent employees as their bargaining agent;
- (h) **‘regional health authority’** means a regional health authority as defined in The Regional Health Services Act;
- (i) **‘representative employers’ organization’** means:
 - (i) the representative employers’ organization designated pursuant to subsection 12(1) of the commissioner regulations; or
 - (ii) the representative employers’ organization designated by the regulations made pursuant to clause 11.5(b).

“Notice to board

11.2 As soon as possible after the coming into force of this Part but not later than 30 days after the day on which this section comes into force, the representative employers’ organization shall forward to the board a notice setting out:

- (a) the name and land description of each health region;
- (b) the name of each regional health authority;
- (c) with respect to each regional health authority, the names of each district health board that was a health sector employer and was amalgamated to form, or continued as, the regional health authority;
- (d) the name of each health sector employer, other than a regional health authority, that operates a facility in which health services providers are employed and the name of the health region in which each of those facilities is located; and
- (e) with respect to a health region to which subsection 11.3(4) applies:
 - (i) the names and work locations of all employees employed as health services providers by the regional health authority and by other health sector employers that provide health services in the health region; and
 - (ii) the name of the trade union that was certified to represent the employees mentioned in subclause (i) in collective bargaining immediately before the coming into force of this Part.

“Board to make orders

11.3(1) As soon as is reasonably possible after receiving a notice pursuant to section 11.2, the board shall:

(a) rescind all orders issued pursuant to section 8 of the commissioner regulations that confirm the appropriate units for health service providers mentioned in subsection 5(2) of those regulations;

(b) subject to subsection (2), for each health region, make a new order that creates one multi-employer appropriate unit respecting health services providers composed of:

(i) all health services providers employed by the regional health authority for the health region; and

(ii) all health services providers who:

(A) are employed by other health sector employers operating facilities within the health region; and

(B) on the day on which this section comes into force, are represented by a trade union for the purposes of bargaining collectively; and

(c) amend any remaining orders issued pursuant to Part II or the commissioner regulations by striking out each reference to the name of a district health board and in each case substituting the name of the regional health authority that resulted from the amalgamation or continuation of the district health board.

(2) Clause (1)(b) does not apply with respect to the health services providers employed by a health sector employer mentioned in subsection 5(4) or (5) of the commissioner regulations.

(3) If, immediately before the coming into force of this Part, all of the health services providers who are the subject of an order made pursuant to clause (1)(b) with respect to a health region were represented by the same trade union for the purposes of bargaining collectively, the board shall certify that trade union as the bargaining agent for those health services providers with respect to the appropriate unit established for that health region.

(4) If, immediately before the coming into force of this Part, health services providers who are the subject of an order made pursuant to clause (1)(b) with respect to a health region were represented by more than one trade union for the purposes of bargaining collectively and one of those trade unions represents a clear majority of those health services providers, the board shall certify that trade union as the bargaining agent for those health services providers with respect to the appropriate unit established for that health region.

(5) If, immediately before the coming into force of this Part, health services providers who are the subject of an order made pursuant to clause (1)(b) with respect to a health region were represented by more than one trade union for the purposes of bargaining collectively and one of those trade unions does not represent a clear majority of those health services providers, the board shall:

(a) determine which trade union represents a majority of those health services providers in accordance with subsection (6) or (7); and

(b) certify the trade union that represents a majority of those health services providers as the bargaining agent for the health services providers in the appropriate unit.

(6) If, within 30 days after the coming into force of this Part, a written agreement among all of the trade unions representing health services providers in a health region to merge or amalgamate or transfer or assign jurisdiction is filed with the board:

(a) the agreement is conclusive proof of the merger or amalgamation, or the transfer or assignment of jurisdiction, as the case may be, for the purpose of determining which trade union is to represent health services providers in the appropriate unit; and

(b) clause 39(b) of *The Trade Union Act* applies, with any necessary modification, to the agreement.

(7) If no written agreement is filed with the board pursuant to subsection (6) within the 30-day period mentioned in that subsection, the board shall conduct representation votes in accordance with section 11.4 and *The Trade Union Act* within 60 days after the coming into force of this Part.

“Representation votes

11.4(1) The board shall apply the following rules in determining which trade unions will appear on a ballot for a representation vote:

(a) a trade union shall be included on the ballot only if, immediately before the coming into force of this section, the trade union was the bargaining agent for 25% or more of the health services providers in the appropriate unit; and

(b) a ‘no union’ choice shall not appear on a ballot.

(2) If, after conducting a representation vote, no trade union receives a majority of votes cast:

(a) the board shall conduct a second representation vote; and

(b) only the names of the trade unions that received the largest and second largest numbers of votes cast on the first vote shall appear on the ballot for the second vote.

“Regulations

11.5 The Lieutenant Governor in Council may make regulations:

- (a) amending or repealing any provision of the commissioner regulations;
- (b) on the recommendation of the minister responsible for *The Regional Health Services Act*, designating a representative employers’ organization for health sector employers;
- (c) delegating to the board any powers that the Lieutenant Governor in Council considers necessary, in relation to any matter or thing arising out of the establishment of regional health authorities, to carry out the intent of this Act;
- (d) prescribing a date earlier than January 1, 2005 after which the board may amend, vary or rescind an order made pursuant to this Part or an order made pursuant to the commissioner regulations;
- (e) respecting any other matter or thing arising out of the establishment of regional health authorities that the Lieutenant Governor in Council considers necessary to carry out the intent of this Act.

“Powers of the board

11.6(1) For the purpose of carrying out the intent of this Part, in addition to the powers conferred on it by this Part and the commissioner regulations, the board has all the powers conferred on it by *The Trade Union Act*.

- (2) Subject to section 11.7, the board may make any order that it considers appropriate respecting any matter arising out of the reorganization of labour relations between health sector employers and employees resulting from the establishment of regional health authorities.
- (3) Without limiting the generality of subsection (2), in an order pursuant to that subsection, the board may give any directions that the board considers necessary or advisable with respect to the application of a collective bargaining agreement that affects the employees in an appropriate unit.
- (4) An order made by the board pursuant to this Act or the regulations is enforceable in the same manner as a board order.
- (5) There is no appeal from an order or decision of the board pursuant to this Act, and the proceedings, orders and decisions of the board are not reviewable by any court of law or by any *certiorari*, *mandamus*, prohibition, injunction or other proceeding.

“Board not to amend certain orders

11.7 Until January 1, 2005 or any earlier date prescribed in the regulations, the board shall not make an order pursuant to clause 5(a) or (b) of *The Trade Union Act* that amends, varies or rescinds an order made pursuant this Part or an order made pursuant to a provision of the commissioner regulations except where authorized to do so by this Part or those regulations.

“Act, etc., to prevail

11.8 Where any provision of this Act or of a regulation or order made pursuant to this Act conflicts with a provision of *The Trade Union Act*, any other Act, any regulation made pursuant to any other Act, any board order or any collective bargaining agreement, the provision of this Act or a regulation or order made pursuant to this Act prevails.

**“PART XV
Coming into force**

Coming into force

125 This Act comes into force on proclamation”.

The Chair ruled that the amendment related to two clauses and should be divided so that the proposal as it pertained to “PART XV, Coming into force”, clause 125 be moved as a new clause.

The question being put on the amendment as it related to Clause 124, it was agreed to.

The question being put on Clause 124, as amended, it was agreed to.

Moved by the Hon. Mr. Nilson:

That the following new clause 125 be added to the Printed Bill:

SPEAKER INFORMS ASSEMBLY OF VACANCY

The Speaker informed the Assembly of the following vacancy in the Representation, viz:

In the Constituency of Battleford-Cut Knife due to the death of Mr. Rudi Peters.

(Sessional Paper No. 436)

CONDOLENCES

Moved by Mr. Hermanson, seconded by the Hon. Mr. Calvert, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a sitting Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

Rudi Peters, who passed away on November 30, 2002, was a Member of this Legislative Assembly from 1999 until his death, representing the constituency of Battleford-Cut Knife for the Saskatchewan Party.

Mr. Peters was born on January 30, 1939 and raised on the family farm in Rabbit Lake. He married Shirley Janzen on November 10, 1962 and they had three children. Mr. Peters is survived by his wife and their children and four grandchildren.

In his private life, Mr. Peters carried on the family tradition of farming. He also devoted his time and energy to a variety of community organizations. He was a member of the Rabbit Lake Hall Board and the Meeting Lake Regional Park. In addition, he volunteered as the Chairman of the Mennonite Church of Rabbit Lake.

Before his election to this Assembly, Mr. Peters developed a vast experience in local and rural government. He served as a rural municipality councilor for fourteen years. Mr. Peters was also a member of the Saskatchewan Association of Rural Municipalities Board of Directors for eight years.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. Hermanson, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

James Wilfrid Gardiner, who passed away on October 3, 2002, was a Member of this Legislative Assembly from 1956 until 1967, representing the constituency of Melville for the Liberal Party.

Mr. Gardiner was born on July 27, 1924 in Regina. He attended public school in Lemberg, Regina and Ottawa before pursuing studies in Political Science at Queen's University in Kingston. He graduated in 1946 and married his wife Margaret that same year. Mr. Gardiner is predeceased by his wife and survived by their six children and ten grandchildren.

In his private life, Mr. Gardiner was an active participant in the communities in which he lived. After farming for four years in the Lemberg area, Mr. Gardiner moved his family into town where he opened insurance and real estate businesses. Later he became a general agent and secretary for the Lemberg Rural Telephone Company. He served for many years as the Town Clerk and as the Secretary for the Lemberg School District. In the years following his political career, Mr. Gardiner continued to work in government as the Deputy Minister for Cooperation and Cooperative Development. He also embarked on creating hotel businesses in the Regina and Bienfait areas. Mr. Gardiner was well known for his volunteer work with a variety of social service organizations, ranging from the Board of Trade and a curling club to his church. He also played an active role in other organizations such as the Saskatchewan Farmer's Union, the Saskatchewan Wheat Pool and the Melville Board of Trade.

When Mr. Gardiner decided to enter politics, it was said that he was following in his father's footsteps. James Garfield Gardiner was an elected representative of the Melville constituency for many years, serving first as a Member of this Assembly, including two terms as Premier, and later in the federal Parliament as Minister of Agriculture. His son, Wilf, was first elected to this Legislative Assembly in the 1956 and then re-elected again in 1960 and 1964. He entered cabinet in 1964 as the Minister of Public Works. Mr. Gardiner also held the portfolios of Saskatchewan Jubilee and Centennial Corporation, the Western Development Museum, Saskatchewan Government Printing, and Saskatchewan Water Supply Board. Upon leaving elected office, Mr. Gardiner retained his interest in politics and often commented on provincial scene.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. Hermanson, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

George Joseph Trapp, who passed away on November 25, 2002, was a Member of this Legislative Assembly from 1964 until 1967, representing the constituency of Touchwood for the Liberal Party.

Mr. Trapp was born on June 5, 1909 in Kamsack and grew up on the family farm. He attended local schools in Lipton before pursuing his studies at Luther College and the Normal School in Regina. Several years later, he completed a Bachelor's degree in Education at the University of Saskatchewan. Mr. Trapp married Bessie Stewart in 1933. Mr. Trapp is survived by two children, seven grandchildren and six great-grandchildren.

Mr. Trapp was a teacher by profession. He taught at schools in Dysart and Cupar and served for 21 years as the principal of Punnichy School. Mr. Trapp's devotion to his chosen profession was exemplified by his lengthy term as a councilor with the Govan School Unit, and his election as an executive member and later president of the Saskatchewan Teachers Federation. In 1961, he was named to the Canadian College of Teachers. Mr. Trapp was elected to this Assembly in 1964 and appointed Minister of Education. In later years, he served as the Director of Continuing Education with SaskPower until his retirement in 1980.

Mr. Trapp was an active participant in sports circles and in the community of Punnichy. He held positions on the Punnichy Board of Trade, the Golf Club and the Home and School Club. He was superintendent of the Sunday School. Mr. Trapp served with the Army Reserve during World War II and later led the Punnichy Memorial Association. An avid gardener, Mr. Trapp continued to tend his own garden into his nineties.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

Moved by the Hon. Mr. Serby, seconded by Mr. Hermanson, by leave of the Assembly:

That this Assembly records with sorrow and regret the passing of a former Member of this Assembly and expresses its grateful appreciation of the contribution he made to his community, his constituency and to the province.

Arthur Leslie Smith, who passed away on November 11, 2002, was a Member of this Legislative Assembly from 1982 until 1986, representing the constituency of Moose Jaw South for the Progressive Conservative Party.

Mr. Smith, known as “Bud”, was born on June 14, 1919 in Cardross. He received his education at schools in Marigold and Cardale. Mr. Smith was predeceased in 1966 by his first wife Irene, and in 1985 by his second wife, Goldie. He is survived by his third wife Mary, whom he married in 1988, his stepdaughter, two grandchildren and five great-grandchildren.

Mr. Smith’s first career was as a farmer. He farmed in the Cardross area for 32 years. In the late 1960’s he took up carpentry and was employed with Kos Construction for a time. Later, he moved with his second wife Goldie to Swift Current. He worked at the Healy Hotel for one year before moving back to Moose Jaw.

Mr. Smith had a life-long interest in politics that was evident in his efforts to attract and encourage new members to join and participate in his party’s activities. His commitment to a political career deepened when he sought election in the 1975 and 1978 elections. Undeterred, Mr. Smith successfully sought election to this Assembly on his third attempt in the 1982 general election.

Mr. Smith saw himself as a constituency man, and devoted much of his energy to addressing the concerns of his constituents. In particular, he advocated for improvements in health care and social services. Mr. Smith also had an interest in the operations of the Assembly and served for a period as the Deputy Government Whip.

In recording its own deep sense of loss and bereavement, this Assembly expresses its most sincere sympathy with members of the bereaved family.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Lautermilch, seconded by Mr. D’Autremont, by leave of the Assembly:

Ordered, That the Resolutions just passed, together with a transcript of oral tributes to the memory of the deceased, be communicated to the bereaved families on behalf of this Assembly by Mr. Speaker.

FINAL REPORT OF THE CONSTITUENCY BOUNDARIES COMMISSION

Moved by the Hon. Mr. Axworthy, seconded by the Hon. Mr. Serby, by leave of the Assembly:

That the final report with Addenda of the Electoral Boundaries Commission, being sessional paper 422 of the 3rd Session of the 24th Legislature, laid before this Assembly by the Speaker, be approved and adopted.

A debate arising and the question being put on the motion, it was agreed to on the following Recorded Division:

MOTION PURSUANT TO RULE 46

Leave of the Assembly having been granted, pursuant to Rule 46, it was moved by the Hon. Mr. Lautermilch, seconded by the Hon. Mr. Belanger:

That this Assembly recognizes that climate change is a critical issue facing Saskatchewan, Canada and the world; and

That this Assembly supports the 12 principles adopted by the provinces and territories as a basis for negotiating a national climate change plan with the Government of Canada to address the Kyoto Protocol target of reducing national greenhouse gas emissions to 6% below 1990 levels by 2012, specifically;

1. All Canadians must have an opportunity for full and informed input into the development of the plan.
2. The plan must ensure that no region or jurisdiction shall be asked to bear an unreasonable share of the burden and no industry, sector or region shall be treated unfairly. The costs and impacts on individuals, businesses and industries must be clear, reasonable, achievable, and economically sustainable. The plan must incorporate appropriate federally funded mitigation of the adverse impacts of climate change initiatives.
3. The plan must respect provincial and territorial jurisdiction.
4. The plan must include recognition of real emission reductions that have been achieved since 1990 or will be achieved thereafter.
5. The plan must provide for bilateral or multilateral agreements between provinces and territories, and with the federal government.
6. The plan must ensure that no province or territory bears the financial risk of federal climate change commitments.

7. The plan must recognize that benefits from assets such as forest and agricultural sinks must accrue to the province or territory, which owns the assets.
8. The plan must support innovation and new technology.
9. The plan must maintain the economic competitiveness of Canadian business and industry.
10. Canada must continue to demand recognition of clean energy exports.
11. The plan must include incentives for all citizens, communities, businesses and jurisdictions to make the shift to an economy based on renewable and other clean energy, lower emissions and sustainable practices across sectors.
12. The implementation of any climate change plan must include an incentive and allocation system that supports lower carbon emission sources of energy such as hydroelectricity, wind power generation, ethanol, and renewable and other clean sources of energy.

A debate arising, it was moved by Mr. Stewart, seconded by Mr. Kwiatkowski, in amendment thereto:

That all the words before the word “Specifically” be deleted and the following substituted therefor:

That this Assembly opposes the ratification of the Kyoto Protocol; and

That this Assembly support the 12 principles adopted by the provinces and territories as the basis for negotiating a made-in-Canada, made-in-Saskatchewan plan to reduce greenhouse gas emissions that balances the important goal of protecting the environment with the equally critical need to get Saskatchewan’s economy growing again.

The debate continuing, the Assembly recessed from 5:00 p.m. until 7:00 p.m.

The debate being resumed, it was on motion of Mr. Goulet, adjourned.

On motion of the Hon. Mr. Hagel:

Ordered, That this Assembly do now adjourn.

The Assembly adjourned at 9:05 p.m. until Wednesday at 1:30 p.m.

(Addendum to Sessional Paper No. 437)

REPORT OF THE PRIVATE MEMBERS' BILLS COMMITTEE

Ms. Hamilton, Chair of the Standing Committee on Private Members' Bills, presented the Seventh Report of the said Committee, which is as follows:

Your Committee met to examine the petition of the Saskatchewan Wheat Pool for a private bill to amend *The Saskatchewan Wheat Pool Act, 1995*. The Committee finds that Rules 65 and 68 that deal with public advertising requirements and fees have been fully complied with.

However, Rule 64 that requires the petitioner to file their request by the 20th sitting day of the session could not be complied with at this time as the fall session began on Day 79 as a continuation of the spring session. In order to consider the bill at the fall session rather than delaying the bill until spring of 2003, your Committee recommends that provisions of Rule 64 be waived in this case.

Pursuant to Rule 84, your Committee further recommends that the timelines laid down in Rules 71 – 83 be modified to enable consideration and passage of the Saskatchewan Wheat Pool amending bill by December 18, 2002.

(Sessional Paper No. 439)

On motion of Ms. Hamilton, seconded by Mr. Brkich:

Ordered, That the Seventh Report of the Standing Committee on Private Members' Bills be now concurred in.

Thereupon the Clerk laid upon the Table the following Bill:

Bill No. 304 – The Saskatchewan Wheat Pool Amendment Act, 2002

(Ms. Jones)

Pursuant to Rule 71, the said Bill was read the first time and ordered for Second Reading later this day.

On motion of Ms. Jones, by leave of the Assembly:

Ordered, That pursuant to the 7th Report of the Standing Committee on Private Members' Bills, Private Bill No. 304, *An Act to amend The Saskatchewan Wheat Pool Act, 1995* be now read a second time and referred to the Standing Committee on Private Members' Bills.

ADJOURNED DEBATES

GOVERNMENT MOTION ON KYOTO PROTOCOL

The Assembly resumed the adjourned debate on the proposed motion of the Hon. Mr. Lautermilch, moved pursuant to Rule 46:

That this Assembly recognizes that climate change is a critical issue facing Saskatchewan, Canada and the world; and

That this Assembly supports the 12 principles adopted by the provinces and territories as a basis for negotiating a national climate change plan with the Government of Canada to address the Kyoto Protocol target of reducing national greenhouse gas emissions to 6% below 1990 levels by 2012, specifically;

1. All Canadians must have an opportunity for full and informed input into the development of the plan.
2. The plan must ensure that no region or jurisdiction shall be asked to bear an unreasonable share of the burden and no industry, sector or region shall be treated unfairly. The costs and impacts on individuals, businesses and industries must be clear, reasonable, achievable, and economically sustainable. The plan must incorporate appropriate federally funded mitigation of the adverse impacts of climate change initiatives.
3. The plan must respect provincial and territorial jurisdiction.

4. The plan must include recognition of real emission reductions that have been achieved since 1990 or will be achieved thereafter.
5. The plan must provide for bilateral or multilateral agreements between provinces and territories, and with the federal government.
6. The plan must ensure that no province or territory bears the financial risk of federal climate change commitments.
7. The plan must recognize that benefits from assets such as forest and agricultural sinks must accrue to the province or territory, which owns the assets.
8. The plan must support innovation and new technology.
9. The plan must maintain the economic competitiveness of Canadian business and industry.
10. Canada must continue to demand recognition of clean energy exports.

12. The implementation of any climate change plan must include an incentive and allocation system that supports lower carbon emission sources of energy such as hydroelectricity, wind power generation, ethanol, and renewable and other clean sources of energy.

and the proposed amendment thereto moved by Mr. Stewart:

That all the words before the word “Specifically” be deleted and the following substituted therefor:

That this Assembly opposes the ratification of the Kyoto Protocol; and

That this Assembly support the 12 principles adopted by the provinces and territories as the basis for negotiating a made-in-Canada, made-in-Saskatchewan plan to reduce greenhouse gas emissions that balances the important goal of protecting the environment with the equally critical need to get Saskatchewan’s economy growing again.

SPEAKER TABLES REPORT

The Speaker laid before the Assembly, in accordance with the provisions in section 14.1 of *The Provincial Auditor Act*, the 2002 Fall Report (Volume 2).

(Sessional Paper No. 441)

MOTION PURSUANT TO RULE 46

Leave of the Assembly having been granted, pursuant to Rule 46, it was moved by Mr. Krawetz, seconded by Mr. Toth:

That this Assembly urge the government to follow the recommendations of the Provincial Auditor and begin using summary financial statements in its budgets in order that all financial activity of the government be incorporated to provide the people of Saskatchewan with a much more accurate, honest, and transparent view of the state of the provincial government's finances when the annual budget is presented.

A debate arising, it was moved by the Hon. Ms. Crofford, seconded by the Hon. Mr. Melenchuk, in amendment thereto:

That all the words after the word "Assembly" be deleted and the following substituted therefor:

- (a) recognize and support the government's efforts to improve accountability and the transparency of public finances by the introduction of mid-year financial statements, quarterly financial statements, and summary financial statements as well as timely release of the public accounts,
- (b) recognize that the Provincial Auditor has noted repeatedly that Saskatchewan's system of financial reporting is more timely and informative than other jurisdictions,
- (c) recognize that the Provincial Auditor's Office, in its recent presentation to the Public Accounts Committee indicated that a modified form of summary financial budgeting would be appropriate for Saskatchewan,
- (d) recognize that it is apparent from the presentation to the Public Accounts Committee that there is work to be done in determining the form of summary financial statements for Saskatchewan, and
- (e) urge that the Department of Finance officials continue to consult with the Provincial Auditor to move toward the presentation of budgets on a summary financial basis.

The debate continuing and the question being put on the amendment, it was agreed to on division.

The question being put on the motion, as amended, it was agreed to on division.

On motion of the Hon. Mr. Lautermilch:

Ordered, That this Assembly do now adjourn.

GOVERNMENT MOTION ON HEALTH CARE

Moved by the Hon. Mr. Nilson, seconded by Ms. Junor:

That this Assembly acknowledges the substantial progress that the provincial government has made in the past year to implement *The Action Plan for Saskatchewan Health Care*; and

That this Assembly endorses the positive vision for renewing universally accessible, publicly funded health care as presented in the Final Report of the Romanow Commission, which addresses the need for national approaches to home care, Aboriginal health, pharmacare, primary health care and diagnostic services; and which complements the efforts of the Government of Saskatchewan to improve health quality, reduce waiting times and address health provider shortages; and

That this Assembly calls upon the Federal Government to immediately increase its share of health spending to ensure adequate, sustainable funding for the future.

A debate arising, it was moved by Mr. Gantfoer, seconded by the Mr. Krawetz, in amendment thereto:

That all the words after the word “acknowledges” be deleted and the following substituted therefor:

the government’s poor performance in delivering health care services to the people of Saskatchewan as demonstrated by the longest wait lists in Canada, the longest health care strike in Saskatchewan’s history, the unsatisfactory working conditions and poor morale amongst health care professionals that has been demonstrated by repeated strikes and labour unrest which has directly contributed to the health care shortages in this province, including the 600 vacant positions for Registered Nurses and Registered Psychiatric Nurses that currently exist in Health Districts; and

That this Assembly recognizes that unless there are adequate medical professionals in the health care system it will be impossible to implement any of the recommendations that have been made by The Fyke Commission on Medicare, Senator Kirby’s Final Report on the State of the Health Care System in Canada, the Final Report of the Romanow Commission, or the government’s Action Plan for Saskatchewan Health Care; and

That this Assembly further supports the need to increase educational training seats where specific shortages for medical professionals exists, and in particular, supports the call by the Saskatchewan Union of Nurses (SUN) and the Saskatchewan Registered Nurses Association (SRNA) to increase the training seats for nurses to 400 by the academic year of 2003/2004; and

That this Assembly calls upon the Federal Government to immediately increase its share of health spending to ensure adequate, sustainable funding for the future.

The debate continuing and the question being put on the amendment, it was negatived.

The question being put on the motion it was agreed to.

On motion of the Hon. Mr. Hagel:

Ordered, That this Assembly do now adjourn.

The Assembly adjourned at 4:41 p.m. until Tuesday at 1:30 p.m.

STATEMENT BY THE SPEAKER

Yesterday the Opposition House Leader (Mr. D'Autremont) raised a point of order regarding the relevancy of certain answers given by Members of the Executive. I also wish to thank the Deputy Government House Leader (Hon. Mr. Hagel) for his comments.

I have reviewed the record and note that on several occasions over the past week, the Opposition has indicated, both on and off the record, its dissatisfaction with the answers given. The Opposition House Leader quoted paragraph 417 of *Beauchesne's* (6th edition) which directs that "Answers to questions should . . . deal with the subject matter raised . . ." I further note that he was correct in his comments when he referenced this Assembly's practice of giving ministers a great deal of latitude in answering questions.

For his part, the Deputy Government House Leader was also correct in noting that it is entirely within the purview of the government and its ministers to address a question in the way that they consider most appropriate. The corollary to this statement is that answers may be given that are procedurally correct but which may not contain the information that the questioner sought.

The role of the Speaker in these circumstances is restricted to applying the applicable rules and procedures. I direct members to a ruling made on December 22, 1986 in which my predecessor stated:

I want to re-emphasize that the Chair cannot insist that a Minister must answer a question in a certain way. As long as the answer is relevant, it is in order even if the answer isn't the one the questioner was seeking. I define relevancy in answers in the same broad way as in all debates in the Assembly. A remark is relevant if it deals with the topic raised.

I indicated yesterday that I would bring back guidelines and I intend to do so now.

First, I remind all Members of the purpose for Question Period. Question Period is a forum in which to seek information, publicize government programs and decisions and to hold the Executive accountable for its actions. Concisely phrased questions and responses will uphold these purposes. Rambling preambles that contain extraneous matter only invite rambling responses. If Members wish to have direct answers, they would be well advised to limit the extraneous matter that they include in their preambles.

Secondly, Question Period was not intended merely as a warm-up for events later in the day, such as media scrums. I remind all members that they remain accountable to this Assembly first. It is a long established parliamentary tradition that whenever possible, important matters should be dealt with first in this Assembly. The growing willingness to provide information in forums outside of this Chamber, when it may have been done in this Chamber, is needlessly eroding this tradition and reflects poorly on Members' respect for each other and for the Legislature.

Finally, I share the concerns raised in the point of order that some ministerial responses are occasionally straying beyond the boundaries of what is an acceptable level of relevance to the topic raised in the question. In keeping with the important role of this Assembly, I ask Ministers to ensure their responses relate to the questions, while respecting the restrictions of the sub-judice convention.

WRITTEN QUESTIONS

The Order of the Day being called for Question Nos. 482 to 496, they were answered. (See Appendix)

MOTION PURSUANT TO RULE 46

Leave of the Assembly having been granted, pursuant to Rule 46, it was moved by Ms. Harpauer, seconded by Mr. Hart:

That this Assembly urge the provincial government to take the necessary action to give farmers covered by Saskatchewan Crop Insurance the option to omit the 2002 crop year when calculating their long-term average yield in recognition of the devastating drought that struck our province this year.

A debate arising, it was moved by the Hon. Mr. Serby, seconded by Mr. Trew, in amendment thereto:

That all the words after the word "Assembly" be deleted and the following substituted therefor:

supports the efforts of Saskatchewan farmers to adopt new practices and technologies that increase their competitiveness and profitability, to pursue new market opportunities and diversification initiatives, and further that this Assembly express appreciation to the staff at Saskatchewan Crop Insurance for their diligent efforts in servicing producers by already processing a record amount of \$730 million in claim payments to this date.

The debate continuing and the question being put on the amendment, it was agreed to on Division.

The question being put on the motion, as amended, it was agreed to on Division.

SPEAKER TABLES REPORT

The Speaker laid before the Assembly the Annual Report of the Saskatchewan Legislative Internship Program (SLIP) for the year 2002

(Sessional Paper No. 452)

ROYAL ASSENT

12:22 p.m.

Her Honour the Lieutenant Governor, having entered the Chamber, took her seat upon the Throne.

The Speaker addressed Her Honour:

MAY IT PLEASE YOUR HONOUR:

This Legislative Assembly at its present Session has passed several Bills which, in the name of the Assembly, I present to Your Honour and to which Bills I respectfully request your Honour's Assent.

The Clerk of the Assembly then read the titles of the Bills that had been passed severally as follows:

Bill No. 82 The Representation Act, 2002

Bill No. 83 The IPSCO Inc. and United Steelworkers of America, Local 5890, Collective Bargaining Agreement Act, 2002

Bill No. 304 The Saskatchewan Wheat Pool Amendment Act, 2002

Her Honour the Lieutenant Governor then replied: "In Her Majesty's name, I assent to these Bills."

Her Honour then retired from the Chamber.

12:25 p.m.

MOTION TO ADJOURN THE SESSION

Moved by the Hon. Mr. Lautermilch, seconded by Mr. D'Autremont, by leave of the Assembly:

That when this Assembly adjourns at the end of this sitting day, it shall stand adjourned to the date and time set by Mr. Speaker upon the request of the government, and that Mr. Speaker shall give each member seven clear days notice, if possible, of such date and time.

A debate arising and the question being put, it was agreed to.

On motion of the Hon. Mr. Lautermilch:

Ordered, That this Assembly do now adjourn.

The Assembly adjourned at 12:30 p.m. to the call of the Chair, pursuant to an Order of the Assembly made this day.

*PRAYERS***SPEAKER INFORMS ASSEMBLY OF VACANCIES**

The Speaker informed the Assembly of the following vacancies in the Representation, viz:

In the Constituency of Carrot River Valley due to the death of Mr. Carl Kwiatkowski.
(Sessional Paper No. 457)

In the Constituency of Saskatoon Fairview due to the resignation of Mr. Chris Axworthy.
(Sessional Paper No. 458)

MOMENT OF SILENCE FOR A MEMBER

The Assembly observed a moment of silence in remembrance of Mr. Carl Kwiatkowski, the late Member for Carrot River Valley.

PROROGATION SPEECH

10:07 a.m.

Her Honour The Lieutenant Governor, having entered the Chamber, took her seat upon the Throne. Her Honour was then pleased to deliver the following speech:

Mr. Speaker, Members of the Legislature:

It is my duty to release you from further attendance at the Third Session of The Twenty-Fourth Legislature.

In thus relieving you, I would like to thank you for the work you have done.

This Session's work is a positive step towards ensuring that the wealth of Saskatchewan's human and natural resources creates opportunities for the citizens, communities and industry of our province.

You passed *The Ethanol Fuel Act*, which creates the necessary climate for the private sector to lead the way in developing a vibrant ethanol industry in Saskatchewan – the first jurisdiction in Canada to establish the legal framework to allow for mandating the use of ethanol-blended gasoline.

In response to the recommendations contained in the Final Report of the Action Committee on the Rural Economy, you passed *The Saskatchewan Farm Security Amendment Act*. This Bill encourages development in both the livestock industry and our value-added sector by removing the existing farm ownership restrictions for Canadian residents, Canadian citizens, and Canadian owned corporations.

You recognized that safe drinking water is an essential element of a healthy environment and strong economy. In this regard, you passed *The Saskatchewan Watershed Authority Act*, *The Saskatchewan Water Corporation Act*, and *The Environmental Management and Protection Act*, to ensure that the citizens of Saskatchewan have a sustainable, safe and clean supply of drinking water.

You also addressed other environmental measures necessary to ensure sustainable economic growth by passing *The Forest Resources Management Amendment Act*. This Bill ensures that province-wide standards are applied to all forest operations in Saskatchewan.

In keeping with your commitment to provide quality health care to the people of Saskatchewan you passed several Bills which strengthen our health system.

The Health Quality Council Act creates the Health Quality Council – a first in Canada. The Council will provide objective, timely, evidence-based information and advice for achieving the best possible health care within the available resources.

The Saskatchewan Health Research Foundation Act establishes the Saskatchewan Health Research Foundation to manage and allocate much of the province's health research funding.

You also passed *The Regional Health Services Act*, which improves coordination, province-wide planning, and accountability in the health care system. This Bill also allowed for the formation of 12 new regional health authorities from the previous 32 health districts.

To achieve your goal of building the province of opportunity, you worked with municipal governments, who have expressed interest in increasing their autonomy and authority to deliver quality public services to their communities.

In this regard, you passed *The Cities Act*, which provides cities with more flexibility to govern, regulate, license and deal with a variety of local matters, and fully recognizes their evolution and independence as larger municipal governments.

Amendments to *The Urban Municipality Act*, *The Rural Municipality Act* and *The Northern Municipalities Act*, were also passed that enhance the authority and accountability of local governments.

You passed *The Automobile Accident Insurance Amendment Act*, which will allow for three major improvements to services provided by Saskatchewan Government Insurance.

A Safe Driver Rewards Program will provide insurance premium discounts to safe drivers.

Improvements will be made to the Personal Injury Protection Plan.

As well, Saskatchewan drivers will be given the choice of alternative insurance coverage that allows for judicial resolution of accident claims.

You also took major steps forward in protecting our most precious resource – our children. You passed *The Emergency Protection for Victims of Child Sexual Abuse and Exploitation Act*, which clarifies and strengthens Social Services' response to children sexually exploited on the street, enhances the capacity of outreach workers to provide victims with proactive intervention and increases deterrents of those who victimize children.

Also, to help ensure that children receive the financial support to which they are entitled, regardless of where they live in Canada, you passed *The Enforcement of Maintenance Orders Amendment Act*, *The Inter-jurisdictional Support Orders Act*, and *The Family Maintenance Amendment Act*.

Finally, in taking leave of you, I wish to thank you for the diligent manner in which you have devoted your energies to the activities of the Session, and wish you the full blessings of Providence.

The Hon. Ms. Crofford, Provincial Secretary, then said:

It is the will and pleasure of Her Honour the Lieutenant Governor that this Legislative Assembly be prorogued until later today, the 18th day of March, 2003 at 2:30 p.m., and this Legislative Assembly is accordingly prorogued.

10:15 a.m.

*Hon. P. Myron Kowalsky,
Speaker*

- (2) \$87,000

MARCH 26, 2002

Mr. Hart asked the Government Question No. 8, which was answered by the Hon. Mr. Serby:

To the Minister of Agriculture, Food and Rural Revitalization: How much in terms of dollars did each of the following parties contribute to the spot-loss hail coverage portion of the 2001 Saskatchewan Crop Insurance program: the federal government; the provincial government; farmers?

Answer:

As at February 28, 2002, premiums for the 2001 spot-loss hail program under Saskatchewan Crop Insurance are as follows:

Government of Canada	\$17,484,799
Government of Saskatchewan	\$17,484,799
Farmers	<u>\$23,313,066</u>
	\$58,282,664

Mr. Allchurch asked the Government Question No. 9, which was answered by the Hon. Mr. Nilson:

To the Minister of Health: Are retail outlets located on First Nations Reserves in Saskatchewan required to follow all the provisions of *The Tobacco Control Act* as passed by the Legislative Assembly and, specifically, are these outlets on First Nations Reserves prohibited from displaying tobacco products as outlined in this Act?

Answer:

Yes

MARCH 27, 2002

Mr. Hillson asked the Government Question No. 10, which was answered by the Hon. Mr. Sonntag:

To the Minister Responsible for SGI: Regarding Cellular Phone related motor vehicle accidents: In how many motor vehicle accidents was the use of a cellular phone a factor in the year 1999?

Answer:

The Traffic Accident Information Statistics (TAIS) program does not currently collect accident data concerning the use of cellular phones. Therefore, there is no data concerning this issue for 1999.

Mr. Hillson asked the Government Question No. 11, which was answered by the Hon. Mr. Sonntag:

To the Minister Responsible for SGI: Regarding Cellular Phone related motor vehicle accidents: In how many motor vehicle accidents was the use of a cellular phone a factor in the year 2000?

Answer:

The Traffic Accident Information Statistics (TAIS) program does not currently collect accident data concerning the use of cellular phones. Therefore, there is no data concerning this issue for 2000.

Mr. Hillson asked the Government Question No. 12, which was answered by the Hon. Mr. Sonntag:

To the Minister Responsible for SGI: Regarding Cellular Phone related motor vehicle accidents: In how many motor vehicle accidents was the use of a cellular phone a factor in the year 2001?

Answer:

The Traffic Accident Information Statistics (TAIS) program does not currently collect accident data concerning the use of cellular phones. Therefore, there is no data concerning this issue for 2001.

Mr. Wiberg asked the Government Question No. 14, which was answered by the Hon. Mr. Thomson:

To the Minister responsible for SPMC: (1) What percentage of the building located at 800 Central Avenue in Prince Albert is leased by Saskatchewan Property Management Corporation? (2) How many square feet does this represent? (3) What portion of the government lease is presently vacant? (4) What is the per square foot cost of this lease?

Answer:

- (1) 100%
- (2) 132,075 square feet
- (3) 0.8%
- (4) SPMC does not release the financial information on its leases. This policy has been in place for 25 years. In the interest of negotiating leases most advantageous for Saskatchewan taxpayers, SPMC's policy is based on the following:

- The information might affect landlords in their negotiations and relationships with other tenants.
- Since SPMC is a large tenant in many communities and the information might affect market conditions in those communities. SPMC believes it should attempt to follow market conditions rather than lead them.

Mr. Gantefoer asked the Government Question No. 15, which was answered by the Hon. Mr. Nilson:

To the Minister of Health: (1) How many public health inspector positions are currently vacant and in what communities? (2) In respect to these vacancies, what inspection services are not being completed in the communities where these positions are unfilled?

Answer:

(1) Currently, there are 61.4 inspector positions filled out of 71 total positions. The vacancies are in the communities of:

- Lloydminster & Meadow Lake (Battlefords HD)
- Swift Current (Swift Current HD)
- Esterhazy & Kamsack (E Central HD)
- Assiniboia (Moose Jaw HD)
- Regina (Regina HD).

The vacancies include: 2 long-term disabilities, 2 paternity leaves, 1 maternity leave and 1 worker's compensation leave taken during 2001-2002.

(2) Routine inspections are being completed in restaurants and in high-traffic areas like swimming pools, and tourist camps. Communicable disease investigations, including the examination of public drinking water, are also being carried out. As well, plumbing and sewage disposal systems are undergoing routine inspections. Tobacco control officers are also designated by Saskatchewan Health to enforce the provisions of *The Tobacco Control Act*. Currently, inspections of establishments such as retail food stores with no on-site preparation, barber shops and beauty parlours are being done on a complaint basis.

MARCH 28, 2002

Mr. Kwiatkowski asked the Government Question No. 16, which was answered by the Hon. Mr. Osika:

To the Minister of Municipal Affairs: What are the names of the 10 communities ahead of Perdue for funding under the Canada-Saskatchewan infrastructure program?

Answer:

The names of the 10 communities rated ahead of Perdue for funding under the Canada-Saskatchewan Infrastructure Program are Alsask, Broderick, Porcupine Plain, Delisle, Tobin Lake, Martensville, Leader, Goodsoil, St. Victor and Langenburg.

Mr. Kwiatkowski asked the Government Question No. 17, which was answered by the Hon. Mr. Belanger:

To the Minister of Saskatchewan Environment and Resource Management: (1) How many times in the past year did any municipality report discharges of raw sewage into any waterbody to SERM as required by provincial regulation? (2) What were the dates of these reported discharges?

Answer:

- (1) During the past year, six spills were reported to the department. From time to time, it is a normal occurrence for sewage collection systems to become overloaded as a result of heavy rainfall in the area. This is not a problem with the sewage collection system but rather realization that the volume of water that may enter a sewage system, during such events as thunderstorms, is not always predictable. The department monitors these events to ensure that the cause of the sewage spill was not a result of man made or mechanical equipment failure.
- (2) The dates of these discharges were as follows: May 30, June 20, July 4, July 16, July 22, July 25.

Mr. Kwiatkowski asked the Government Question No. 18, which was answered by the Hon. Mr. Belanger:

To the Minister of Saskatchewan Environment and Resource Management: (1) In the current fiscal year, which Saskatchewan municipal drinking water supplies have failed to meet with provincial standards? (2) What are the compliance rates of all municipalities required to provide water samples for testing?

Answer:

- (1) Currently, there are 33 communities that do not meet the treatment requirement. The department and other agencies are working with these communities to resolve problems. With help from the Canada-Saskatchewan Infrastructure Program, many of these communities are in a process of installing the required treatment process. Other communities are either evaluating options or waiting for the completion of design studies. Boil advisories have been issued for these communities, while the water quality issues are being resolved.
- (2) We have not completed our compliance review for the 2001 to 2002 fiscal year. The compliance rates for the period of April 1, 2000 to March 31, 2001 are indicated in a report entitled "Drinking Water Compliance Report 2001."

Mr. Kwiatkowski asked the Government Question No. 19, which was answered by the Hon. Mr. Belanger :

To the Minister of Saskatchewan Environment and Resource Management: (1) Which Saskatchewan communities are currently under a precautionary boil water order and/or a boil water advisory? (2) In each instance, what is the reason for the advisory/order?

Answer:

Answer was tabled and pursuant to Rule 43(1) converted by the Clerk to Return No. 15 by reason of its length.
(Sessional Paper No. 21)

Mr. Wiberg asked the Government Question No. 20, which was answered by the Hon. Mr. Thomson:

To the Minister responsible for Saskatchewan Property Management Corporation: (1) How many square feet does SPMC lease at 1084 Central Avenue in Prince Albert on behalf of Saskatchewan Economic and Cooperative Development? (2) Further to that, what does SPMC pay for this lease on a square foot basis?

Answer:

- (1) 668 square feet
- (2) In the interest of negotiating leases most advantageous for Saskatchewan taxpayers, SPMC does not release the financial information on its leases. This policy has been in place for 25 years.

Mr. Wall asked the Government Question No. 21, which was answered by the Hon. Mr. Sonntag:

Mr. Kwiatkowski asked the Government Question No. 73 which was answered by the Hon. Ms. Lorjé:

To the Minister responsible for the Environment: Of the 10 municipal inspectors that are to be hired by your department this next fiscal year: (1) What is the anticipated start date for these inspectors? (2) In which community will each of the 10 be based? (3) Which regions of the province will each inspector be responsible for? (4) What is the nature and scope of their job duties and does this include water testing? (5) Has your department made certification mandatory for all 10 of these positions and, if not, why not?

Answer:

- (1) Mid-summer.
- (2) Six of the new staff will be dedicated to inspection activities across Saskatchewan Environment's Eco-regions. One new FTE will be assigned to work with Saskatchewan Environment's Data Management Unit in Regina on the integrated water information system. Two new FTE's will be located in Regina to work within the Drinking Water Management Section on drinking water programming, coordination, inspection, policy and protocols, implementation and reporting. The final one FTE will be a position transfer from Sask Water to be located in Regina and work on waterworks construction approvals.
- (3) Inspectors will be located as follows: two FTE's will be allocated to the Grasslands Eco-region; one FTE to the Parkland Eco-region; one FTE to the East Boreal Eco-region; and one FTE to the Boreal Shield Eco-region. One FTE for Regional Services will be used by the five Eco-regions to act as a training component for the program.
- (4) New inspectors located in Eco-regions will be assigned responsibilities for waterworks and sewage works inspection, assessment, and regulatory application. Water testing will be conducted using field instruments for on-site testing as a means to ensure accurate information is being collected by waterworks operators, as required by operating permits. Information collected using field instruments by SE inspectors can be readily compared to that obtained by the waterworks operator. Example parameters in this regard will include total and residual chlorine concentrations and turbidity.
- (5) Saskatchewan Environment will require that all staff members who inspect waterworks obtain training which will provide them with qualifications required to perform their job functions.

Ms. Bakken asked the Government Question No. 74 which was answered by the Hon. Mr. Osika:

To the Minister responsible for Liquor and Gaming: Of the updated VLTs that supposedly identify problem gamblers and are due to replace existing VLTs this fall: (1) How many different styles did the government consider for use? (2) What was the price of each brand? (3) Which style was chosen for use in the replacement program and on what basis was it chosen? (4) What is the anticipated total cost to replace Saskatchewan's current network of VLTs with the new models? (5) Who will bear the costs of the replacement program?

Answer:

The Video Lottery Terminals (VLTs) and central computer systems are currently 8 years old, exceeding their useful life by 3 years and are in need of replacement.

- (1) An RFP for the replacement of the VLTs was issued in October 2000. Seven proposals were received from which five were selected for further review and two models were chosen for replacement of the existing provincial VLT network.
- (2) The two models chosen were Spielo PowerStation 5, unit cost including taxes is approximately \$12,500 and VLC model 8828, unit cost including taxes \$16,100.
- (3) All proposals were evaluated based on the following criterion: supplier expertise, replacement of VLT existing functionality, enhancement objectives, VLT specifications, implementation, documentation and training and use of sub-contractors.
- (4) The total estimated cost to purchase 4,200 VLTs, 3,600 for the existing network, 400 additional VLTs recently announced, and 200 for inventory (to replace damaged VLTs etc.) will not be known until final negotiations are completed.
- (5) The VLTs will be amortized over 5 years (anticipated useful life) and will be deducted from VLT revenue.

MAY 3, 2002**Mr. Weekes asked the Government Question No. 146, which was answered by the Hon. Ms. Higgins:**

To the Minister of Labour: What conditions would justify a union rejecting a qualified worker from attaining a membership within a said union, and further to that, what avenues of appeal are available to workers in this situation?

Answer:

The internal affairs of trade unions, such as requirement and maintenance of membership, discipline, etc. are governed by constitutions adopted by the membership.

Section 18 of *The Saskatchewan Human Rights Code* states that a trade union cannot exclude any person from full membership or expel, suspend or otherwise discriminate against any of its members, or discriminate against any person in regard to employment by any employer on the basis of a prohibited ground. Prohibited grounds

include: race, creed, religion, colour, sex, sexual orientation, family status, marital status, disability, age, nationality, ancestry or place of origin or receipt of public assistance.

In situations involving an employee, section 36.1 of *The Trade Union Act* states that employees have the right to the application of the principles of natural justice in respect of all disputes between an employee and a trade union relating to matters in the constitution of a union. Section 36.3 states that no employee shall unreasonably be denied membership in a trade union.

If an individual is not an employee and is seeking membership in a trade union, as is sometimes the case in the construction industry, the issue of membership would likely be addressed through the constitution of that particular union. A union's constitution may, for example, outline a process of appeal that individuals may pursue should he/she believe the denial of membership at the local level is unreasonable.

Generally, should an employee or individual believe that the denial of membership in a trade union is unreasonable, he/she may: 1) pursue the issue internally as provided for in the constitution of the union; 2) file an Unfair Labour Practice application with the Labour Relations Board; or 3) seek legal council to determine his/her course of action.

Ms. Harpauer asked the Government Question No. 147, which was answered by the Hon. Mr. Cline:

To the Minister of Finance: Are silage trucks in the alfalfa-dehy industry in Saskatchewan required to use clear fuel or can they use farm fuel?

Answer:

Alfalfa dehydrators may use marked diesel fuel in their silage trucks when registered as an F-class vehicle and used in the company's own farming operation. Companies are permitted to use F-class vehicles (and therefore marked diesel fuel) to haul silage from the field to the plant. However, they are not allowed to use F-class vehicles to transport the processed product from the plant.

To the Minister of Government Relations: (1) How many houses were relocated in Saskatchewan in the year 2000 under the Housing Authority Program? (2) And further to that, where were these houses relocated from and where did they go?

Answer:

The Housing Authority Program does not fall under the purview of the Minister of Government Relations.

MAY 15, 2002**Mr. Brkich asked the Government Question No. 193, which was answered by the Hon. Mr. Nilson:**

To the Minister of Health: What factors are considered when determining the percentage of income nursing residents are charged?

Answer:

The income-tested resident charge is established through *The Special-care Homes Rates Regulations of The Housing and Special-care Homes Act*. The basis for the current formula was established in 1992, and currently is the standard resident charge (\$828) plus 50% of the portion of the resident's income above \$994 to a maximum of \$1,561. The \$994 is the minimum amount of income that a single senior in a long-term care facility would receive through federal and provincial social safety net programs (OAS/GIS/SIP).

Mr. Brkich asked the Government Question No. 194, which was answered by the Hon. Mr. Nilson:

To the Minister of Health: How does the government collect monthly nursing home fees from residents?

Answer:

Health districts and/or long-term care facilities collect the fees that have been established by Saskatchewan Health.

Mr. Brkich asked the Government Question No. 195, which was answered by the Hon. Mr. Nilson:

To the Minister of Health: What criteria is used to calculate the actual cost of providing housing and care for a nursing home resident and how is this criteria used to calculate the actual cost per resident?

Answer:

The cost is established from the funding provided for long-term care services by the government, as indicated in the Saskatchewan Budget Estimates, plus the estimated revenue that is expected to be collected through the income-tested resident charge. This total is then divided by the number of residents receiving long-term care in Saskatchewan at March 31st of a given year. This results in the provincial average cost of housing and care per resident.

Mr. Elhard asked the Government Question No. 196, which was answered by the Hon. Mr. Thomson:

To the Minister responsible for the Saskatchewan Property Management Corporation: (1) Can the Minister please provide the complete details of expenses incurred to date in the construction of the new Department of Highways facility located at Morse? (2) As well, what further expenses does the department expect to incur related to the completion of this office; and how this facility is being financed by Saskatchewan Property Management Corporation? (3) Further to that, can the Minister please provide the cost per year that will be charged to the Department of Highways?

Answer:

(1) \$607,462.08 is the total cost which included the following:

- Design \$ 57,844.99
- Construction \$ 548,848.92
- Tender Ad. \$ 768.10

Construction Costs:

• Mobilization	\$ 40,712.00
• Excavation and backfill	\$ 23,840.00
• Concrete & Foundation	\$ 96,243.00
• Doors & Frames/Drywall/	\$ 76,889.00
• Rough Carpentry/Flooring/	
• Painting/Specialties	
• Pre Engineered Building	\$ 155,017.00
• Mechanical	\$ 108,363.00
• Electrical	\$ 47,784.92
Total Construction Cost	\$ 548,848.92

- (2) Exterior painting and other seasonal work is estimated at \$1,800. Financing for this project came from the Department of Highways' Capital Projects Budget for 2001/2002 fiscal year.
- (3) SPMC does not release lease information.

Mr. Weekes asked the Government Question No. 198, which was answered by the Hon. Ms. Higgins:

To the Minister of Labour: What recommendations were made by Saskatchewan Occupational Health and Safety following the May 25, 2001 accident at Allen Potash Mine, and on what date were these recommendations implemented?

Answer:

On July 31, 2001, the Occupational Health and Safety Division's (OHSD) Mine Safety Unit issued three directions to PCS Allan Potash Mine in the form of a Notice of Contravention. On the same day, the OHSD issued an Officer's Report. It contained a summary of the accident, the OHSD preliminary findings as to its cause and recommendations to the same effect as the contravention notices.

The first Notice directed the employer to ensure compliance with its duty, contained in section 414.04 of *The Mines Regulations*, to take effective steps to secure the roof and sides in underground areas where workers work. In practice this is achieved by ensuring workers scale and sound their entire work area before commencing work. Sounding is a method of identifying unstable ground by tapping the roof and sides with a bar. Unstable ground is then marked, scaled or bolted. Scaling involves prying down visibly unstable pieces from the roof and sides.

The second Notice directed the employer to ensure compliance with its duty, contained in section 412.06(b) of *The Mines Regulations*, to ensure all operations at a mine are adequately supervised. The Notice specifically directed the employer to ensure supervision was adequate to ensure workers sounded their entire work area.

On August 13, 2001, PCS Allan provided the OHSD with a report of the action it took to ensure compliance with these Mines regulations.

The third Notice was issued by the Chief Mines Inspector (CMI) pursuant to the authority granted him by section 410.06(4) of *The Mines Regulations*. It directed PCS Allan to supply a report by a competent engineer on measures required to ensure all jogs and ledges left by uneven cutting of the mine roof remain safe. On October 31, 2001, PCS Allan provided the CMI with the engineer's report and by that date had implemented the recommendations in the report.

Ms. Harpauer asked the Government Question No. 199, which was answered by the Hon. Mr. Serby:

To the Minister of Agriculture, Food and Rural Revitalization: (1) How many agricultural producers lease Crown Land? (2) And further to that, how many of those producers are cattle producers?

Mr. Weekes asked the Government Question No. 201, which was answered by the Hon. Mr. Sonntag:

To the Minister responsible for Crown Investments Corporation: Of the 2,137 customers that have cancelled their business with SaskEnergy between October 1, 2001 and April 30, 2002, and chosen another Saskatchewan natural gas supplier, what percentage is this of SaskEnergy's total non-residential customer base?

Answer:

5.8%

Mr. Weekes asked the Government Question No. 202, which was answered by the Hon. Mr. Sonntag:

To the Minister responsible for Crown Investments Corporation: Of the 2,137 customers that have cancelled their business with SaskEnergy between October 1, 2001 and April 30, 2002, and chosen another Saskatchewan natural gas supplier; how much does this translate in terms of lost gross revenue and of lost sales volume for SaskEnergy?

Answer:

Since SaskEnergy does not earn a profit margin on commodity sales, its sales revenue and cost of gas decrease by an equal amount.

Mr. Huyghebaert asked the Government Question No. 207, which was answered by the Hon. Mr. Sonntag:

To the Minister responsible for Crown Investment Corporation: (1) What is the detailed breakdown of all out-of-province travel undertaken by SaskEnergy President Ron Clark in 2001? (2) Were any of the President of SaskEnergy's out-of-province travel expenses in 2001 covered by subsidiaries of SaskEnergy and, if so, what are the details of those expenses? (3) Who accompanied Mr. Clark on these trips?

Answer:

- (1) Mr. Clark's out-of-province travel expenses can be detailed into the following categories:
Amount related to executive involvement in industry, professional associations and company commitments, including:
 - Canadian Gas Association (1st Vice Chair, Board of Directors)
 - Canadian Energy Pipelines Association (Chairman of the Board of Directors)
 - Conference Board of Canada (Member, Board of Directors)
 - National Aboriginal Achievement Organization (Member, Board of Directors)

\$40,393.30

Business meeting/conferences with other natural gas/energy companies within Canada (TransCanada Pipelines, Enbridge, Altagas, etc.)

\$11,530.87

Travel related to exploration of natural gas distribution opportunity in Nova Scotia

\$12,518.93

Travel related to SaskEnergy's investment in Gas Sur S.A., a Chilean natural Gas company (*)

\$17,616.26

(*) Total travel to Chile of \$26,912.77 was reduced by credits paid by Gas Sur S.A. of \$9,296.51 for Mr. Clark's attendance at two Board meetings. These credits were not included in the original release of travel expenses to the Crown Corporations Committee.

- (2) On June 22-23, Mr. Clark along with CEOs representing nine other Canadian energy companies were personally invited by Mexican President Vicente Fox to meet at his residence to discuss Canada's potential involvement in Mexico. Total costs for the travel was \$16,683.82, paid for by SaskEnergy International. This travel was offset by an additional \$27,196.45 in travel credits by SaskEnergy International for attendance at Gas Sur S.A. Board meeting, for a net credit of \$10,512.63. This credit was also not used in the original release travel expenses to the Crown Corporations Committee.

- (3) On company business, Mr. Clark travels with professional colleagues on those occasions where they are required to join him as part of the corporation's involvement in industry initiatives or business investments. For example:

Daryl Posehn, Vice President, TransGas, accompanied Mr. Clark on certain meetings of the Canadian Energy Pipeline Association.

Dean Reeve, Vice President, Business Development, accompanied Mr. Clark on certain flights to Calgary.

David Easton, Vice President, SaskEnergy International, accompanied Mr. Clark on trips to Chile.

Dean Reeve, Harvey Fedyk, Manager of New Business Development, TransGas and Kathy Peter, Team Leader, Marketing and Business Development accompanied Mr. Clark on trips to Nova Scotia.

Mr. Brkich asked the Government Question No. 210, which was answered by the Hon. Mr. Belanger:

To the Minister Responsible for the Environment: (1) Have the following two sections of land, NW $\frac{1}{4}$ and SW $\frac{1}{4}$ Section 1-22-27 W2nd, R.M. of Craik No. 222; and South $\frac{1}{2}$ of Section 5-22-26 2nd, R.M. of Sarnia No. 221 (Holdfast) ever been open for grazing in the past? (2) And further to that, will these two sections be open for grazing in the year 2002, if not, why?

Answer:

The W $\frac{1}{2}$ of Section 1-22-27 W2nd, R.M. of Craik No. 222 is part of the Lovering Lake Recreation site and has not been open for grazing in the past. A management plan will be required before any grazing can be considered on these lands.

The S $\frac{1}{2}$ of Section 5 -22-26 W2nd, R.M. of Sarnia No. 221 was part of a recent purchase by the Fish and Wildlife Development Fund for wildlife habitat purposes in June, 2001. These lands are also associated with Lovering Lake. Saskatchewan Environment (SE) will not be making this $\frac{1}{2}$ section available for grazing this summer because these lands were continuously grazed prior to purchase, as well as last year in conjunction with an emergency drought program.

To the Minister of Crown Investments Corporation: (1) Does SaskTel Mobility undertake measures to continuously test the clarity and reliability of its cellular network in Saskatchewan? (2) What measures are undertaken to do so?

Answer:

- (1) Yes
- (2) The entire network of cell sites (analog and digital) within Saskatchewan are connected and alarmed back to the host central office switches located within the SaskTel Operations Center at West Wire in Saskatoon and are monitored 24 hours per day, 365 days per year.

Performance of the network for both reliability and quality of service is monitored and analyzed on a continual basis by the technicians within the Operation Center. Each switch is equipped with monitors, which reflect alarms on any equipment failure provincially. The major network elements are fully redundant for reliability. The switches produce operational measurements and logs, which indicate call quality or network reliability.

For call quality, several operational measurements and logs generated by the switches are used for analysis. There are logs and operational measurements automatically generated should there be a problem with noise levels, calls dropping or poor call quality due to poor site coverage within a particular area of the province.

Mr. Brkich asked the Government Question No. 320, which was answered by the Hon. Mr. Sonntag:

To the Minister responsible for the Crown Investments Corporation: (1) How many communities has SGI eliminated services which provide Class 1-A drivers license testing? (2) Further to that, how many more communities will SGI eliminate from offering this testing?

Answer:

- (1) Class 1-G road tests, which are for travel trailers and fifth wheel trailers, will continue to be provided in these locations. However, as of June 1, 2002 SGI eliminated Class 1 (which includes Class 1-A*) road tests in Outlook, Watrous, Gravelbourg, and Davidson as of June 1, 2002.

These four communities were eliminated due to difficulty in meeting the minimum requirements for a Class 1 test route. Saskatchewan's Class 1 licence is recognized across Canada and the Unites States, and must ensure that the driver is able to handle a large vehicle in many types of traffic circumstances. These four locations do not provide the necessary challenges to properly conduct Class 1 road tests.

(2) SGI, currently has no plans to reduce Class 1 testing in any other communities.

* 'A' means air brake endorsement

If not, who made the decision as to which companies were invited to submit a bid?

Answer:

Blue Box disposal bins are not purchased for the provincial government by Saskatchewan Environment.

Ms. Draude asked the Government Question No. 449, which was answered by the Hon. Mr. Melenchuk:

To the Minister of Learning: Regarding the Associate School operated by the Province of Saskatchewan located in Hong Kong referenced on Saskatchewan Learning's "Indicators" report: (1) Does the Province of Saskatchewan receive any income from this school? If so, how much? (2) In 2002, did any employees of Saskatchewan Learning travel to Hong Kong on business related to this school? If so, which employees and what were the costs associated with these trips? (3) Are there any other Associate schools other than the one in Hong Kong? If so, where are they?

Answer:

Christian Alliance P.C. Lau Memorial International School is an accredited independent school registered with the Province of Saskatchewan.

- (1) The Province of Saskatchewan receives a fee for services provided. During the 2002-03 fiscal year, the fee for service will be approximately \$17,000.
- (2) Each school year, the department inspects and supervises the off-shore school. In fiscal year 2002-03, Mary Ann Churko, Director, Independent Schools Unit, supervised the school for the 2002-03 school year.

There was no cost to the Department of Learning. The fee for service agreement covers all costs to the Province of Saskatchewan.

- (3) In September 2002, a second off-shore independent school in Rio de Janeiro, Brazil registered with Saskatchewan Learning.

Mr. Kwiatkowski asked the Government Question No. 460, which was answered by the Hon. Mr. Cline:

To the Minister of Finance: (1) What are the names of all separately identified and/or separately named funds administered directly or indirectly by your department? (2) How many of these funds had surplus and/or retained earnings at the conclusion of their most recent completed fiscal year? (3) Which of these funds had some or a portion of their surpluses taken away through government action and how much money was affected in each case? (4) In each case, where the government took some or all of the surplus of one of these funds, what is the money being used for? (5) What programs previously paid out of the departmental budget are now being paid with the surpluses of one of these funds? (6) Which positions in the public service that were being funded through the departmental budget are now being funded through one of these funds or with the proceeds from these funds?

Answer:

- (1) Funds administered directly or indirectly by the Department of Finance are:

Pension Plan Funds:

- Saskatchewan Pension Plan Contribution Fund;
- Saskatchewan Pension Plan Annuity Fund;
- Public Employees Pension Plan;
- Municipal Employees Pension Plan;
- Liquor Board Superannuation Plan;
- Workers' Compensation Board Superannuation Plan;
- Saskatchewan Transportation Company Superannuation Plan;
- Judges of the provincial Court Superannuation Plan; and,
- Saskatchewan Pension Annuity Fund.

Benefit Plan Funds

- Public Employees Group Life Insurance Plan;
- Public Employees Dental Plan;
- Public Employees Extended Health Care Plan;
- Public Employees Extended Health Care Plan for Certain Other Employees;
- Public Employees Disability Income Plan;
- Public Employees Deferred Salary Leave Plan;

- SaskPower Supplementary Superannuation Plan;
- Government of Saskatchewan and Saskatchewan Government and General Employees' Union Benefit Plans' Surplus Fund;
- Government of Saskatchewan and Canadian Union of Public Employees Local No. 600-3 Benefits Plans Surplus Fund;
- Extended Health Care Plan for Retired Employees;
- Extended Health Care Plan for Certain Other Retired Employees; and,
- SaskPower Millennium Trust Fund.

Other Funds

- Municipal Financing Corporation of Saskatchewan (MFC);
- Education and Infrastructure Financing Corporation (EIFC);
- Sinking Funds;
- Environmental Protection Reserve; and,
- Fiscal Stabilization Fund.

- (2) All of the pension and benefit plans had Net Assets at year-end; some of the pension plans may have actuarial surpluses at year-end.

MFC had retained earning at the end of its most recent fiscal year.

EIFC commenced operations in 2002-03, so it had neither a surplus nor retained earnings in a previous period.

Sinking Funds – At March 31, 2002, sinking funds were \$916.9 million. Sinking funds are established to ensure the orderly retirement of government and Crown corporation debt and can be paid out only to retire the associated debt. These funds are invested in government fixed term paper until needed to retire debt. During 2001-02, the Province and Crown corporations contributed \$82.0 million to the sinking funds and withdrew \$101.1 million to retire debt. The fund earned \$55.5 million. For more information please see Schedule 7 of the 2001-02 General Revenue Financial Statements (page 28).

The Environmental Protection Reserve was created to provide contingency funding to mitigate unforeseen environmental problems relating to uranium mining. The reserve is maintained at its March 31, 1992 balance of \$11.9 million. The fund makes short-term investments during the year and pays all earnings into the general revenue fund.

- (3) None of the funds administered by the Department of Finance had a portion of their surpluses taken away through government action.

Any amounts transferred out of the Fiscal Stabilization Fund are returned to the General Revenue Fund in accordance with Sections 8 and 9 of *The Fiscal Stabilization Fund Act*.

(5) What programs previously paid out of the departmental budget are now being paid with the surpluses of one of these funds? (6) Which positions in the public service that were being funded through the departmental budget are now being funded through one of these funds or with the proceeds from these funds?

Answer:

- (1) SAFRR is responsible for the following funds:
 - Agricultural Credit Corporation of Saskatchewan
 - Agricultural and Food Products Development and Marketing Council
 - Agricultural Implements Board
 - Agri-Food Equity Fund
 - Agri-Food Innovation Fund
 - Beef Development Fund
 - Cattle Marketing Deductions Fund
 - Horned Cattle Fund
 - Livestock Services Revolving Fund
 - Milk Control Board
 - Pastures Revolving Fund
 - Prairie Agricultural Machinery Institute
 - Saskatchewan Agricultural Stabilization Fund
 - Saskatchewan Crop Insurance Fund including the Crop Reinsurance Fund of Saskatchewan

The utilization of funds in each of the above outlined funds is reported in the annual reports of the funds.

To the Minister of Environment: (1) What are the names of all separately identified and/or separately named funds administered directly or indirectly by your department? (2) How many of these funds had surplus and/or retained earnings at the conclusion of their most recent completed fiscal year? (3) Which of these funds had some or a portion of their surpluses taken away through government action and how much money was affected in each case? (4) In each case, where the government took some or all of the surplus of one of these funds, what is the money being used for? (5) What programs previously paid out of the departmental budget are now being paid with the surpluses of one of these funds? (6) Which positions in the public service that were being funded through the departmental budget are now being funded through one of these funds or with the proceeds from these funds?

Answer:

- (1) The following four funds are administered directly by Saskatchewan Environment:
 - Commercial Revolving Fund (CRF)
 - Fish and Wildlife Development Fund (FWDF)

- Forest Fire Contingency Fund (FFCF)
 - Resource Protection and Development Revolving Fund (RPDRF)
- (2) All 4 Funds
 - (3) Additional eligible expenditures of \$1.638 million that were paid for within the department's budget will be paid for from FWDF funds in 2002-03.
 - (4) The funds in the FWDF will be used to pay for a variety of eligible fish and wildlife related work in the regions and to fund a portion of the costs directly associated with the administration of the FWDF.
 - (5) The Aerial Survey Inventory Program was paid out of the department's budget prior to 2001-02. Revenue increases to the FWDF in recent years have resulted in the opportunity to pay the grant to the former Saskatchewan Wetlands Conservation Corporation (SWCC) from FWDF funds in the current year.
 - (6) A portion of the following positions that were funded within the department's budget are being funded out of the FWDF budget in the 2002-03 fiscal year:
 - 7 Regional Fish and Wildlife Technicians
 - 3 Regional Fish Specialists
 - 4 Regional Wildlife Specialists
 - 1 Manager of Habitat Conservation
 - 1 Land Use Planner
 - 4 FWDF Administration Positions

Only a portion of these salaries are being funded out of the FWDF as they have some non-fund related responsibilities.

Mr. Elhard asked the Government Question No. 471, which was answered by the Hon. Mr. Melenchuk:

To the Minister responsible for Learning: (1) In the year 2002, how many government-owned or leased vehicles have been made available to the Saskatchewan Institute of Applied Science and Technology (SIAST) for the use of its employees? (2) How many of these vehicles have been painted with special effects and/or logos for the purpose of advertising this institution? (3) Does the minister sanction the practice of purchasing personalized license plates for these government-owned vehicles? (4) What has been the cost of this project in dollars and in-kind services?

Answer:

- (1) In total, SIAST (which consists of the administration office and four campuses) has access to 53 CVA vehicles.
- (2) In 2002, six of these 53 CVA vehicles are PT Cruisers with paint jobs and decals promoting SIAST, two at Wascana Campus, one at each at Woodland, Palliser and Kelsey campuses and one at the administration office. These cars are made available to all SIAST employees, however, SIAST encourages their use especially for student recruitment and marketing events. Five PT Cruisers were acquired in the 2001 calendar year and one was acquired in the 2002 calendar year.
- (3) SIAST is an independent, autonomous organization and operating decisions they make, are not dictated by the provincial government. SIAST is governed by a board of directors and management team. There is no cost to Learning or SPMC. All costs are borne by the lessee (the institutions) as part of their operations. If SIAST's management has determined that this is an effective marketing tool and a prudent expenditure, I will trust their judgement. The two vehicles at Wascana Campus have personalized license plates (SIAST 1 and SIAST 2) at a cost of \$75 per vehicle.
- (4) Four were painted at a Regina auto body shop at a cost of \$6,490; two were painted through the Autobody Program at SIAST Kelsey Campus. The total cost of decals was \$3,190. Net of SIAST's GST rebate, the final cost to SIAST was approximately \$9,165, which includes any donated paint work. By way of comparison, the placement of one normal sized ad in all Saskatchewan newspapers costs in excess of \$10,000. The SIAST PT Cruisers are cost-effective "communications vehicles".

- (2) CVA obtains vehicles from dealers and provides them to the institution (lessee) in an "as is" condition. Any special painting or logos are added by the institution at the institution's expense. (The institution can ask for certain colours of vehicles to be acquired for them). When the institution returns the vehicles to CVA at the end of the lease they have to be in a saleable condition (i.e. all special painting and decals removed/painted over). Again, this is at the institution's expense.
- (3) CVA provides the vehicles in a licensed condition and that is built into the lease costs. If the institution wants a personalized licence plate, they can request it and CVA will obtain it but the cost is billed to the institution.
- (4) There is no cost to Learning or SPMC. All costs are borne by the lessee (the institutions) as part of their operations. The university is an independent, autonomous organization and operating decisions they make, are not dictated by the provincial government.

To the Minister responsible for SaskWater: (1) What is the current status of SaskWater lawsuits involving IPSCO? (2) If the matter has been resolved, what were the terms of the settlement?

Answer:

The litigation between IPSCO and Sask Water has been settled through negotiation and as agreed between the parties, the terms of settlement are confidential.

Mr. Weekes asked the Government Question No. 491, which was answered by the Hon. Ms. Higgins:

To the Minister of Labour: How many employers in the province who have ten employees or more, currently do not have health and safety committees set up?

Answer:

The Department estimates that approximately 8,000 provincially regulated employers in Saskatchewan have ten or more employees. Of those 8,000, as of March 31, 2002, 3,935 Occupational Health Committees have been established, covering about 60 percent of the Saskatchewan workers in workplaces of ten or more.

The Department has a system in place and resources dedicated to identify workplaces without Occupational Health Committees and to ensure committees are established at these workplaces as required. The system places a priority on approaching the larger and higher-hazard industry employers.

Occupational Health Committees perform an important role. The Provincial Auditor confirmed in his *Spring 2002 Report* that the Department uses Occupational Health Committees as an efficient way to enforce workplace safety.

Since 1995, the Department has assisted in the establishment of 2,419 committees, or more than 300 each year. The Department, employers and workers continue to work together cooperatively and collaboratively to identify workplaces that require Occupational Health Committees.

Mr. Allchurch asked the Government Question No. 492, which was answered by the Hon. Mr. Lautermilch:

To the Minister of Industry and Resources: (1) Is it the 2002 policy of the provincial government to advise or require the FMA partners to only take hardwood forest products from the provincial forest? (2) If this policy is in place, is it designed to increase stumpage income for the province? (3) If not, what would be the reason?

Answer:

- (1) The content of Forest Management Agreements (FMA) is established in law in *The Forest Resources Management Act*. In the interests of sound forest management and good economics, the province requires that both hardwood and softwood species be harvested simultaneously. Individual forest products manufacturers will have a preference for hardwood or softwood depending on their end product. The harvest is in effect sorted, with softwood directed primarily to sawmills and hardwood directed primarily to Oriented Strand Board and pulp mills.
- (2) Integrating the hardwood and softwood harvests is not related to stumpage.
- (3) The integration of both hardwood and softwood allows for good utilization of the forest resource and, at the same time, minimizes the cost of reforestation.

Mr. Allchurch asked the Government Question No. 493, which was answered by the Hon. Mr. Belanger:

To the Minister of Environment: (1) Is it the 2002 policy of the provincial government to advise or require the FMA partners to only take hardwood forest products from the provincial forest? (2) If this policy is in place, is it designed to increase stumpage income for the province? (3) If not, what would be the reason?

Answer:

- (1) There is no 2002 government policy that requires Forest Management Agreement (FMA) companies to take only hardwood forest products from the provincial forest. Ideally, we want to achieve the optimum utilization of our sustainable forest resources, hardwood and softwood. Having said that, the terms of all existing FMAs in Saskatchewan require the utilization of both hardwood and softwood timber from a company's management area. Recently, there have been Term Supply Licences negotiated with forest companies for the express purpose of utilizing surplus sustainable hardwood volumes in the province. Examples of the species-specific projects include the Tolko Oriented Strand Board Plant in Meadow Lake, and the proposed Northwest Communities value-added hardwood sawmill complex in Beauval.
- (2) Anytime that a forest company can process an underutilized sustainable resource, there will be stumpage to the province not previously realized. However, the real wealth to the province in utilizing our sustainable forest resources is created through job creation and community well-being.
- (3) Not applicable.

Mr. Allchurch asked the Government Question No. 494, which was answered by the Hon. Mr. Osika:

To the Minister of Government Relations: (1) What is the status of the proposed TLE land negotiations between the Pelican Lake First Nation and the Crown regarding the area west of Big River in the Otter Lake area? (2) Have third party interests been represented in these negotiations and what have been the results of those third party representations, if any? (3) What is the provincial government's position regarding the Carlton Trail, which passes through the proposed TLE land?

Answer:

- (1) There are two selections by the Pelican Lake First Nation west of the Big River. Only one selection is in the Otter Lake area and it is located adjacent to the west shore of Otter Lake. This land was made available for sale by the province most recently on July 9, 2001. Apart from the land being selected, no further negotiations have taken place. The land has been reselected by the First Nation and the province has until December 26, 2002 to advise if it will continue to make the land available for sale after the current freeze expires.
- (2) The Entitlement First Nation is responsible for initiating and negotiating discussions with the third parties in order to resolve any outstanding issues. The province had been advised by the First Nation that no negotiations have taken place.
- (3) Saskatchewan Highways and Transportation has advised that the Carlton Trail does not pass through this selection.

Mr. Allchurch asked the Government Question No. 495, which was answered by the Hon. Mr. Wartman:

To the Minister of Highways and Transportation: (1) What is the status of the proposed TLE land negotiations between the Pelican Lake First Nation and the Crown regarding the area west of Big River in the Otter Lake area? (2) Have third party interests been represented in these negotiations and what have been the results of those third party representations, if any? (3) What is the provincial government's position regarding the Carlton Trail, which passes through the proposed TLE land?

Answer:

There are no roadways issues impacting the selection identified in these questions. In this case the lands being selected are not within the surveyed township system therefore no original road allowances exist.

Saskatchewan Highways and Transportation has advised that the Carlton Trail does not pass through this selection.

Mr. Allchurch asked the Government Question No. 496, which was answered by the Hon. Mr. Axworthy:

To the Minister of Justice: (1) What is the status of the proposed TLE land negotiations between the Pelican Lake First Nation and the Crown regarding the area west of Big River in the Otter Lake area? (2) Have third party interests been represented in these negotiations and what have been the results of those third party representations, if any? (3) What is the provincial government's position regarding the Carlton Trail, which passes through the proposed TLE land?

Answer:

- (1) There are two selections by the Pelican Lake First Nation west of Big River. Only one selection is in the Otter Lake area and it is adjacent to the west shore of Otter Lake.
